Stories From Afar:

Stories from Afar Joseph E. Murphy, 2005 Five Stories from Afar Johan Geuzendam, 2015-01-05 Time reveals roses
Five newborns each receive a welcome letter from an ancestor These are the true stories of the five tribes as well as glimpses
into the past At the beginning of their lives they get a sense of their history with the letters The stories begin in 1878 and end
in 2009 How their parents were uprooted in their daily lives under the political social and economic conditions of the time
they can read about later You already know Before his retirement Johan Geuzendam 1940 wrote texts for college where he
worked as a teacher manager When he became a grandfather he began a new life which inspired him to include narratives in
his writings *Chinese Overseas* Chee-Beng Tan, Colin Storey, Julia Zimmerman, 2007 The issue of Chinese diaspora is a
fascinating phenomenon in the midst of globalism and there is a growing interest in studies of overseas Chinese not only
overseas but in China itself This volume the result of an international conference on Chinese overseas studies deals with
issues of research and documentation of Chinese migration and migrants It brings together the efforts of scholars and
librarians in examining the research and documentation of Chinese overseas Documentation must go hand in hand with
research and this book reiterates the need for greater cooperation between librarians and scholars In addition to discussion
on research and library and archival documentation the book also takes a look at Chinese overseas in different parts of the
world especially Southeast Asia and North America as well as South Africa and Cuba *Under Starry Eyes* Pasquale De
Marco, 2025-07-19 Embark on a celestial journey through the eyes of children from around the world in this captivating book
that explores the wonders of the night sky From the shimmering stars that twinkle above the Philippine Islands to the vibrant
constellations that dance across the African savanna each page of this book brings the night sky to life Learn about the
science behind these celestial objects as well as the myths and legends that have been woven around them throughout
history Discover the secrets of the solar system from the burning sun to the icy reaches of Pluto Explore the vastness of the
Milky Way galaxy home to billions of stars and countless planets And gaze out into the depths of space where galaxies collide
and black holes lurk This book is more than just a guide to the night sky It is an invitation to reconnect with your childlike
sense of wonder and curiosity It is a reminder that the universe is a vast and mysterious place and that we are all part of
something much bigger than ourselves With its stunning illustrations and engaging narrative this book is perfect for children
of all ages It is also an excellent resource for parents and teachers who want to teach children about astronomy and the
wonders of the natural world So come with us on a journey to the stars and beyond Let this book be your guide as you
