Style Wars Peter York, 1980 **Consumption, Identity and Style** Alan Tomlinson, 2006-05-18 First Published in 1990

Hunt,1996-10-01 This book explores the sumptuary laws that regulated conspicuous consumption in respect to dress ornaments and food that were widespread in late medieval and early modern Europe It argues that sumptuary laws were attempts to stabilize social recognizability in the urban world of strangers and in the governance of cities The gendered character of sumptuary laws are viewed as components of gender wars These laws are explored as projects directed at the reform of popular culture and in their links to the governance of vagrancy and of popular recreation This study challenges the view that the sumptuary actually died and develops an argument that in the modern world the regulation of consumption persists but becomes dispersed throughout a range of both public and private forms of governance The conclusions stresses

the persistence of projects of governance of personal appearance and of private consumption

The Cultural Devolution Neil Mulholland, 2017-10-23 Title first published in 2003 What happened to art in Britain when the balance began to shift from public to private subsidy following the IMF crisis in 1976 In this polemical book Neil Mulholland charts the political and cultural shifts in art in Britain from the mid 1970s to the end of the twentieth century His account covers the key trends and artists of this extraordinarily diverse period including critical postmodernism feminism neoconservatism object sculpture the new image Brit Art and Scottish neoconceptualism and traces the development of critical thinking from the opinions of critics such as Richard Cork John Roberts and Matthew Collings to tabloid press art scandals The Cultural Devolution offers a broad critical and historical framework within which to understand public debate on the merits of young British artists such as Damien Hirst while looking beyond such celebrities to re-discover the wealth and range of work produced Essential reading for anyone interested in contemporary art in Britain
