Suddenly The American Idea Abroad And At Home 1986 199:

Out of Our Heads George Case, 2010 Out of Our Heads is the Rare Book That is Unafraid to celebrate rock n roll s druggy good times before the uptight killjoys and self righteous reformists came along and spoiled the party Suddenly George F. Will, 1992 Now in paperback one of America s most influential commentators offers his bestselling collection of writings from recent years with a revised introduction taking intoll ller Men At Work **Heuristics and the Law** Gerd Gigerenzer, Christoph Engel, 2006-08-11 Experts in law psychology and economics explore the power of fast and frugal heuristics in the creation and implementation of law In recent decades the economists concept of rational choice has dominated legal reasoning And yet in practical terms neither the lawbreakers the law addresses nor officers of the law behave as the hyperrational beings postulated by rational choice Critics of rational choice and believers in fast and frugal heuristics propose another approach using certain formulations or general principles heuristics to help navigate in an environment that is not a well ordered setting with an occasional disturbance as described in the language of rational choice but instead is fundamentally uncertain or characterized by an unmanageable degree of complexity This is the intuition behind behavioral law and economics In **Heuristics and the Law** experts in law psychology and economics explore the conceptual and practical power of the heuristics approach in law They discuss legal theory modeling and predicting the problems the law purports to solve the process of making law in the legislature or in the courtroom the application of existing law in the courts particularly regarding the law of evidence and implementation of the law and the impact of law on behavior Contributors Ronald J Allen Hal R Arkes Peter Ayton Susanne Baer Martin Beckenkamp Robert Cooter Leda Cosmides Mandeep K Dhami Robert C Ellickson Christoph Engel Richard A Epstein Wolfgang Fikentscher Axel Flessner Robert H Frank Bruno S Frey Gerd Gigerenzer Paul W Glimcher Daniel G Goldstein Chris Guthrie Jonathan Haidt Reid Hastie Ralph Hertwig Eric J Johnson Jonathan J Koehler Russell Korobkin Stephanie Kurzenh user Douglas A Kysar Donald C Langevoort Richard Lempert Stefan Magen Callia Piperides Jeffrey J Rachlinski Clara Sattler de Sousa e Brito Joachim Schulz Victoria A Shaffer Indra Spiecker genannt D hmann John Tooby Gerhard Wagner Elke U Weber Bernd Wittenbrink **The Writers Directory** , 1996 **The Catholic Periodical and Literature Index** , 1991 Forthcoming Books Rose Army, 1997

unjust society Why do college students today have greater pride in their country than many of their teachers How did the radical beliefs of the 60s survive and become for many Americans the new conventional wisdom How is it possible that while communist systems are collapsing and seek a market economy critics in the United States remain convinced of the evils of capitalism Why are there more Marxists on any handful of American campuses than all over Eastern Europe or the Soviet Union How can we explain that for important opinion makers at home and abroad the United States has become a symbol of waste greed corruption social injustice and arrogance While anti Americanism abroad has been often noted and sometimes lamented until now it has not been closely examined nor compared to domestic social criticism Paul Hollander's volume is the first systematic study of this phenomenon both in its domestic and foreign aspects Making use of a vast amount of information ranging from surveys mass media popular culture novels the literature of social criticism and social scientific studies Hollander separates the justified critiques of the United States from anti Americanism which he defines as a biased predisposition against American society culture or U S foreign policy an attitude he compares to other hostile predispositions such as sexism racism or anti-Semitism Domestic anti Americanism is found mostly among academic and literary intellectuals the left leaning clergy and people associated with the mass media more generally among those who came of age in the 1960s Despite more than a decade of Republican presidents the author argues that many taken for granted beliefs of our times can be traced back to the adversarial spirit of the 60s What once was daring social criticism has become the new orthodoxy or what has come to be known as politically correct behavior The latter also finds expression in the increasingly widespread multicultural or cultural diversity studies which combine hostility toward American society with aversion toward Western culture as a whole Also symptomatic of these attitudes was the love affair of the American left with Marxist Leninist Nicaragua reminiscent of the political pilgrimages of the past which the author has also written about in his widely praised Political Pilgrims Born in Hungary and educated in Hungary England and the United States the author has written extensively about the Soviet Union Eastern Europe and the United States In this study he seeks to balance a critical analysis of anti Americanism with the recognition that the modernity the U S spreads and symbolizes can sometimes be viewed with justified apprehension Anti Americanism is a lively and provocative volume which will elicit some impassioned responses much discussion and controversy
