The Invention of Green Colonialism Guillaume Blanc, 2022-06-08 The story begins with a dream the dream of Africa Virgin forests majestic mountains surrounded by savannas vast plains punctuated with the rhythms of animal life where lions elephants and giraffes reign as lords of nature far from civilization all of us carry such images in our heads imagining Africa as a timeless Eden untouched by the ravages of modernity But this Africa has never existed The more we destroy nature here the more we fantasize about it in Africa Along with UNESCO the WWF and other organizations we convince ourselves that the African national parks are protecting the last vestiges of a world once untouched and wild In reality argues Guillaume Blanc these organizations are responsible for naturalizing large tracts of the African continent turning territories into parks and forcibly evicting thousands of people from the lands where they have lived for centuries Making use of archives and oral histories Blanc investigates this battle for a phantom Africa and the contradictory claims of nations who destroy nature at home while believing that they are protecting the natural world abroad In so doing they enact a new type of colonialism green colonialism

Xenophon on Violence Aggelos Kapellos, 2019-10-21 This volume examines the issue of violence in Xenophon's works who lived in circumstances of war for many years All the papers address issues of violence from different aspects The exclusive focus on this issue is justified since no previous detailed study exists on the subject Most of the chapters focus on the Hellenica because this work records more aspects of violence than the rest of his works The volume is more concerned with examining violence in practice rather than the theory of violence and violent practices are more frequently recorded in the Hellenica which is the main historical work of Xenophon This volume attempts to provide a comprehensive study of the subject of violence in Xenophon's works and to demonstrate the coherence and consistency of his thought on it This work aspires to be a contribution to classical scholarship since it attempts to 1 shed further light on the literary character of Xenophon's oeuvre 2 offer new interpretation of passages

and themes and 3 put emphasis on passages that scholars have not pointed out and which offer important insights to the thought of Xenophon
