The Protection of Indigenous Knowledge in Africa Enyinna Nwauche, 2025-02-25. This book provides a comprehensive, contemporary, and timely account of the protection of indigenous knowledge in Africa by examining issues such as the nature of indigenous knowledge as part of indigenous property and as the fulcrum of indigenous communities in Africa. Acknowledging the centrality of the members of communities of origin in the production and reproduction of indigenous knowledge, this book discusses options to manage the tension between members of the community, communities of origin, and their political community. Furthermore, the book abandons the conceptual distinction between negative and positive protection and turns towards a subject consideration of indigenous Scientific and Technical Indigenous Knowledge (STIK), indigenous heritage, indigenous designs, indigenous music, indigenous audio-visual, indigenous signs, expressions, and terms, as well as the indigenous literary works that are examined within the context of case studies of the indigenous knowledge, human and peoples' rights. The book concludes that Africa's modest record of the protection of indigenous knowledge must factor in its extensive use as the foundation of Africa's entertainment industry and recommends a tripod of community participation and reward as principles of effective protection. Building on the 2017 title of *The Protection of Traditional Cultural Expressions in Africa*, this book adopts a mixed method of a legal-pluralistic account of indigenous knowledge, using intellectual property as a lens to view indigenous knowledge and a cultural production account of indigenous knowledge, and will be useful to intellectual property lawyers, sociologists, economists, Africanists, innovation law
