Mercury in the Environment Michael S. Bank,2012-05-31 Mercury pollution and contamination are widespread well documented and continue to pose a public health concern in both developed and developing countries In response to a growing need for understanding the cycling of this ubiquitous pollutant the science of mercury has grown rapidly to include the fields of biogeochemistry economics sociology public health decision sciences physics global change and mathematics Only recently have scientists begun to establish a holistic approach to studying mercury pollution that integrates chemistry biology and human health sciences Mercury in the Environment follows the process of mercury cycling through the atmosphere through terrestrial and aquatic food webs and through human populations to develop a comprehensive perspective on this important environmental problem This timely reference also provides recommendations on mercury remediation risk communication education and monitoring **Fort Lauderdale, Florida** ,1964 **Fort Lauderdale, Florida** United States Engineers Corps,1964 *In Katrina's Wake* Donald L Canney,2010-08-29 Of all the Homeland Security agencies operating in New Orleans before during and after Hurricane Katrina s landfall no agency performed its duties with the same level of diligence and heroism as did the U S Coast Guard Tirelessly Coasties in helicopters and small boats pulled survivors from rooftops floating debris and high ground and ferried them to safety as the rest of us watched live on CNN Only a few days later disaster struck again in the form of Hurricane Rita which left even more people in desperate need of rescue and assistance In the aftermath of the storms

some 5 000 Coast Guard personnel rescued 33 735 individuals six times more than the annual average number rescued by the service nationwide Then unobserved by the media the Coast Guard successfully restored the vital navigation aids in the region preventing further death and destruction In Katrina s Wake presents a riveting account of the astounding operations undertaken by the men and women of the U S Coast Guard in the aftermath of one of the worst natural disasters ever to strike America While other government agencies struggled to mobilize and failed to provide real solutions one small decentralized agency stepped forward and performed above and beyond the call of duty
