Sufism And Good Character Tr:

Sufism in Morocco's Religious Politics John C. Thibdeau,2023-07-25 This book outlines the role of Sufism in Moroccan politics in the twenty first century through a comparative study of contemporary Sufi organizations The author begins his analysis by highlighting the strategies employed by the Moroccan state over the past twenty years aimed at regulating and producing an authorized Moroccan Islam in the kingdom Despite these policies of spiritual security and spiritual diplomacy including the state sponsorship of Sufi organizations the author argues that this has not decreased diversity nor produced a banal interpretation of Islam but rather given rise to diverse articulations and performances of this religiosity Through a comparative analysis of three Sufi organizations based on eighteen months of fieldwork two of which have never before been studied the author brings into relief the spaces of creative enactment of Sufism as an ethical tradition Ultimately it is argued that each Sufi organization reflects a different refraction of i s n a concept emphasising the cultivation of public piety which underpins the Moroccan state s formulation of Islam Focused on both theoretical contributions to Islamic studies and topical treatments of geopolitical issues like spiritual diplomacy the Western Sahara and Morocco Algeria the book spans multiple disciplines including anthropology religious studies sociology and political science *Polished Mirror* Cyrus Ali Zargar,2017-11-02 Islamic philosophy and Sufism evolved as distinct yet interweaving strands of Islamic thought and practice Despite differences they have shared a concern with the perfection of the soul through the development of character In *The Polished Mirror* Cyrus Ali Zargar studies the ways in which through teaching and storytelling pre modern Muslims lived negotiated and cultivated virtues Examining the writings of philosophers ascetics poets and saints he locates virtue ethics within a dynamic moral tradition Innovative engaging and approachable this work the first in the English language to explore Islamic ethics in the fascinating context of narrative will be a valuable resource for both students and scholars

The Cambridge Companion to Sufism Lloyd Ridgeon,2015 This book traces the evolution of Sufism from the formative period to the present The Nature of the Sufi Path Anab Whitehouse,2018-11-06 The material in *The Nature of the Sufi Path* consists of 70 commentaries on a book entitled *Sufism A Short Introduction* by Professor William C Chittick Many if not most of the paragraphs that comprise the 163 pages preface plus text of Professor Chittick s book contain problems errors misleading statements and or incorrect understandings concerning Islam in general and the Sufi path in particular This is both surprising and disturbing since the author is someone who apparently enjoys a considerable reputation in North America and perhaps elsewhere in the world as an expert on and scholar of the Sufi mystical tradition I do not claim that what I say in this book is a definitive exhaustive incapable of being improved upon treatment of the Sufi path Rather my hope is that the present book might move a person closer to the truth concerning the nature of that path than Professor Chittick s aforementioned introduction to Sufism does and as such would represent an improvement over his work *The Routledge Handbook of Phenomenology of Mindfulness* Susi Ferrarello,Christos Hadjioannou,2023-12-22 *The Routledge Handbook of*

Phenomenology of Mindfulness brings together two schools of thought and practice that despite rarely being examined jointly provide an incredibly fruitful way for exploring thinking the mind and the nature and practice of mindfulness Applying the concepts and methods of phenomenology an international team of contributors explore mindfulness from a variety of different viewpoints and traditions The handbook s 35 chapters are divided into seven clear parts Mindfulness in the Western Traditions Mindfulness in the Eastern Traditions Mindfulness Ethics and Well Being Mindfulness Time and Attention Mindfulness and Embodiment Applications Mindfulness in Life Conclusion Mindfulness and Phenomenology Within these sections a rich array of topics and themes are explored ranging from Stoicism and the origins of mindfulness in Buddhism and eastern thought to meditation self awareness the body and embodiment and critiques of mindfulness Additionally the book delves into the ways the ideas of leading phenomenological thinkers including Heidegger Merleau Ponty and Levinas and other leading thinkers such as Irigaray can contribute to understanding the relationship between phenomenology and mindfulness A valuable resource for those researching phenomenology and applications of phenomenology this handbook will also be of great interest to students and practitioners of mindfulness in areas such as counseling and psychotherapy

Chittick, 2007-10-01 What is mysticism What does sufism mean today William C Chittick the leading scholar in the field offers a compelling insight into the origins context and key themes of this fascinating movement After a general overview of the tradition he draws upon the words of some of the greatest Sufi writers among them Ibn Arabi Baha Walad and Rumi himself to give a fresh and revealing perspective on the teachings and beliefs of Sufism and its proponents Fresh and authoritative this sympathetic book will be appreciated by anyone interested in Sufism from complete beginners to students scholars and experts alike *Morals and Mysticism in Persian Sufism* Lloyd Ridgeon, 2010-06-10 Sufism is often understood to be the mystical dimension of Islam and many works have focused on the nature of mystical experiences and

the relationship between man and God Yet Sufism was a human response to a wide range of contexts and circumstances the fact that Sufis lived in society and interacted with the community necessitating guidance on how to behave This book examines the development of Persian Sufism showing it to be a practical philosophy of the everyday rather than just a metaphysical phenomena The author explores the ethic of futuwwat or jawanmardi an Iranian code of honour that emphasised loyalty humility generosity and bravery Although inevitably some Sufis spiritualised this code of honour and applied it to their own relationship with God the ethic continued to permeate Sufi behaviour on a more mundane level typified by the strong links between Sufis and certain trades Drawing on field research in Iran as well as detailed analysis of both Arabic and Persian texts and new materials that have been published in Iran in recent years this is the first book in English to provide a history of Persian Sufi futuwwat As such this book is an important contribution to the study of Persian Sufism and to the fields of Islam history and religion
