The Miseenscene:

Filmmaking Mr. Rohit Manglik, 2023-11-23 Covers all aspects of film production from scripting and shooting to editing and post production

The New Hollywood James Bernardoni, 2010-07-27 The Old Hollywood of studios stars and house directors began to break up in the 1960s Newly independent directors freed from budgetary and aesthetic limitations imposed by studio moguls were the New Hollywood Directors could develop their own styles hire whom they wanted and make movies that would dazzle jaded audiences Hollywood would never be the same What happened The author looks at the productions of the New Hollywood to answer that question Scene by scene analyses of some of the 70s most significant films i e Apocalypse Now Taxi Driver M A S H Annie Hall and American Graffiti assess both the successes and failures of the New Hollywood

Some of These Days James Donald, 2015-04-27 With portraits of actors dancers architects poets directors and musicians Some of These Days highlights how the so called New Negro Movement of the 1920s reverberated far beyond Harlem to cities such as London Paris Berlin and Vienna to ignite the global renaissance of modernist culture

In a Lonely Street Frank Krutnik, 2006-10-19 Taking issue with many orthodox views of Film Noir Frank Krutnik argues for a reorientation of this compulsively engaging area of Hollywood cultural production Krutnik recasts the films within a generic framework and draws on recent historical and theoretical research to examine both the diversity of film noir and its significance within American popular culture of the 1940s He considers classical Hollywood cinema debates on genre and the history of the emergence of character in film noir focusing on the hard boiled crime fiction of Dashiell Hammett Raymond Chandler and James M Cain as well as the popularisation of Freudian psychoanalysis and the social and cultural upheavals of the 1940s The core of this book however concerns the complex representation of masculinity in the noir tough thriller and where and how gender interlocks with questions of genre Analysing in detail major thrillers like The Maltese Falcon Double Indemnity Out of the Past and The Killers alongside lesser known but nonetheless crucial films as Stranger on the Third Floor Pitfall and Dead Reckoning Krutnik has produced a provocative and highly readable study of one of Hollywood most perennially fascinating groups of films

The Seventies Shelton Waldrep, 2013-11-26 The Seventies is must reading for anyone who wants to revisit that glam decade and the contributions it made to our culture The contributors take you on a fascinating journey that looks at the Black Panthers Jonestown glam rock black action films and gay male subcultures as well as including queer rereadings of cultural phenomena examinations of clothing and seventies bodies and an essay on the meaning of sound in the seventies

Social Communication Klaus Fiedler, 2011-03-15 This volume is devoted to the fascinating topic of social communication fascinating because communication is ubiquitous in that one cannot not communicate And yet the art of effective communication can be extremely demanding and elusive because a tricky trade off problem has to be solved For communication to be successful it must be at once informative somehow indicating an intended direction of thought or action as well as subtle somehow concealing intentions and instrumental goals Failure to meet the

former criterion renders communication uncontrolled and haphazard failure to meet the latter raises suspicion and reactance The chapters in this volume focus on the tools and repertoires evolved by social communication in order to deal with this demanding trade off They represent prominent paradigms of current research at the interface of communication and social psychology presented by leading scholars who have played crucial roles in the development of those paradigms The sixteen chapters are grouped into four major sections communication within and between groups and cultures strategic communication social communication affect and behaviour regulation and social communication and adaptive behaviour regulation Individual chapters are devoted to such intriguing topics as stereotypes and intergroup affairs language and culture deception and lie detection persuasion discussions in groups logic of conversation nonverbal cues conversational implicatures the impact of conversation situations and social distance and the evolution of verbal communication The volume is framed by an introduction and an epilog Social Communication is essential reading for senior undergraduates graduates and researchers working in the field of social communication language and social psychology and related areas in social science such as communication science linguistics and gender studies
