Wong, 2019-05-23 First published in 1999 this book constitutes a unique account of the development and reform of health care in Hong Kong Its main focus is on policy developments since 1945 Victor Wong demonstrates the development of a two tier health system in both a capitalist and Chinese context His work is one of both health policy and political economy Wong utilises the latter perspective to show the state s role in the interests of capital the public demand for health care and the power of the medical profession Alongside this Wong brings in the role of Chinese and family medicine and the role of the family in cost containment and minimising the hospitalisation of elderly frail and chronically ill patients The volume is the most comprehensive analysis available for health policy in Hong Kong *Politics, Health, and Health Care* Theodore R. Marmor, Rudolf Klein, 2012-07-24 Two towering figures in the field of health care policy analysis Theodore R Marmor and Rudolf Klein reflect on a lifetime of thought in this wide ranging collection of essays published in the wake of President Obama s health care reform Presented as a kind of dialogue between the two the book offers their recent writings on the future of Medicare universal health insurance conflicts of interest among physicians regulators and patients and many other topics
