The Luck Factor (Harriman Classics) Max Gunther,2020-08-11 Max Gunther's classic text with a new foreword by Gautam Baid Luck We can't see it or touch it but we can feel it We all know it when we experience it But does it go deeper than this And if it goes deeper does it do so in any way which we can harness to our own and others advantage Taking us on a fascinating tour through the more popular theories and histories of luck from pseudoscience to paganism mathematicians to magicians Max Gunther arrives at a careful set of scientific conclusions as to the true nature of luck and the possibility of managing it Drawing out the logical truths hidden in some examples of outrageous fortune and some of the seemingly absurd theories of its origins he presents readers with the concise formulae that make up what he calls the Luck Factor the five traits that lucky people have in common and shows how anyone can improve their luck Mothers Who Deliver Jocelyn Fenton Stitt,Pegeen Reichert Powell,2012-02-01 Mothers Who Deliver Feminist Interventions in Public and Interpersonal Discourse brings together essays that focus on mothering as an intelligent practice deliberately reinvented and rearticulated by mothers themselves The contributors to this watershed volume focus on subjects ranging from mothers in children's picture books and mothers writing blogs to global maternal activism and mothers raising gay sons Distinguishing itself from much writing about motherhood today Mothers Who Deliver focuses on forward looking arguments and new forms of knowledge about the practice of mothering instead of remaining solely within the realm of critique Together the essays create a compelling argument about the possibilities of empowered mothering Mom Connection Tracey Bianchi,2012-05 A mom's guide to creating vibrant friendships with other women that feed both their creativity and sense of purpose in the larger world **Half/Life** Laurel Snyder,2006-03-23 Written by authors born into the so called dilemma of intermarriage the stories in Half Life explore the experience of being raised in a half Jewish home Though each essay is distinct and the experiences are vastly different each describes growing up without a streamlined identity unsure of community or religious direction From Jenny Traig whose experiences led her to extreme devotion in the form of religious obsessive compulsion scrupulosity to Thisbe Nissen who finally felt Jewish after discovering a rosary in her boyfriend's sock drawer these authors examine the complicated relationships they felt with the Jewish community and the world at large By turns tragic and funny religious and heartbreaking angry and surprisingly familiar Half Life represents the altogether diverse memories and reflections of a handful of men and women who have spent a lifetime grappling with how to define themselves or not Resulting from that struggle is a complex exploration and some truly brilliant prose **You're a Good Mom (and Your Kids Aren't So Bad Either)** Jen Singer,2008-04-01 For 21st century mothers there seem to be just two choices be a Super Mom or be a Slacker Mom One's bad for you one's bad for your kids So what's a momma to do In You're a Good Mom and Your Kids Aren't So Bad Either the Internet's favorite momma Jen Singer tells all Turns out you can raise perfectly good kids in that sweet spot between flash cards at breakfast and donuts for dinner kids It's for every mom who's pressured to be

perfect yet lost under the laundry wondering if she's a bad mom. It's for every mom who wants to enjoy, not endure, motherhood while still giving her kids what they truly need to succeed. Filled with that happened to me too stories and wrapped in the wit that could only come from the creator of *Please Take My Children to Work Day*, this book offers giggles and a pat on the back for today's moms, whether they're deep in diapers or petrified by puberty.

Heavy Music Mothers Julie Turley, Joan Jocson-Singh, 2023-04-21

Heavy Music Mothers: Extreme Identities, Narrative Disruptions is an exploration of women and heavy music and the ways in which women have historically engaged with musicking as mothers. Julie Turley and Joan Jocson-Singh musicking mothers themselves largely employ an ethnographic lens foregrounded in powerful one-on-one original interviews as vignettes that narrate thematic patterns. Other chapters examine motherhood identity embedded in respective published rock music memoirs, discussions of rock performance as a site of maternal bonding, and themes that arise when heavy music mothers write about motherhood. Autoethnographic portions throughout give the book an intimate and personal tone. One such chapter presents the concept of vigilante motherhood within an auto-ethnographic context. The authors reference the book's limitations, meditating on historically marginalized moms; the authors predict and hope the focus will be on for the future. *Heavy Music Mothers* is a robust study of women and motherhood set within a music culture historically inhospitable to both women and mothers. This book, the first scholarly study of this topic, is just the beginning.
