The Sufi Message Volume 8 Hazrat Inayat Khan, 2010-01-01 **The Sufi Message Volume 7** Hazrat Inayat Khan, 2009-01-01 How the words love harmony and beauty delight the heart of everyone who hears them is the opening sentence of this volume The author Hazrat Sufi Inayat Khan has labelled his message as the Sufi message of Love Harmony and Beauty because in the present world these qualities seem to be underrated if not neglected altogether Moreover spirituality cannot exist without these The first prerequisite however even to experience the delight he mentions above is an open heart This book aims at awakening and developing this heart quality and preparing the reader to be able to face the world's hardships yet fostering a sympathizing warmth for our fellowmen It covers a marvellous variety of subjects which turn out to be strongly interrelated In a smooth and unassuming manner the author creates an integrated view of life within and without He has created a beautiful system of thought and feeling without running into the risks of straightforwardness simplicity and rigour Yet his views tend to strike you for their very simplicity inspired and inspiring as they are The Sufi Message Volume 2 Hazrat Inayat Khan, 2009-01-01 The Mysticism of Music Sound and Word presents an essential part of the highly practical philosophy of Hazrat Inayat Khan Born a musician music and sound were for him the essence of life Even when later he had to give up his practice of what in Indian philosophy is called struck music the unstruck music remained with him and increasingly so Not only did he enjoy it in his meditations and all through life whether in silent nature or in the roaring streets of Manhattan In its fullness it came out in his discourses and other presentations he made to the amazed and yet not fully understanding public of the West in the twenties His realization of sound and music transformed his words into living beings attuning the atmosphere bringing inspiration to the public This volume presents various aspects of his music It contains four parts In the Mysticism of Sound the basic philosophy is given in a wide context Both the abstract and some very practical aspects are covered Music presents the mystic aspects of music besides relating its philosophy to the practical side again It presents a beautiful early view of Indian music and it relates music and colour Moreover the psychic and healing powers are discussed The Power of the Word and Cosmic Language elaborates these influences both philosophically and practically The book really may be called mysticism in daily life The Sufi Message Volume 10 Hazrat Inayat Khan, 2009-01-01 This is a book on the spiritual in everyday life The very variety of its contents is an illustration of the significance of Sufism and spirituality in general for human life The first two parts Sufi Mysticism and The Path of Initiation and Discipleship expand further on themes presented in earlier volumes particularly in volumes 1 The Way of Illumination The reader is called to reconsider his life and how he is leading it rather than what life is his Where is your ideal In Sufi Poetry Hazrat Inayat Khan discusses the life work and influence of some of the great Sufi poets of the past illustrating the significance of mysticism and discipleship **The Sufi Message Volume 6** Hazrat Inayat Khan, 2015-01-01 Sufi Hazrat Inayat Khan Baroda 1882 Delhi 1927 provides a beautiful guidebook for your inner path It contains neither prescriptions nor

do's and don'ts You may be provided with insight and understanding which may be as a welcome in the circle of Sufi friends or as a silent companion on your further way The soul is called Atman which means happiness or bliss itself It is not that happiness belongs to the soul it is that the soul itself is happiness This inspiring book covers almost all aspects of the life of someone who chooses to go the way of self-unfoldment and self-realization It refers to the struggle of life its intoxication and its deeper side The aim, meaning and purpose of life are discussed What is wanted in life Essential for the answer to this question are concepts like the art and development of personality, attitude, interest and indifference, purity of life and the ideal All these are discussed in separate chapters dealing with these items in an inspiring and uplifting manner nevertheless remaining realistic as to daily life's requirements Life is presented as an opportunity to gain experience both within and without stressing their mutual interdependence The second half of the book discusses amongst others inner life, the kingly road from limitation to perfection and the stages of his destiny in the context of the continuity of life

The Sufi Message of Hazrat Inayat Khan: The Smiling Forehead Hazrat Inayat Khan, 2020-09-28 By forehead is meant man's expression The smiling forehead is the pleasant expression it depends solely upon man's attitude to life Life is the same for the saint and for Satan and if men are different it is because of their outlook on life The same life is turned by the one into heaven and by the other into hell There are two attitudes to one all is wrong to the other all is right Our life in the world from morning to evening is full of experiences good and bad which can be distinguished according to their degree And the more we study the mystery of good and bad the more we see that there really is no such thing as good and bad It is because of our attitude and the conditions that things seem good or bad It is easy for an ordinary person to say what is good or bad just or unjust it is very difficult for a wise man Although everyone according to his outlook on life turns things from bad to good and from good to bad everyone has his own grade of evolution and reasons accordingly Sometimes one thing is subtler than others and then it is difficult to judge There was a time when Wagner's music was not understood and another time when he was considered the greatest of musicians Sometimes things are good but our own evolution makes them less good for us What we considered good a few years ago may not seem good at a later degree of evolution At one time a child appreciates a doll most later it will prefer the work of great sculptors This proves that at every step and degree of evolution man's idea of good and bad changes Therefore a thinker will understand that there is no such thing as right or wrong If there is wrong all is wrong if there is right all is right
