**The Mitred Earl** Brian Fothergill, 1974-01      **The mitred earl** Brian Fothergill, 1974      **The British Country House in the Eighteenth Century** Christopher Christie, 2000 This work explores the British country house between 1700 1830 and looks at the lives of the noblemen and the servants who inhabited them Reference is made to the whole of the British Isles and there is a discussion of their political significance      **The Irish in Eighteenth-Century Bordeaux** Charles C. Ludington, 2023-11-24 The Irish in Eighteenth Century Bordeaux is a collection of ten essays by internationally known scholars of Irish British French and Atlantic History that covers the entire period in which there was a substantial Irish colony in Bordeaux 1689 1815 Among the topics discussed are the growth and decline of the community and the reasons for both the daily lives and assimilation of the Irish in Bordeaux the numerous activities and institutions in which the Irish were involved and the patterns of trade and the major commodities that were traded This volume argues that the Irish community in Bordeaux was a product of contingent factors including religious bigotry and war but mostly because of commercial and educational opportunities that were not available in Ireland itself This confessionally mixed Irish community made remarkable contributions to Atlantic European and global production consumption and trade especially in Bordeaux wine The book will enlarge complicate and challenge our understanding of the eighteenth century European and Atlantic worlds Students and scholars who are interested in early modern immigrant and trading communities the impact of religious tolerance and intolerance the development of international trade networks and the production and meaning of commodities will find it invaluable      **The Mitred Earl** Brian Fothergill, 1988 Biography of Frederick Hervey Earl of Bristol and Bishop of Derry      **Field Day Review 9 (2013)** Allen Feldman, Daniel Finn, Susan McKay, Willie Doherty, Declan McGonagle, Paul Laughlin, Patrick Maley, Brian Gurrin, Kerby Miller, Lisa Rodgers, Seamus Deane (ed), Ciarán Deane (ed), 2013-10-18 A special issue of the annual Field Day Review dedicated to the City of Derry and environs in celebration of Derry City of Culture UK 2013      *The Anglican Episcopate 1689-1800* Nigel Aston, William Gibson, 2023-03-15 The eighteenth century bishops of the Church of England and its sister communions had immense status and authority in both secular society and the Church They fully merit fresh examination in the light of recent scholarship and in this volume leading experts offer a comprehensive survey and assessment of all things episcopal between the Glorious Revolution of 1688 and the early nineteenth century These were centuries when the Anglican Church enjoyed exclusive establishment privileges across the British Isles apart from Scotland The essays collected here consider the appointment and promotion of bishops as well as their duties towards the monarch and in Parliament All were expected to display administrative skills some were scholarly others were interested in the fine arts most were married with families All of these themes are discussed and Wales Ireland Scotland and the American colonies receive specific examination      **The Religious Condition of Ireland 1770-1850** Nigel Yates, 2006-02-02 Nigel Yates provides a major reassessment of the religious state of Ireland between 1770 and 1850 He

argues that this was both a period of intense reform across all the major religious groups in Ireland and also one in which the seeds of religious tension which were to dominate Irish politics and society for most of the nineteenth and twentieth centuries were sown. He examines in detail from a wide range of primary sources the mechanics of this reform programme and the growing tensions between religious groups in this period showing how political and religious issues became inextricably mixed and how various measures that might have been taken to improve the situation were not politically or religiously possible.

**The Mitred Earl** Brian Fothergill, 2010-01 The eccentricities of the Hervey family in the eighteenth century caused it to be said that when God created the world he made men, women and Herveys. By far the most eccentric of them all was Frederick Hervey, the subject of this biography, Earl of Bristol and Bishop of Derry, Traveller, politician, rabble-rouser, scholar, collector and the subject of a series of amorous adventures. His life was a continual source of amazement to his contemporaries. Horace Walpole condemned his profligate folly, John Wesley praised his plentiful good works and George 111 denounced him as that wicked prelate. As a patron of the arts he was responsible for building three great houses of which Ickworth in Suffolk is now the only survivor. As a traveller he spent money lavishly and startled foreigners by his extraordinary dress. The many Bristol hotels in Europe are named after him. In politics he was a staunch Whig and though an Anglican Bishop he bravely defended the rights of Catholics and Presbyterians in Ireland, joining vigorously in the movement for emancipation and reform. His political intrigues in Europe at the time of the French Revolution landed him for a brief spell in prison but failed to suppress his irresistible zest for life and adventure. Frederick Hervey lived the sort of life that was well suited to Brian Fothergill's biographical penchants that always flourished on the more outre margins of eighteenth and early nineteenth century history. Faber Finds is reissuing four of Brian Fothergill's books: *The Cardinal King*, *The Mitred Earl*, *Nicholas Wiseman* and *The Strawberry Hill Set*.

*Elite Women in English Political Life c.1754-1790* Elaine Chalus, 2005-06-16 Based on wide-ranging original research into political, personal and general correspondences across a period of significant social and political change, this book explores the gendered nature of politics and political life in eighteenth-century England by focusing on the political involvement of female members of the political elite. Elaine Chalus challenges the notion that only exceptional women were involved in politics, that their participation was necessarily limited and indirect, and that their involvement was inevitably declining after the 1784 Westminster Election. While exceptional women did exist and gender did condition women's participation, the personal, social and particularly the familial nature of eighteenth-century politics provided more women with a wider variety of opportunities for involvement than ever before. Women from politically active families grew up with politics, absorbing its rituals, and their own involvement extended from politicized socializing up to borough control and election management. Their participation was often accepted, expected or even demanded, depending upon family traditions, personal abilities and the demands of political expediency. Chalus reveals that although women's involvement in political life was always potentially more problematic than men's, given contemporary

concerns about the links between sex politics and corruption their participation was largely unproblematic as long as their activities could be explained by recourse to a familial model which depicted their participation as subordinate and supportive of men's. It was when they came to be seen as the leading political actors in a cause that they overstepped the mark and became targets of sexualized criticism. Contemporary critics worried that politically active women posed a threat to male polity but what actually made them threatening was that they proved that women were not politically incompetent and implicitly demonstrated that gender was not a reason for political exclusion. Although the dividing line between acceptable and unacceptable female political behaviours was sharper from the late eighteenth century onward Chalus suggests that women who were willing to work creatively within the familial model could and did remain politically active into and through the nineteenth century.
