David Grossman

Sleeping On A Wire:

Sleeping on a Wire David Grossman, 2003-04-19 Based on conversations with Palestinians in Israel David Grossman's *Sleeping on a Wire* like *The Yellow Wind* is essential reading for anyone trying to understand the Middle East today Israel describes itself as a Jewish state What then is the status of the one fifth of its citizens who are not Jewish Are they Israelis or are they Palestinians Or are they a people without a country How will a Palestinian state if it is established influence the sense of belonging and identity of Palestinian Israeli citizens No other Israeli writer so far has approached this touchy subject with such compassion or looked at it with so to speak bifocal eyes Israeli and Palestinian Amos Elon *The New York Review of Books* *Seamanship Techniques* D.J. House, 2018-07-03 Ideal for Merchant Navy Officers from Cadet rank to Master Mariner the fifth edition of this highly respected book is in full colour and has been updated to include more information on topics as diverse as electronic navigation and AIS technology whilst still including essential information on subjects such as safety at sea rescue operations watchkeeping duties and pollution control It covers international standards and works well on courses throughout the world *Seamanship Techniques* is written for serving mariners and nautical students from cadet to master level studying for professional marine qualifications under the International Maritime Organization as per STCW requirements Used by training establishments around the world this best seller is the only reference to both shipboard practice and ship operations that seafarers will need *Microwave Sleep Apnoea Monitoring* Nemai Chandra Karmakar, Yang Yang, Abdur Rahim, 2017-12-21 This book presents the design development and field trials of radio frequency based wireless monitoring system for sleep apnoea patients It contains 4 major areas including general background of wireless monitoring technology and MIMO in wireless body area network WBAN microwave hardware designs virtual MIMO in WBAN and hardware system level implementation and field trials At components level this book presents the design theory process and examples of bandpass filters lowpass filters low profile patch antennas power amplifiers and oscillators which are the key elements in transducer designs in the body area network and cooperative communication wireless sensor network system At system level this book features the hardware integration field trial and network coding techniques This book also gives a presentation of virtual MIMO applications e.g MIMO implementation using FPGA correlation coefficient measurement The book will create impact in the fields of wireless monitoring technology in biomedical engineering which have been growing exponentially Boring Bedtime Stories for Sleep 2 Books in 1 Sleeptime Publications, Two delightfully dull audiobooks in one bundle because nothing says bedtime like bent wire and AI musings about tomorrow Explore the riveting history of the paperclip and AI's vision for the future all in a steady sleep inducing tone Perfect for insomniacs overthinkers or anyone searching for the perfect mix of mild fascination and deep monotony In *The Complete History of the Paperclip* you'll uncover The groundbreaking but not really evolution of paperclip design Painstaking details of its materials mechanics and manufacturing Its surprisingly unremarkable appearances in war art and pop culture In *A Detailed Prediction*

of the Future by AI you ll explore Futuristic tech that might change your life if you stay awake for it Climate solutions and Mars colonies because Earth is apparently not enough Ethical dilemmas of tomorrow s robots yes even they have moral debates Whether you re pondering the mundane or the hypothetical this audiobook bundle is the perfect remedy for sleepless nights With just enough intrigue to distract your mind and just enough monotony to lull you into slumber it s bedtime storytelling at its most effective Press play now and let the world of paperclips and predictions carry you peacefully into dreamland
