African Folktales Greg Uche, 2006 This children s storybook contains five African folktales The first story explains How the Tortoise Got Its Rough Shell The animals had a summit with the supreme being Eke in the sky Greed and lack of altruism cost the Tortoise dearly as he crash landed onto the roof of his hut from the sky His broken shells were mended by Snail but the result was a tortoise with rough shells Altruism and concern for others are the morals of this story The second story which extols the pride of motherhood is on The Farmer Who Buried His Mother Alive Donealot the successful farmer had no choice other than to bury his persistently sick mother in the evil forest at night with the help of his friend Conscience The spirits of the evil forest brought his mother back home to a remorseful son with a sobering message You can never do enough for your mother Encounters of the Lion and the Tortoise is the third story In two separate incidents Tortoise outwits Lion The animals that were on their way to work for Lion never got there Instead Tortoise intercepted and entertained them all day with his melodious music Wiseone the youngest son of Tortoise survived a murder attempt by Lion Agunta Lion s son was killed instead Wiseone returns home to a heroic welcome with a reminder to all of us that wits usually prevail over raw strength and that slow and steady wins the race The story of The Two Mischievous Brothers describes how two brothers Kofi and Uka conspired to swindle people On market days Uka would transform himself into a bull and his brother Kofi took him to the market Unsuspecting buyers would exchange the bull for other animals Uka the bull escaped from the buyer and transformed himself back into a human only to be resold to someone else The two brothers ran out of luck when Nkume the buyer with magical powers beat them to their game The moral of the story is that it does not pay to be a cheat The fifth story Vengeance of the God of Justice Amadioha explains the ordeal Chuk went through at the hands of his wicked stepmother Dab This heir to the throne of the ancient city of Kaa survived numerous physical and emotional abuses from Dab He was buried alive for a crime he never committed Only the timely intervention of the god of justice Amadioha brought him back from the grave The moral of the story is that we should be careful not to maltreat the less privileged in our society because the natural law of justice is sure to catch up with us if we treat others unfairly

African Short Stories: Vol 2 Ce, Chin, 2015-09-04 Bequeathing an enduring tenet for the creative enterprise African Short Stories vol 2 boldly seeks to upturn the status quo by the art of narration Whether they are stories of the whistle blower estranged and yet sounding the warning for heaven and earth to hear or a ragtag army fleeing in the wake of a monstrous reptilian onslaught upon her peace there pervades a sense of ultimate victory in this collection We can feel the gentle kick of a baby in the womb of a maiden in desperation or we can muse at the two adolescent genii on the trail of their dreams from the sunset of mutual deceit into the

daylight of true becoming Victory is laid out in that awesome kindness of a total stranger which affirms the divinity latent in even our most harrowing existence With thirty five stories in two parts these literary experiments compel attention to the courageous hearts and minds that brighten the African universe of narration Their vibrant notes coming from all corners of north west east and south fill us with encouragement and optimism for the contemporary short fiction in Africa *Misoso*, 1994 Illustrated in full color From Angola to Zanzibar this treasury is as varied and bountiful as Africa itself Master storyteller Verna Aardema retells 12 tales of justice and revenge greed and generosity sly trickery and off the wall silliness with her trademark humor and flair Nearly 50 illustrations vibrantly reflect the spirit of these read aloud delights while a map of Africa story source information and a personal note from the author make this a rich volume for folk tale lovers of all ages Read this book once for the stories twice for the illustrations and a hundred times just for fun Kirkus pointer *Tales from Africa* K.P. Kojo, 2017-08-03 TALES FROM AFRICA is a collection of folktales brought to life with humour and poetry by Ghanaian author K P Kojo Find out how selfish Lion gets his comeuppance go to a Frog wedding in the Sky Kingdom discover the days when the earth s creatures were all mixed up and much more in these brilliantly crafted tales which reflect the very best and the very worst of human behaviours Rich in the folklore of the many different countries of Africa Ghanaian author K P Kojo brings each story to life with humour and poetry making them perfect for sharing and reading aloud to children of all ages Includes endnotes with a glossary additional information as well as ideas for activities that children can do to explore the stories further Needs to be three times as long and sitting on a shelf in every school library Mark Haddon *MODERN AFRICAN STORIES* ELLIS AYITEY KOMEY, EZEKIEL MPHAHLELE, 1964 *The African Storyteller* Harold Scheub, 1999 *African Folktales* Roger Abrahams, 2011-08-03 The deep forest and broad savannah the campsites kraals and villages from this immense area south of the Sahara Desert the distinguished American folklorist Roger D Abrahams has selected ninety five tales that suggest both the diversity and the interconnectedness of the people who live there The storytellers weave imaginative myths of creation and tales of epic deeds chilling ghost stories and ribald tales of mischief and magic in the animal and human realms Abrahams renders these stories in a narrative voice that reverberates with the rhythms of tribal song and dance and the emotional language of universal concerns With black and white drawings throughout Part of the Pantheon Fairy Tale and Folklore Library *A Pride of African Tales* Donna L. Washington, 2004 A collection of African folktales originating in the storytelling tradition **A Story, a Story**, 199? Recounts how most African folk tales came to be called Spider stories *The King's Drum* Harold Courlander, 1962 A collection of folk tales from many peoples and regions of Africa **African Fairy Tales** Richard Ben Martin, 2012-07-21 The short stories in this book are typical African folk tales from rural Copperbelt Province Zambia Sit to relax and have a good laugh The stories are funny to make you laugh and they also convey timeless moral messages of African wisdom These stories are usually told in villages from generation to generation in the evenings by a big fire just before going to bed In villages children have very close relationships to their

grandparents who teach them what they need to know about life The stories almost always teach a moral lesson Unfortunately children growing in big cities do not have this chance because their evenings are spent watching TV or surfing in internet In most of these stories animals and people live together mingle with each other and sometimes Kalulus marry human beautiful girls This may sound strange because a hare can not for instance cook or marry a human princess The truth is that the animals in the stories are not animals in the real sense They are just character representatives of people who behave in certain ways In the stories from Zambia Kalulu a hare with big ears is considered to be the fastest and the cleverest among animals Animals cook nshima and chicken for each other and sometimes animals cook for people and people cook for animals Nshima is the staple food of Zambia It is a thick porridge prepared by mixing hot water with maize meal and served with chicken vegetables or any other relish If you are travelling to Africa and want to learn and understand the African attitudes and morals start off by reading these stories The stories in this book contain life s important lessons some of which will be useful in different situations even in your life

The Orphan Girl and Other Stories Buchi

Offodile,2001-07-01 collected and retold by Buchi Offodile Once upon a moonlit night children gathered elbow to elbow lying on the ground while the adults sat near by drinking and snacking They listened to the storyteller who held adult and child alike rapt with animal noises and spooky voices gesture and song call and response until the wick of the palm oil lamp ran down and the storyteller tired It wasn t that the stories themselves were over no many more were yet to be told tales of the ever scheming tortoise spider or hare tales of spirits tempting children tales of fate punishing whole villages for their folly or rewarding them for their perseverance Though almost all the tales have morals the most popular characters are the tricksters the tortoise the spider and the hare The Orphan Girl includes a fascinating introduction exploring the roots of the storytelling tradition in the history and culture of West Africa History s boundaries divide this book by nation from Mauritania into the continent s interior to the hinterlands of Mali Burkina Faso and Niger and down the Atlantic coast as far as Cameroon Each country is represented by several stories a map and brief information Invariably though as all of these countries share common origins and cultures the stories overlap and play off each other For example a Ghanaian story featuring Anansi the spider is almost the same tale told by the Igbos of Eastern Nigeria starring Mbe Nwaniga the tortoise

Stories from Africa 3 Lawrence Darmani,1996-04-01 Five folktales from different parts of Africa are told for the enjoyment of young children The Ghanaian author won the Africa Regional First Book prize in the Commonwealth Writers Prize for 1992 *African Stories* Doris Lessing,1975 *AFRICAN STORIES BY MOONLIGHT* Celestine E.

Ebegebulem,2014-02 Introduction to African Stories by Moonlight The most memorable evenings I had as a child were those in which together with other children I listened to adults tell us stories which were often accompanied with rhythmic and delightful songs When I started raising my own family in the city my children looked forward to those nights when we would regale them with those stories and songs I noticed then that many urban children were not exposed to these stories as they

were no longer in the environment in which they were told It was after I did some studies on Indigenous African Education as a Visiting Scholar in the African Studies Center at UCLA that I realized the molding influence of these stories on our character Storytelling of course was a basic ingredient for traditional African education I have therefore decided to share some of these stories with those children of African descent who are now away from the environment where they are told Children and adults of other cultures will enjoy these stories and learn from the wisdom embedded in them The enthusiastic reception given to them by the multicultural classes to which I read them in the Long Beach Unified School District in California further encouraged me to seek to publish them I have written ten short stories in a language suitable for school readers and a wider audience If these stories help to revive storytelling in homes and communities one objective for writing this book shall have been achieved For the benefit of teachers who want to use the book to teach English social studies or multicultural studies and for the benefit of families who would like to use the book for entertainment and learning comprehension questions and answers have been prepared on each of the stories These are available from [paternostercpm aol com](http://paternostercpm.aol.com)

Folktales from Africa Dianne Stewart, 2015-03-02 Folktales are timeless and although they are a product of a particular culture they have universal relevance because they give insight into the human condition In *Folktales from Africa* award winning South African author Dianne Stewart has retold stories from the length and breadth of the African continent Beautifully illustrated by Marjorie van Heerden this collection of twenty stories is certain to entertain and delight the reader as well as give insight into the countries from which the tales have been sourced [Famous South African Folk Tales](#), 2003 A collection of fifty four folk tales from South Africa including Cape Malay San Khoikhoi and Afrikaan tales [Folk Stories from Southern Nigeria, West Africa](#) Elphinstone Dayrell, 2021-12-02
