Perry,2003-09-08 Capitalize on the child appeal of fantasy literature to create challenging activities that address the 12 Standards of the English Language Arts sponsored by NCTE and IRA This guide contains practical ideas that enable the teacher or librarian to incorporate acclaimed fantasy literature in the elementary and middle school curriculum and also serves as a reference guide to parents seeking outstanding examples of fiction for students Each fantasy novel is accompanied by a plot summary and list of major characters a comprehension check a vocabulary exercise discussion questions reference topics and suggested multidisciplinary extension activities Fantasy book selection includes Harry Potter and the Goblet of Fire The Hobbit The Dark is Rising Tuck Everlasting Poppy James and the Giant Peach Ella Enchanted The Amber Spyglass *New Directions in Children's Gothic* Anna Jackson,2017-03-27 Children s literature today is dominated by the gothic mode and it is in children s gothic fictions that we find the implications of cultural change most radically questioned and explored This collection of essays looks at what is happening in the children s Gothic now when traditional monsters have become the heroes when new monsters have come into play when globalisation brings Harry Potter into China and yaoguai into the children s Gothic and when childhood itself and children s literature as a genre can no longer be thought of as an uncontested space apart from the debates and power struggles of an adult domain We look in detail at series such as The Mortal Instruments Twilight Chaos Walking The Power of Five Skulduggery Pleasant and Cirque du Freak at novels about witches and novels about changelings at the Gothic in China Japan and Oceania and at authors including Celia Rees Frances Hardinge Alan Garner and Laini Taylor amongst many others At a time when the energies and anxieties of children s novels can barely be contained anymore within

the genre of children's literature spilling over into YA and adult literature we need to pay attention. Weird things are happening and they matter.

The Wizard of Oz L. Frank Baum, 2012-03-27 Hailed as the first original American fairy tale, The Wizard of Oz inspired countless sequels and imitations as well as the classic American musical film and the Broadway musical The Wiz. In L. Frank Baum's imaginative story, Dorothy Gale takes a magical journey from the American heartland into the wonderful land of Oz to meet the Tin Woodman, the Scarecrow, and the Cowardly Lion.

Frontiers in American Children's Literature Dorothy Clark, Linda Salem, 2016-02-29 Frontiers in American Children's Literature is a groundbreaking work by both established and emerging scholars in the fields of children's literature, criticism, history, and education. It offers 18 essays which explore and critically examine the expanding canon of American children's books against the backdrop of a social history comprised of a deep layering of trauma and struggle, redefining what equality and freedom mean. The book charts new ground in how children's literature is telling stories of historical trauma, the racial violence of American slavery, the Mexican Repatriation Act, and the oppression and violence against African Americans in light of such murders as in the AME Mother Emanuel Church and the shooting of Michael Brown. This new frontier explores how truth-telling about racism, oppression, and genocide communicates with the young about violence and freedom in literature, transforming harsh truths into a moral vision. Frontiers in American Children's Literature will be an instant classic for fans of children's and adolescent literature, American literature, cultural studies, and students of literature in general, as well as teachers and prospective teachers. Those interested in art history, graphic novels, picture book art, African American, and American Indian literature, the digital humanities, and new media will also find this volume compelling. Authors and artists covered in these essays include Laurie Halse Anderson, M. T. Anderson, Paolo Bacigalupi, Louise Erdrich, Eric Gansworth, Edward Gorey, Russell Hoban, Ellen Hopkins, Patricia Polacco, Ann Rinaldi, Peter S. S. Lynd Ward, and Naomi Wolf, among others. Essayists examine their subjects' most provocative works on the topics of realistic depictions of slavery, oppression, and trauma, and the triumph of truth in storytelling over these experiences. From The Astonishing Life of Octavian Nothing to The Birchbark House, from the graphic novel to picture books and the digital humanities in teaching and reading, there is something for everyone in this collection. Contributors include leaders in the fields of literature and education, such as the award-winning Katherine Capshaw and Anastasia Ulanowicz. Margaret Noodin, poet and leader in American Indian scholarship and education, leads the essays on American Indian children's literature, while Steven Herb, Director of the Pennsylvania Center for the Book and an affiliate of the Center for the Book in the Library of Congress, offers an insider's view of Caldecott Medal awardee Lynn Ward.
