Rosier, 2010 Presents the history of the Mohawk in North America from the first encounters with Europeans in the seventeenth century to conflicts and wars up to the American Revolution to the settlements and assimilation in the nineteenth and twentieth centuries Field & Stream, 1987-04 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations **New York State Censuses and Substitutes** William Dollarhide, 2006 Census records and name lists for New York are found mostly at the county level which is why this work shows precisely which census records or census substitutes exist for each of New York's sixty two counties and where they can be found In addition to the numerous statewide official censuses taken by New York this work contains references to census substitutes and name lists for time periods in which the state did not take an official census It also shows the location of copies of federal census records and provides county boundary maps and numerous state census facsimiles and extraction forms **Children of Aataentsic** Bruce G. Trigger, 1988-09-01 Trigger's work integrates insights from archaeology history ethnology linguistics and geography This wide knowledge allows him to show that far from being a static prehistoric society quickly torn apart by European contact and the fur trade almost every facet of Iroquoian culture had undergone significant change in the centuries preceding European contact He argues convincingly that the European impact upon native cultures cannot be correctly assessed unless the nature and extent of precontact change is understood His study not only stands Euro American stereotypes and fictions on their heads but forcefully and consistently interprets European and Indian actions thoughts and motives from the perspective of the Huron culture The Children of Aataentsic revises widely accepted interpretations of Indian behaviour and challenges cherished myths about the actions of some celebrated Europeans during the heroic age of Canadian history In a new preface Trigger describes and evaluates contemporary controversies over the ethnohistory of eastern Canada **Utility Corporations** United States. Federal Trade Commission, 1934 Atlas of the Indian Tribes of North America and the Clash of Cultures Nicholas J. Santoro, 2009 Atlas of the Indian Tribes of the Continental United States and the Clash of Cultures The Atlas identifies of the Native American

tribes of the United States and chronicles the conflict of cultures and Indians fight for self preservation in a changing and demanding new world The Atlas is a compact resource on the identity location and history of each of the Native American tribes that have inhabited the land that we now call the continental United States and answers the three basic questions of who where and when Regretfully the information on too many tribes is extremely limited For some there is little more than a name The history of the American Indian is presented in the context of America s history its westward expansion official government policy and public attitudes By seeing something of who we were we are better prepared to define who we need to be The Atlas will be a convenient resource for the casual reader the researcher and the teacher and the student alike A unique feature of this book is a master list of the varied names by which the tribes have been known throughout history
