The Munros in Winter Martin Moran, 2020-11-03 The winter completion of the Munros in a single push was not only a tremendous team effort but also Martin and Joy's great love story. It was an amazing Odyssey and *The Munros in Winter* is a superb account. Sir Chris Bonington. In 1984 Martin Moran became the first person to conquer the Munros in a single winter journey. Broken Ally Beaven, 2020-12-03 The emotional pain of failing just felt like it was going to be a bit worse than the physical pain of carrying on. Attempting to break long distance running records used to be an underground endeavour until the virus stricken summer of 2020 came along. Only a few such as the Bob Graham Round in the Lake District had ever broken into mainstream consciousness. But an absence of running races thanks to the Covid 19 pandemic resulted in an unprecedented rise in the popularity of attempts at breaking these records. In *Broken* Ally Beaven takes an entertaining look at just why 2020 was so unusual for long distance running. With his interest in Fastest Known Times (FKTs) piqued, Beaven immerses himself in the scene. His summer becomes one of spending hours in the hills feeding, cajoling and generally trying to keep safe the runners he is supporting as well as following the dots of live trackers in the middle of the night and endlessly refreshing his Twitter feed as records tumble around the country. Through the stories of John Kelly's epic Grand Round, Beth Pascall's record shattering Bob Graham Round, Donnie Campbell's mind bending new mark for bagging all 282 Munros, Jo Meek's new overall record for the Nigel Jenkins Dartmoor Round and many others, Beaven brings us an inside look at the incredible FKT machine. *Broken* is the story of the summer of 2020, a historic time for running in the UK.

Scotland Chris Townsend, 2011-03-30 This comprehensive book is an excellent planning resource for those who wish to venture into the Scottish mountains. Whether you are planning a walk, scramble, climb or ski tour, this larger format guide has all the information the independent mountain lover needs. The guide covers all the mountainous areas of Scotland from south to north, divided into seven regions. Each regional chapter covers individual glens important for mountain goers, groups of hills that form coherent massifs and individual hills of significance. However, this is not a route guide and detailed descriptions are not provided. The aim of the book is to inspire and entertain as well as inform, to show first time visitors just what the Scottish mountains have to offer and provide a new perspective for those who have been before. In the descriptions, author Chris Townsend has given his opinions as to the relative qualities of the walks, glens, lochs, mountains and the landscape in general and highlighted those he thinks are the best the area has to offer. Includes descriptions of all the Scottish mountains area by area from south to north to help you identify the best locations for hill walking, mountaineering, climbing and ski touring. Classic ascents and walks described from scrambles up Ben Nevis to ski tours in the Cairngorms. A planning tool for long distance treks.
