The Mullahs Bomb:

The Bomb, The Bank, The Mullah and The Poppies Iqbal Chand Malhotra, 2023-07-18 When and why did Pakistani prime minister Zulfikar Ali Bhutto decide to build a nuclear weapon Did he mandate Agha Hassan Abedi to launch the Bank of Credit and Commerce International BCCI to fund Pakistan's nuclear programme Why did the BCCI become privileged bankers to Pablo Escobar's Medellin Cartel General Manuel Noriega of Panama and Pakistani president General Zia ul Haq Was George H W Bush embarrassed by his ties to General Noriega General Zia ul Haq and the BCCI when he decided to run for presidency in 1988 Did Pervez Musharraf as Director General of Military Operations select Mullah Omar to head the Taliban The Bomb the Bank the Mullah and the Poppies is a historical account from a forensic perspective of how the Pakistani state innovatively used a dodgy bank poppy cultivation and trade as a means to finance its nuclear programme It reveals the convoluted psyche of the men in charge of Pakistan who clandestinely transformed Pakistan into a state where a premium was placed on thuggery deceit and deception This enabled Pakistan to grow from being a US pawn in the Reagan administration's war against the erstwhile Soviet Union to a narco nuclear state with an independent nuclear deterrent In the process the patrons of the Pakistani deep state enriched themselves with drug money at the expense of the citizens mired in abject poverty This is a story of a succession of powerful men who cleverly fooled the world into believing their innocence and helplessness when in fact the opposite was true at every juncture in the history of their nation *The Mullah*

Conspiracy, **The Iranian Time Bomb** Michael Ledeen, 2025-06-25 The War Against the Terror Masters is a must read guide to the terrorist crisis Michael A Ledeen explains in startling detail how and why the United States was so unprepared for the September 11th catastrophe the nature of the terror network we are fighting including the state sponsors of that network the role of radical Islam and the enemy collaboration of some of our traditional Middle Eastern allies and most convincingly what we must do to win the war The War Against the Terror Masters examines the two sides of the war the rise of the international terror network and the past and current efforts of our intelligence services to destroy the terror masters in the U S and overseas Ledeen's new book also visits every country in the Near East and describes the terrorist cancers in each Among many revelations that will attract wide attention How the terror network survived the loss of its main sponsor the Soviet Union How the FBI learned from a KGB defector twenty years before Osama's bin Laden's murderous assault of the existence of Arab terrorist sleeper networks inside the United States How moralistic guidelines straight jacketed the FBI from even collecting a file of newspaper clippings on known terror groups operating in America How the internal culture of the CIA and severe limitations on its ability to operate blinded us to the growth of terror networks And much more

King's African Rifles Malcolm Page, 2011-03-30 This comprehensive and complete history charts the story of the East Africans from their formation in 1902 through to the drawdown of the British Empire Soldier Whatever one may think about the rights and wrongs of colonial rule it is hard to deny that during the first half of the 20th century those African countries

which then came under British administration enjoyed a period of stability which most now look back upon with a profound sense of loss Paradoxical though it may seem one of the bulwarks of that stability was each country's indigenous army Trained and officered by the British these forces became a source of both pride and cohesion in their own country none more so than the King's African Rifles founded in 1902 and probably the best known of the East African forces In this the first complete history of the East African forces Malcolm Page who himself served in the Somaliland Scouts for a number of years has had access to much new material while researching the history of each unit from its foundation to the time of independence Historians in several fields will be grateful to him for having put on record this very important period in the annals of both Great Britain and East Africa while the memories of many who served there were still fresh and they themselves will perhaps be most grateful of all for this lasting tribute to the men they served and who served them for in that shared sense of duty lay the true spirit of East African Forces

A Time to Attack Matthew Kroenig, 2014-05-13 Iran's advanced nuclear program may be the world's most important emerging international security challenge If not stopped a nuclear capable Iran will mean an even more crisis prone Middle East a potential nuclear arms race in the region and around the world and an increased risk of nuclear war against Israel and the United States among many other imminent global threats Matthew Kroenig internationally recognized as one of the world's leading authorities on Iran's nuclear program explains why we need to take immediate steps to a diplomatic and if necessary a military solution now before Iran makes any further nuclear advances *A Time to Attack* provides an authoritative account of the history of Iran's nuclear program and the international community's attempts to stop it Kroenig explains and assesses the options available to policymakers and reflects on what the resolution of the Iranian nuclear challenge will mean for the future of international order This dramatic call to action provides an insider's account of what is being said in Washington about what our next move must be as the crisis continues to develop
