Subcultural Mosaics and Intersubjective Realities Robert Prus, 1997-01-09 The author builds on the broader interpretive constructionist ethnographic and pragmatist traditions particularly those developed within symbolic interaction to provide an agenda to refocus revitalize and synthesize the social or human sciences Robert Prus offers a set of primary assumptions that centrally respect the unique and uniquely enabling features of the human condition as well as considers a reformulation of the cultural problematic By viewing human group life as a subcultural mosaic that is more or less continuously in the making a systematic research agenda for attending to the entire realm of human involvement is developed one that opens every single arena of human endeavor to ethnographic inquiry

Handbook of Symbolic Interactionism Larry T. Reynolds, Nancy J. Herman-Kinney, 2003 Symbolic interactionism has a long history in sociology social psychology and related social sciences In this volume the editors and contributors explain its history major theoretical tenets and concepts methods of doing symbolic interactionist work and its uses and findings in a host of substantive research areas

Doing Ethnography Charlene Elizabeth Miall, Dorothy Pawluch, William Shaffir, 2005 Doing Ethnography is an essential text for courses in ethnography research methods qualitative emphasis applied sociology and related subjects across Canada This unique volume first considers the merits of qualitative research profiles interviewing strategies and discusses the relationships to respondents and how to write about social life The second portion of Doing Ethnography contains three sections constructing perspectives constructing identities as well as doing and relating Case studies and original research are featured throughout The editors Dorothy Pawluch William Shaffir and Charlene Miall emphasize the importance of studying social interaction In truth any question about society big or small is ultimately about people interacting with each other Whether the issue is changing gender relationships corporate deeds and misdeeds class structures or the school performance of children from cultural minorities it all comes down to one thing people doing things together

The Interaction Order Norman K. Denzin, 2019-02-12 This volume brings together leading scholars in the area of symbolic interactionism to offer a broad discussion of issues including identity dialogue and legitimacy

Beyond the Power Mystique Robert Prus, 1999-02-25 Despite the considerable attention given to power by foundational sources such as Machiavelli Hobbes Weber Durkheim and Marx and those social theorists who have built on their works surprisingly little attention has been given to the study of power as an enacted feature of community life Locating power more directly within a symbolic interactionist framework Beyond the Power Mystique not only enables scholars to permeate much of the mystique shrouding power but explicitly viewing power as intersubjective accomplishment the material presented here fosters a research agenda that is highly attentive to the collectively articulated aspects of power
