The Most Offending Soul Alive Judith M. We Europeans? Tony Kushner, 2017-03-02 *We Europeans* is the first book length study of the original mass observation project It is also the first detailed historical study of the formation of ordinary people s racial attitudes in Britain Drawing upon historical literary cultural and anthropological approaches this book examines the sources of cultural identity in Britain in the twentieth century and how these were shaped through the influences of family education and everyday high and low culture The examination focuses on the archives of the British social anthropological organization Mass Observation and is the first

detailed history of it to be published Founded in the 1930s by poets psychoanalysts surrealists and sociologists among others the purpose of the organization was to create an anthropology of the British people by the natives themselves through the use of diaries directives and special surveys The organization was active from 1937 to 1951 then revived in the 1980s when a new group of Mass Observers were recruited to keep diaries and respond to directives Both the historical archive of Mass Observation and the more recent material provide fascinating insight into the everyday lives and formation of identities of ordinary people in Britain Kushner places the material from these archives in the context of other contemporary writings through them he explores grassroots identities in Britain in relation to the outside world especially Europe but also the former Empire and the USA This study will be of interest to scholars of sociology cultural studies literary studies and history who are particularly interested in race race relations immigration and cultural difference

Rebellion in Brunei Harun Abdul Majid, 2007-06-27 Brunei has long been associated with massive oil resources and the stability that its wealth can guarantee But little is known of the revolt of 1962 that might have changed the fortunes of the sultanate and the fate of Southeast Asia In theory Brunei is a constitutional sultanate but in practice it is an absolute monarchy Since the 1962 rebellion a state of emergency has been in force and the Sultan has ruled by decree It is a small state in a region dominated by the superpower of China and its size is a significant factor in determining the country's policy towards defence and security territorially politically and economically This is the first comprehensive history of the Brunei Rebellion which was the trigger for the Indonesia Malaysia confrontation of the 1960s and of critical importance in understanding the history of the region Harun Abdul Majid explores the turmoil throughout Southeast Asia that was the backdrop to the rebellion and analyses how Brunei not only survived but actually emerged from this turbulent period as a stronger and more coherent political state Among other issues he asks how did events affect the position of the Sultan and the people of Brunei How did the relationship with the United Kingdom evolve And what happened next The revolt of 1962 was a small armed uprising in support of a Borneo Federation consisting of Brunei Sarawak and North Borneo It opposed the Malaysian Federation which was seen as a buttress of British and Western imperial interest In a period of great tension between the West and the Communist world China viewed the rebellion as a national liberation war and it was quickly suppressed by the British Emergency Force But although the rebellion itself was short lived the consequences for the region's international relations within Asia and with the West especially given Brunei's emergence as a significant oilproducer were far reaching

Our People's War Jeremy Crang, 2024-10-17 An Independent Book of the Month What was the mood of the British people during the middle and later years of the Second World War How did they react to the major military and domestic events of the period What issues were uppermost in their minds What incidents caused particular public interest and controversy These are some of the insights provided by this remarkable collection of contemporary wartime documents During the Second World War Home Intelligence a unit of the Ministry of Information closely monitored British public attitudes on the home

front and compiled secret reports on the state of popular morale which were circulated around Whitehall In this volume leading historian of the period Jeremy Crang brings together selected Home Intelligence reports from June 1941 to December 1944 to offer us a fascinating real time glimpse into the mindset of the British people during these long years of struggle The reports provide a unique window into public responses to the shifting military fortunes of the war including the German invasion of the Soviet Union the Japanese attack on Pearl Harbor the British and Commonwealth victory at El Alamein the strategic bombing of Germany the defeat of Italy and the Allied landings in Normandy They also include much valuable information on the continuing stresses and strains of wartime life such as the blackout rationing fuel economy and strikes as well as the V weapon attacks of 1944 which brought back all the horrors of the Blitz Alongside this hopes and fears about the post war world come to feature strongly and Home Intelligence carefully documented attitudes to the Beveridge report as well as other aspects of reconstruction Introduced by the editor and incorporating an extensive glossary this collection is an exceptional record of popular opinion on the British home front as the tide of war gradually turned from defeat to victory It is indispensable in understanding both the unity and diversity of wartime Britain as well as the many sided experience of living through Our People s War

The Mass Observers James Hinton, 2013-03-14 This is the first full scale history of Mass Observation the independent social research organisation which between 1937 and 1949 set out to document the attitudes opinions and every day lives of the British people Through a combination of anthropological fieldwork opinion surveys and written testimony solicited from hundreds of volunteers Mass Observation created a huge archive of popular life during a tumultuous decade which remains central to British national identity The social history of these years has been immeasurably enriched by the archive and extracts from the writings of M O s volunteers have won a wide and admiring audience Now James Hinton whose acclaimed *Nine Wartime Lives* demonstrated how the intensely personal writing of some of M O s volunteers could be used to shed light on broader historical issues has written a wonderfully vivid and evocative account which does justice not only to the two founders whose tempestuous relationship dominated the early years of Mass Observation but also to the dozens of creative and imaginative and until now largely unknown young enthusiasts whose work helped to keep the show on the road The history of the organisation itself the staff the research methods the struggle for funding M O s characteristic voice and its role in the cultural and political life of the period are themselves as interesting as any of the themes that the founders set out to document This long awaited and deeply researched history corrects and revises much of our existing knowledge of Mass Observation opens up new and important perspectives on the organisation and will be seen as the authoritative account for years to come

