Themes and Conclusions Igor Stravinsky, 1982 This is the final volume in the legendary series of Stravinsky's conversations with Robert Craft In his foreword dated March 1971 shortly before his death Stravinsky wrote of his final work of words They are hardly the last words about myself or my music that I would like to have written and in fact they say almost nothing about the latter except tangentially in comments on Beethoven It is almost five years now since I have completed an original composition a time during which I have had to transform myself from a composer to a listener The vacuum which this left has not been filled but I have been able to live with it thanks in the largest measure to the music of Beethoven It is certain now that I will not be granted powers such as have recently enable Casals to publish a book at an age six years greater than mine But I am thankful that I can listen to and love the music of other men in a way I could not do when I was composing my own Although Stravinsky may have written nothing new about his music in his last years this book collects together a number of his programme notes about his own works among them the Symphonies of Wind Instruments and Jeu de Carte and there are waspish letters to the press wide ranging interviews prefaces and reviews and a whole

section entitled Squibs Readers who enjoyed the earlier volumes of recollections will find this final volume equally enlightening diverting and enriching This unique series of memories is essential reading for all students and lovers of Stravinsky

Dialogues Igor Stravinsky, Robert Craft, 1982 The Music of Igor Stravinsky Pieter C. Van den Toorn, 1983
Studie over het werk van de Russische componist 1882 1971 *Simply Stravinsky* Pieter van den Toorn, 2020-03-05

This is a short book but a teeming one boiling over with the insights that have accrued over forty years and more ever since Pieter van den Toorn set the musicological world on its ear with his revelations about Stravinsky's creative methods deduced from an unprecedentedly close and fruitful examination of the published scores Since then he has been at the manuscripts as well and has made even further reaching observations about Stravinsky's epochal rhythmic innovations All of this he now places at the disposal of musicians and general readers laid out with a chronology of the composer's life and times a great gift to us all and a fitting crown to a most distinguished scholarly career Richard Taruskin author of *Stravinsky and the Russian Traditions*

Born and raised in St Petersburg Russia Igor Stravinsky 1882 1971 divided his time between law studies and music until 1906 when under the tutelage of composer Nikolai Rimsky Korsakov he dedicated himself exclusively to composition Five years later he achieved international fame with his ballet scores *The Firebird* *Petrushka* and *The Rite of Spring* the last of which caused a riot at its Paris premiere in 1913 For the next 50 years both Stravinsky's music style and his life were characterized by dramatic changes as he moved from his Russian period to neo classicism to serialism and from Russia to Switzerland to France to the United States Yet no matter how much his style changed his music was always distinctively his and his compositions remain among the greatest produced in the twentieth century In *Simply Stravinsky* Professor Pieter van den Toorn takes a fresh look at the composer and his legacy providing a compact exciting and accessible introduction to the twentieth century's most celebrated composer and his timeless music From Stravinsky's apprenticeship in St Petersburg to his life among the migr community in Southern California Prof van den Toorn shows how the composer's music was tied to his personality and how it came to influence artists from Aaron Copland to Philip Glass Designed for classical music beginners as well as those who want to know more about one of the great musical innovators *Simply Stravinsky* is an insightful and highly readable portrait of the man who helped define modern music
