Subject Of Violence:

The Misinterpellated Subject James R. Martel, 2017-02-02 Although Haitian revolutionaries were not the intended audience for the Declaration of the Rights of Man they heeded its call demanding rights that were not meant for them This failure of the French state to address only its desired subjects is an example of the phenomenon James R Martel labels misinterpellation Complicating Althusser's famous theory Martel explores the ways that such failures hold the potential for radical and anarchist action In addition to the Haitian Revolution Martel shows how the revolutionary responses by activists and anticolonial leaders to Woodrow Wilson's Fourteen Points speech and the Arab Spring sprang from misinterpellation He also takes up misinterpellated subjects in philosophy film literature and nonfiction analyzing works by Nietzsche Kafka Woolf Fanon Ellison Ta Nehisi Coates and others to demonstrate how characters who exist on the margins offer a generally unrecognized anarchist form of power and resistance Timely and broad in scope *The Misinterpellated Subject* reveals how calls by authority are inherently vulnerable to radical possibilities thereby suggesting that all people at all times are filled with revolutionary potential

Performance, Feminism and Affect in Neoliberal Times Elin Diamond, Denise Varney, Candice Amich, 2017-04-29 This book is a provocative new study of global feminist activism that opposes neoliberal regimes across several sites including Asia Australia Canada Europe Latin America and the United States The feminist performative acts featured in the book contest the aggressive unravelling of collectively won gains in gender sexual and racial equality the appearance of new planes of discrimination and the social consequences of political economies based on free market ideology The investigations of affect theory follow the circulation of intensities of political impingements on bodies subjective and symbolic violence and the shock of dispossession within and beyond individuals to the social and political sphere Affect is a helpful matrix for discussing the volatile interactivity between performer and spectator whether live or technologically mediated Contending that there is no activism without affect the collection brings back to the table the activist and hopeful potential of feminism

has never been more controversial or seemingly more far from our grasp While exploring in details the difficulties we face in our attempts to be free Trawny builds a vision of how to break out of the mediums in which we operate and experience a new kind of freedom Escape from the TCM universal is impossible Yet philosophy itself is the impossible So when Trawny writes that escape the other is impossible we can read this both as escape is impossible and as escape is the impossible that is the only possible escape is through philosophy