Prep School Children Vyvyen Brendon, 2009-10-13 Since the days when nine year old Tom Brown set off by stage coach to be prepared for entry to Rugby middle class British boys have been sent away to prep school Here children aged seven to thirteen have been systematically groomed for public school for gentlemanly life for military service for colonial rule and for worldly or in the case of Harry Potter wizardly success In a

compelling and sometimes shocking account Vyvyan Brendon dwells not on the adult purposes behind a peculiarly British institution but on the lives of the children More than two hundred youngsters appear in these pages describing their schooldays through memoirs letters diaries poetry fiction and interviews The impressions left happy or miserable comic or tragic were indelible The pupils responses were seldom expressed at the time for according to the ancient maxim children should be seen but not heard This book gives them a voice In doing so it reveals a neglected area in the history of childhood and casts a sharp beam of light on the national character

KILL THE MAJOR (Second Edition) Paul Malone, 2023-02-07

The true story of the 42 Australian New Zealand and British guerrillas and their Borneo warrior allies who fought behind Japanese lines in World War II and forced the surrender of the last two Japanese companies ten weeks after World War II's official end Over 1 000 Japanese were killed in the Semut I operation a casualty rate out of all proportion to the small size and armaments of the force But rather than revere and praise their leader after the war many of the guerrillas recounted their hatred for their British major Tom Harrison One of those amazing stories that wars throw up Steven Carroll The Sydney Morning Herald The Age Kill the Major reveals much that will be news to the descendants of the Kelabit warriors Dr Philip Raja President Rurum Kelabit Sarawak While it is now 75 years since Special Operations Australia SOA conducted its most successful operation throughout the course of the Second World War the author has provided a refreshing review of events and he has reignited much debate over the legacy of Operation Semut Major Rtd Jim Truscott Commando The Magazine of the Australian Commando Association Malone's fascinating book reveals that the Allied guerrillas with the help of traditional headhunting local tribesmen did an outstanding job after being dropped into the Borneo jungle during the Pacific War In particular Malone builds a strong argument that the 9th Division should have accepted the guerrillas accurate intelligence and moved inland to round up the two big groups of Japanese roaming the interior Instead following the official Japanese surrender they chose to withdraw leaving the loyal locals at the mercy of the Japanese Brian Toohey National security writer and former Canberra and Washington correspondent Australian Financial Review

Borneo: The Last Campaign Michael Veitch, 2025-08-26

From bestselling author Michael Veitch Australia's Secret Army Turning Point comes the story of the brilliant yet controversial campaign which ended Australia's involvement in World War II Borneo The Last Campaign tells the story of Operation OBOE the massive three pronged assault on the vast Japanese held island of Borneo in 1945 It was one of the largest amphibious invasions of the entire war and a virtually all Australian operation Over the final twelve weeks of World War Two the 1st Australian Army Corps chased down and fought the remnants of the Japanese army over burning oil fields up languid tropical rivers along leech ridden jungle tracks and across endless hills valleys and ridges Far from being the easy mopping up the men had been told to expect Borneo turned out to be as savage as anything the Aussies had hitherto encountered in the Pacific as the Japanese despite the inevitability of their defeat continued fighting with fanaticism tenacity and shocking brutality Immensely complex but brilliantly planned OBOE called for Australia's two

most famous Infantry Divisions the 7th and 9th to storm ashore at three separate landing areas supported by US and Australian naval forces and local Dyak guerrilla fighters Their objectives were to secure Borneo's oil facilities and liberate its long suffering people Although now largely forgotten as well as mired in the controversy that it had little effect on the overall outcome of the war the skill bravery and determination showed by the average Australian soldier on Borneo many of whom were fighting their one and only battle of the war is beyond question OBOE involved more than 70 000 Australian military personnel of which over 2000 became casualties with nearly 600 killed It was also where the two final Australian Victoria Crosses of the war were won as well as literally dozens of other awards for bravery OBOE was superbly executed achieved all of its objectives and was the very last sustained Allied action of World War Two Drawing on a myriad of firsthand sources and interviews with the two last surviving veterans Borneo The Last Campaign examines the lead up the landings and the campaign itself in never before published detail Once again Michael Veitch provides a compelling and fascinating account of a part of Australian war history that deserves to be recognised
