The Men on Magic Carpets Ed Hawkins,2019-04-04 An absolute gem Funny incredible and brilliantly reported in Ed Hawkins the sports world has its own Jon Ronson Will Storr The bizarre true story about the cosmic side of sports Ever wondered if the mind tricks used by Luke Skywalker or his Star Wars brethren were real Ed Hawkins did A Jedi wannabe and sports nut he pondered what if a coach or athlete had tried to harness such mysterious powers They would be unstoppable This set Ed off on an extraordinary adventure across the West Coast of America in search of a superhuman sports star He discovers cosmic thinkers who back in their 1960s heyday believed that through the power of thought alone a superhuman could be created one that could see into the future slow down time and control minds So successful were their tactics that they attracted the attention of the US government Meanwhile in Russia their Soviet counterparts were employing equally

bewildering brain power Their goal To win the Cold War And so from the 1970s and into the Eighties the underground free thinking movement became a fully funded state secret in an inner space race between the US and the Soviet Union Both sides attempting to create the perfect human killing machine It worked Sort of Instead of building a super soldier the mystics from both sides came together to preach peace and love to their political paymasters After the thaw the search for the superhuman sports star began again and continues to this day In *The Men on Magic Carpets* Ed goes deep into a secret network of supernatural sages and is told about a mysterious American football coach who made it to the top by teaching his players The Force But can he be found Will he admit to what he truly believes And how does our intrepid author cope with his own brush with the Dark Side as the shadowy military once again attempt to use the mystical powers for ill *The End of Materialism* Charles T. Tart, 2009 Ideal for scientifically minded individuals curious about life's spiritual side as well as spiritually inclined people seeking to back up their beliefs this book offers evidence for the existence of telepathy precognition and psychic healing **The Haunting of Twenty-First-Century America** William J. Birnes, Joel Martin, 2013-12-17 In this companion volume to *The Haunting of America* and *The Haunting of Twentieth Century America* national bestselling authors William J. Birnes and Joel Martin explore today's intellectual and spiritual awakening one that is challenging traditional belief systems Birnes and Martin show that though many governments deny the importance of a spiritual component to national policy even the most conservative governments have based social and financial policy decisions on a profound belief in the existence of the paranormal ghosts and spirits From using psychic spying programs to gather intelligence on enemy nations to investigating the use of mind control to impede the abilities of hostile troops the U.S. government has continuously developed paranormal weapons and tactics alongside their more mundane counterparts U.S. Presidents from Franklin Pierce through Ronald Reagan regularly relied on the paranormal using trance mediums channelers and astrologists to help plan agendas and travel schedules *The Haunting of Twenty First Century America* is unlike any American history you will ever read it posits that not only is the paranormal more normal than most people think but that it is driving current events to a new Fourth Culture of the twenty first century At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied
