The Politics Of The Feminist Novel:

The Politics of the Feminist Novel Judi Roller, 1986-03-18 Judi M Roller's *The Politics of the Feminist Novel* demonstrates powerfully that a female writer's political attitudes are likely to influence her style as well as her choice of subject and material. In compact yet stunningly comprehensive chapters Roller shows that political novels by women share several characteristics: an anti-authoritarian perspective, a rejection of traditional sex roles, an end that involves death or escape, and similar symbolic patterns.

The Politics of the Feminist Novel Judi M. Roller, 1986-01-01 *Sexual/textual Politics* Toril Moi, 2002 This book examines the strengths and limitations of the two main strands in feminist criticism: the Anglo-American and the French, paying particular attention to the works of Cixous, Irigaray, and Kristeva. What are the political implications of a feminist critical practice? How do the problems of the literary text relate to the priorities and perspectives of feminist politics as a whole? *Sexual Textual Politics* addresses these fundamental questions and examines the strengths and limitations of the two main strands in feminist criticism: the Anglo-American and the French. It pays particular attention to the works of Cixous, Irigaray, and Kristeva, and since publication this book has rightly attained the status of a classic. Although written for readers with little knowledge of the subject, *Sexual Textual Politics* makes its own intervention into key debates, arguing provocatively for committedly political and theoretical criticism rather than a textual or apolitical approach. With a new afterword in this edition, *Sexual Textual Politics* is a brilliantly accessible must-read for all those interested in feminist literary theory.

Madness and Sexual Politics in the Feminist Novel Barbara Hill Rigney, 1980 *Feminism and the Politics of Literary Reputation* Charlotte Templin, 1995 Soon after its publication in 1973 *Fear of Flying* brought Erica Jong immense popular success and media fame. Alternately pegged sassy and vulgar, Jong's novel embraced the politics of the women's liberation movement and challenged the definition of female sexuality. Yet today more than twenty years and several books later, literary reputation continues for the most part to elude Jong. Typecast by her adversaries as a media-seeking sensationalist, Erica Jong has been unfairly side-stepped by academia. Charlotte Templin contends: "In this carefully researched study, augmented by personal interviews with Jong, Templin assembles and analyzes the medley of responses to Jong's books by reviewers, critics, writers, academics, and the media by liberals, conservatives, and feminists. She examines the diverse opinions on the merit and relevance to contemporary life of *Fear of Flying*, the invocation of a high culture/low culture dichotomy to discredit *How to Save Your Own Life*, the anatomy of literary success with Fanny, Jong's reception in a postfeminist age, and the trivialization of Jong's works that is inevitable with mass media exposure. Templin also shows how antagonistic reviewers tend to identify Jong with her fictitious characters, a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman. In turn, she shows how reviewers reveal something of their own values and ideological biases in their critiques, and how literary reputations are built, destroyed, and altered over time. The first book to make a detailed examination of the reputation of a woman writer, *Feminism and the Politics of Literary*

Reputation provides an excellent case study for the literary reception of women writers within a broad cultural context. Templin's analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores.

The Impact of Feminism on Political Concepts and Debates Georgina Blakeley, Valerie Bryson, 2007-10-15 Many feminists have engaged with man made concepts and approaches of traditional political analysis to produce an increasingly sophisticated and wide ranging body of thought. This book starts with the idea that such work is not simply something for the girls. Rather it has profound implications without which our understanding of political processes will be impoverished. This book provides an accessible overview and assessment of the impact of recent feminism. Each chapter takes a mainstream concept and examines critical debates around it and feminist reactions critiques. It analyses the significance of feminism for the concept and considers whether it can simply be extended to include women or whether it should be radically transformed or even abandoned.

Redefining the Political Novel Sharon M. Harris, 1995 While critical studies of the American political novel date from the 1920s such considerations of the genre have failed whether wittingly or unwittingly to recognize works by women. The exclusion is usually based on a distinction between social novels and political novels and the result is an understanding of the political as a largely male province. In this thought provoking collection of essays the contributors seek not simply to add works by women to the canon of political novels but rather to demand a conceptual revolution one that questions the very precepts on which the canon is based. This redefinition of the political novel takes many factors into account including gender race and class and their relation to our most basic conceptions of literary and aesthetic value.

The Politics of Theory Francis Barker, 1983 **Feminist Aesthetics and the Politics of Modernism** Ewa Płonowska Ziarek, 2012

Ewa Ziarek fully articulates a feminist aesthetics focusing on the struggle for freedom in women's literary and political modernism and the devastating impact of racist violence and sexism. She examines the contradiction between women's transformative literary and political practices and the oppressive realities of racist violence and sexism and she situates these tensions within the entrenched opposition between revolt and melancholia in studies of modernity and within the friction between material injuries and experimental aesthetic forms. Ziarek's political and aesthetic investigations concern the exclusion and destruction of women in politics and literary production and the transformation of this oppression into the inaugural possibilities of writing and action. Her study is one of the first to combine an in-depth engagement with philosophical aesthetics, especially the work of Theodor W. Adorno, with women's literary modernism, particularly the writing of Virginia Woolf and Nella Larsen, along with feminist theories on the politics of race and gender. By bringing seemingly apolitical gender-neutral debates about modernism's experimental forms together with an analysis of violence and destroyed materialities, Ziarek challenges both the anti-aesthetic subordination of modern literature to its political uses and the appreciation of art's emancipatory potential at the expense of feminist and anti-racist political struggles.
