Environmental Criminology Martin A. Andresen, 2014-03-14 The field of environmental criminology is a staple theoretical framework in contemporary criminological theory With this book Martin Andresen presents the first comprehensive and sole authored textbook on this influential and compelling school of criminological thought He covers a wide range of topics including the origins of environmental criminology the primary theoretical frameworks such as routine activity theory geometric theory of crime rational choice theory and the pattern theory of crime the practical application of environmental criminology an examination of how theories are operationalized and tested policy implications for the practice of crime prevention As well as these popular topics Andresen also discusses also a number of topics that are at the leading edge of research within environmental criminology This text will be ideal for courses on crime prevention where students are often encouraged to consider policy problems and apply theory to practice This book offers up environmental criminology as a theoretical framework for making sense of complex neighbourhood problems meaning that it will be perfect for modules on geography of crime crime analysis and indeed environmental criminology It would also be a good supplement for courses on criminological theory

Offenders on Offending Wim Bernasco, 2013-01-11 Our knowledge of crime is based on three types of sources the criminal justice system victims and offenders For technological and other reasons the criminal justice system produces an increasing stream of information on crime The rise of the victimization survey has given the victims a much larger role in our study of crime There is however no concomitant development regarding offenders This is unfortunate because offenders are the experts when it comes to offending In order to understand criminal behavior we need their perspective This is not always a straightforward process however and information from offenders is often unreliable This book is about what we can do to maximise the validity of what offenders tell us about their offending Renowned experts from various countries present their experiences and insights with a clear focus on methodological issues of fieldwork among various types of offender populations Each contribution deals with with a few central issues How can offenders be motivated to participate in research How can offenders be motivated to tell the truth on their offending How can the information that offenders provide be checked and validated What can we learn from offenders that cannot be accessed from other sources With the aim of obtaining valid and reliable information how where and under which conditions should we observe offenders and talk to them

The Oxford Handbook of Criminological Theory Francis T. Cullen, Pamela Wilcox, 2015-12 This handbook presents a series of essays that captures not the past of criminology but where theoretical explanation is headed The volume is replete with ideas discussions of substantive topics with salient theoretical implications and reviews of literatures that illuminate avenues along which theory and research evolve

The Oxford Handbook of Criminology Mike Maguire, Rodney Morgan, Robert Reiner, 2007 teachers and students of criminology and is a sourcebook for professionals

Crime Prevention and Community Safety provides a completely revised and updated collection of essays focusing on the theory and practice of crime prevention and the creation of safer communities This book is divided into five comprehensive parts Part I brand new to this edition is concerned with theoretical perspectives on crime prevention and community safety Part II considers general approaches to preventing crime including a new chapter on the theory and practice of deterrence Part III focuses on specific crime prevention strategies including a new chapter on regulation for crime prevention Part IV focuses on the prevention of specific categories of crime and the fear they generate including new chapters on organised crime and cybercrime Part V considers the preventative process the methods through which presenting problems can be analysed responses formulated and implemented and their effectiveness evaluated Bringing together leading academics and practitioners from the UK US Australia and the Netherlands this volume will be an invaluable reference for researchers and practitioners whose work relates to crime prevention and community safety as well as for undergraduate and postgraduate courses in crime prevention

Crime and Everyday Life Marcus Felson, Mary Eckert, 2015-01-29 Crime and Everyday Life Fifth Edition offers a bold approach to crime theory and crime reduction The text shows how crime opportunity is a necessary condition for illegal acts to occur The authors offer realistic often common sense ways to reduce or eliminate crime and criminal behavior in specific settings by removing the opportunity to complete the act Using a clear and engaging writing style author Marcus Felson and new co author Mary Eckert talk directly to the student about criminal behavior the routine activity approach and specific crime reduction ideas The authors emphasize how routine daily activities set the stage for illegal acts offering fascinating new ideas and examples not presented in earlier editions Most importantly this book teaches the student how to think about crime and then do something about it

Environmental Criminology and Crime Analysis Richard Wortley, Michael Townsley, 2016-11-01 Environmental criminology is a term that encompasses a range of overlapping perspectives At its core the many strands of environmental criminology are bound by a common focus on the role that the immediate environment plays in the performance of crime and a conviction that careful analyses of these environmental influences are the key to the effective investigation control and prevention of crime This new edition brings together leading theorists and practitioners in the field to provide a comprehensive integrative coverage of the field of environmental criminology and crime analysis This book is divided into three sequential parts Understanding the crime event explores routine activity approach crime pattern theory the rational choice perspective and situational precipitators of crime Analysing crime patterns discusses crime mapping offender mobility repeat victimisation geographic profiling and crime scripts Preventing and controlling crime covers topics including problem oriented policing situational crime prevention and environmental design Fully updated and including new chapters on crime scripts and offender mobility a scene setting introductory overview and critical thinking questions at the end of each chapter this text is an essential and comprehensive resource for practitioners and students taking courses on environmental criminology crime analysis and crime prevention

Communities and Crime Pamela Wilcox, Francis T. Cullen, Ben Feldmeyer, 2018 This book provides an intellectual history that traces how varying images of community have evolved over time and influenced criminological thinking and criminal justice policy The authors outline the major ideas that have shaped the development of theory research and policy in the area of communities and crime Each chapter examines the problem of the community through a defining critical or theoretical lens the community as social disorganization as a system of associations as a symptom of larger structural forces as a result of criminal subcultures as a broken window as crime opportunity and as a site of resilience Focusing on these changing images of community the empirical adequacy of these images and how they have resulted in concrete programs to reduce crime this book theorizes about and reflects upon why some neighborhoods produce so much crime The result is a tour of the dominant theories of place in social science today

Tactical Crime Analysis Derek J. Paulsen, Sean Bair, Dan Helms, 2009-08-19 Research has shown that the majority of crimes are committed by persistent or serial offenders with as little as seven percent of offenders accounting for approximately 60 percent of all crimes By focusing police efforts on these prolific offenders and learning to identify analyze and resolve the crimes they commit the law enforcement communit

Crime Mapping Case Studies Spencer Chainey, Lisa Thompson, 2008-02-28 Crime Mapping Case Studies From Research to Practice provides a series of key examples from practice and research that demonstrate applications of crime mapping and its effect in many areas of policing and crime reduction This book brings together case studies that show how crime mapping can be used for analysis intelligence development monitoring performance and crime detection and is written by practitioners for practitioners Leading researchers in the field describe how crime mapping is developing and exposing analytical methodologies and critiquing current practices Including global case studies that demonstrate a particular application analytical technique or new theoretical concept this text offers a truly global overview of this rapidly growing area of interest Unlike other texts on this topic this book identifies mistakes and challenges in this field of enquiry to aid the reader in understanding the basics of this technique giving them the opportunity to learn further
