Communicating Success: Public Relations with an Italian Flair Tiziana Rocca, 2007 Corporations, large and small, political figures, artists, and organizations all of them need public relations to make their products or services known, to stimulate interest in a brand name, or to build the right image. As a result, recognition of the importance of communications is steadily growing, and interest in working in the PR field is on the rise. But those who want to enter the profession can't forget that making a name for oneself takes skill, diplomacy, creativity, and well-focused training. In this lively guide, Tiziana Rocca, an undisputed public relations leader, shares her approach and her vision for the profession. Rocca begins with a series of reflections on the nature and the goals of PR, then turns to an examination of key aspects of professionalism, service quality, relationships with clients, and the human values that must be reinforced on a day-to-day basis. A large section of the book is dedicated to issues related to marketing and publicity, to managing information, and to the profession's concrete aspects: the creation of successful events, the modern art of entertaining, practical work tools and strategies, and effective collaboration with coworkers and team members. Experience, ideas, guidelines, and tips.
