Friedman,2023-10-13 Woody Allen Mel Brooks Sidney Lumet and Paul Mazursky all sons of East European Jews remain among the most prominent contemporary American film directors In this revised updated second edition of American Jewish Filmmakers David Desser and Lester D Friedman demonstrate how the Jewish experience gives rise to an intimately linked series of issues in the films of these and other significant Jewish directors The effects of the Holocaust linger both in gripping dramatic form Mazursky s *Enemies a Love Story* and in black comedy Brooks s *The Producers* In his trilogy consisting of *Serpico* *Prince of the City* and *Q* A Lumet focuses on the failure of society s institutions to deliver social justice Woody Allen portrays urban life and family relationships Manhattan and Hannah and Her Sisters sometimes with a nostalgic twist *Radio Days* This edition concludes with a newly written discussion of the careers of other prominent Jewish filmmakers such as Steven Spielberg Barry Levinson Brian Singer and Darren Aronofsky **A Reference Guide for English Studies** Michael J. Marcuse,2023-11-15 Contemporary Jewish-American Novelists Joel Shatzky,Michael Taub,1997-07-16 Since World War II Jewish American novelists have significantly contributed to the world of literature This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures While the volume profiles major canonical figures such as Saul Bellow Norman Mailer and Bernard Malamud it also aims to be more inclusive than other works on contemporary Jewish American writers Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definition of Jewish religious and cultural traditions Art Spiegelman whose controversial *Maus* R established a new genre by combining elements of the comic book and the conventional novel and newcomers such as Steve Stern and Max Apple who have become more prominent within the last decade Each entry includes a brief biography a discussion of major works and themes an overview of the novelist s critical reception and a bibliography of primary and secondary sources A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources of information Since World War II Jewish American novelists have made

numerous significant contributions to contemporary literature. Authors of earlier generations would frequently write about the troubles and successes of Jewish immigrants to America and their works would reflect the world of European Jewish culture. But like other immigrant groups, Jewish Americans have become increasingly assimilated into mainstream American culture. Many feel the loss of their heritage and long for something to replace the lost values of the old world. This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II. Included are entries for both well known and relatively obscure novelists, many of whom are just becoming established as significant literary figures. While the volume profiles major canonical figures such as Saul Bellow, Norman Mailer, and Bernard Malamud, it also aims to be more inclusive than other works on contemporary Jewish American writers. Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz, whose works challenge the more orthodox definitions of Jewish religious and cultural traditions. Art Spiegelman, whose controversial *Maus* established a new genre by combining elements of the comic book and the conventional novel, and newcomers such as Steve Stern and Max Apple, who have become more prominent within the last decade. Each entry includes a brief biography, a discussion of major works and themes, an overview of the novelist's critical reception, and a bibliography of primary and secondary sources. A thoughtful introduction summarizes Jewish American fiction after World War II, and a selected general bibliography lists additional sources for information.

People of the Body Howard Eilberg-Schwartz, 2012-02-01. By shifting attention from the image of Jews as a textual community to the ways Jews understand and manage their bodies—for example, to their concerns with reproduction and sexuality, menstruation, and childbirth—this volume contributes to a revisioning of what Jews and Judaism are and have been. The project of remembering the Jewish body has both historical and constructive motivations. As a constructive project, this book describes, renews, and participates in the complex and ongoing modern discussion about the nature of Jewish bodies and the place of bodies in Judaism.

Complicating Constructions David S. Goldstein, Audrey B. Thacker, 2011-10-01. This volume of collected essays offers truly multiethnic, historically comparative, and meta-theoretical readings of the literature and culture of the United States. Covering works by a diverse set of American authors from Toni Morrison to Bret Harte, these essays provide a vital supplement to the critical literary canon, mapping a newly variegated terrain that refuses the distinction between ethnic and nonethnic literatures.
