The Moon Rock Heist:

The Moon Rock Heist Betty Harman, Nancy Meador, 1988-01-01 Joseph and his Vietnamese American friend Huy investigate the disappearance of a moon rock loaned by NASA to their high school in Galveston Bay **Sex on the Moon** Ben Mezrich, 2011-07-12 From the bestselling author of *The Accidental Billionaires* and *Bringing Down the House* this is the incredible true story of how a college student and two female accomplices stole some of the rarest objects on the planet moon rocks from an impregnable high tech vault But breaking into a highly secure laboratory wasn't easy Thad Roberts an intern in a prestigious NASA training program would have to concoct a meticulous plan to get past security checkpoints an electronically locked door with cipher security codes and camera lined hallways even before he could get his hands on the 600 pound safe And then how was he supposed to get it out And what does one do with an item so valuable that it's illegal even to own With his signature high velocity style Mezrich reconstructs the outlandish heist and tells a story of genius love and duplicity that reads like a Hollywood thrill ride **A Rock Fell on the Moon** Alicia Priest, 2014-09-16 In its heyday in the 1950s and 60s the remote community of Elsa 300 miles north of Whitehorse in the Yukon Territory was the epicentre of one of the world's most lucrative silver mining operations an enterprise that far surpassed the riches produced during the iconic Klondike gold rush For twelve of those years Gerald Priest was the chief assayer for United Keno Hill Mines UKHM the major player in the region Priest was a clever man who could as easily carry the role of refined gentleman as he could rustic mountain man As far as ten year old Alicia Priest was concerned her father Gerry's life in Elsa was perfect a home rich with music books and pets where he never had to boil a kettle or wash a sock a well paying job a beautiful and affectionate wife and two daughters who revered him as only little girls can But as Alicia grows older she realizes that perhaps her dad saw things differently with four female dependents an ailing wife who couldn't give him the son he wanted a religiously fanatical mother in law and a tedious dead end job Escape becomes possible when Gerry stakes the Moon Claims and discovers a phenomenal silver rich boulder enough silver to make him and his family rich and fund their relocation south But when Gerry tries to smelt and sell the ore UKHM calls the RCMP Too many things don't add up geologists find the former assayer's boulder story improbable the manpower required to hand mine and transport seventy tons of rock across the Yukon terrain is beyond Herculean and most suspiciously Gerry's ore looks a lot like the ore found in UKHM's Elsa mine In *A Rock Fell on the Moon* Alicia Priest consults letters news stories archived RCMP files and court documents and interviews with former mine employees litigators and police investigators to piece together the full story of her father's infamous heist The result is a lively heartrending account of a mysterious crime that came extraordinarily close to succeeding a fascinating look into the small mining communities that once thrived in the Yukon and the personal story of the Priest family who could only watch aghast as the life they knew crumbled around them As she uncovers more of the story Alicia must reconcile two different versions of her father the fun loving bush savvy adventurer who raised her and the man accused and convicted of the Great
