Hitler, the War, and the Pope Ronald J. Rychlak, 2000 Perhaps no modern day leader of the Roman Catholic Church has sparked as much controversy as Pope Pius XII the Bishop of Rome during World War II Was he a Nazi sympathizer Or did he vehemently oppose Hitler s regime The conflicting opinions about Pius XII s wartime performance indicate not only the complexities of the man the former Cardinal Eugenio Pacelli but also the difficulty in understanding the Hitler era and the inherent conflict between political posturing and pastoral actions With exacting scholarship Professor Ron Rychlak gives a full exploration of the background facts including discussions of history religion politics diplomacy and military tactics Then come ten fundamental questions concerning Pope Pius XII and the Nazis which are answered with legal analysis and authoritative citation The epilogue provides a critical examination of John Cornwell s recent book on the same topic Hitler s Pope the Secret History of Pius XII Back cover Jews and French Quebecers Jacques Langlais, David Rome, 2010-10-30 *Jews and French Quebecers* recounts a saga of intense interest for the whole of Canada let alone societies elsewhere This work now translated into English represents the viewpoints of two friends from differing cultural and religious traditions One is a French Quebecer and a Christian the other is Jewish and also calls Quebec his home Both men are bilingual Jacques Langlais and David Rome examine the merging through alterations of close co operation and socio political clashes of two Quebec ethno cultural communities one French already rooted in the land of Quebec and its religio cultural tradition the other Jewish migrating from Europe through the last two centuries equally rooted in its Jewish Yiddish tradition In Quebec both communities have learned to build and live together as well as to share their respective cultural heritages This remarkable experience two hundred years of intercultural co vivance in a world fraught with ethnic tensions serves as a model for both Canada and other countries **1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21 **FIRE & a S H E S—I R O N & C L a Y** Celia-Joy Martins, 2015-03-21 It was the year of the Lord 1685 With only the clothes they were dressed in their Bibles hidden in loaves of hollowed bread they fled before the French Catholic authorities Die or be Catholic were shouted by the heartless dragonnades with emphasis on the die And when the second word followed the Protestant Huguenot victims were already struck dying brutally slaughtered in the name of Catholic Christianity This terror swept through Paris continued through the rest of France after King Louis XIV revoked the Edict of Nantes proclaimed by his grandfather King Henry the Great of France This bloody highway in the name of Christianity took thousands of Huguenots lives and hundreds of thousands fled their country of birth to find refuge in America other parts of Europe and also South Africa In South Africa they started anew with their God of Israel and their Bibles and the home and the freedom to serve their God they so longed for and found would become a nightmare again With their blood they paid for freedom twice and today they are still dying slaughtered by the criminal elements that rule in South Africa unfortunately in the entire Africa

To Kidnap a Pope Ambrogio A. Caiani, 2021-05-25 A groundbreaking account of Napoleon Bonaparte Pope Pius VII and the kidnapping that would forever divide church and state In the wake of the French Revolution Napoleon Bonaparte First Consul of France and Pope Pius VII shared a common goal to reconcile the church with the state But while they were able to work together initially formalizing an agreement in 1801 relations between them rapidly deteriorated In 1809 Napoleon ordered the Pope's arrest Ambrogio Caiani provides a pioneering account of the tempestuous relationship between the emperor and his most unyielding opponent Drawing on original findings in the Vatican and other European archives Caiani uncovers the nature of Catholic resistance against Napoleon's empire charts Napoleon's approach to Papal power and reveals how the Emperor attempted to subjugate the church to his vision of modernity Gripping and vivid this book shows the struggle for supremacy between two great individuals and sheds new light on the conflict that would shape relations between the Catholic church and the modern state for centuries to come *Popes, Councils, and Theology* Owen F.

Cummings, 2021-06-15 Do you wish to understand something of the contemporary Catholic Church If you do then this book is for you It offers a careful overview of the history of the church from the mid nineteenth century with Pope Pius IX until the present day with Pope Francis It deals with two major councils of the church Vatican I 1869-70 and Vatican II 1962-65 Furthermore it provides a detailed and accurate summary of the major theological movements in the church during this period

Projecting Imperial Power Helen Watanabe-O'Kelly, 2021-07-23 The nineteenth century is notable for its newly proclaimed emperors from Franz I of Austria and Napoleon I in 1804 through Agustín of Mexico Pedro I of Brazil Napoleon III of France Maximilian of Mexico and Wilhelm I of Germany to Victoria empress of India in 1876 These monarchs projected an imperial aura through coronations courts medals costumes portraits monuments international exhibitions festivals religion architecture and town planning They relied on ancient history for legitimacy while partially espousing modernity *Projecting Imperial Power* is the first book to consider together these newly proclaimed emperors in six territories on three continents across the whole of the long nineteenth century The first emperors successors Pedro II of Brazil Franz Joseph of Austria and Wilhelm II of Germany expanded their panoply of power until Pedro was forced to abdicate in 1889 and the First World War brought the Austrian and German empires to an end Britain invented an imperial myth for its Indian empire in the twentieth century but George VI still had to relinquish the title of emperor in 1947 Using a wide range of sources *Projecting Imperial Power* explains the imperial ambition behind the cities of Berlin Paris Vienna and New Delhi It discusses the contested place of the emperors and their empires in national cultural memory by examining how the statues that were erected in huge numbers in the second part of the period are treated today *The Free Humanist*, 1964 *Hitler and the Vatican* Peter Godman, 2004 Publisher Description *The Pius War* Joseph Bottum, David G. Dalin, 2010-03-16 In the brutal fight that has raged in recent years over the reputation of Pope Pius XII leader of the Catholic Church during World War II the Holocaust and the early years of the Cold War the task of defending the Pope has fallen primarily to reviewers These reviewers

formulated a brilliant response to the attack on Pius but their work was scattered in various newspapers magazines and scholarly journals making it nearly impossible for the average reader to gauge the results In *The Pius War* Weekly Standard s Joseph Bottum has joined with Rabbi David G Dalin to gather a representative and powerful sample of these reviews deliberately chosen from a wide range of publications Together with a team of professors historians and other experts the reviewers conclusively investigate the claims attacking Pius XII *The Pius War* and a detailed annotated bibliography that follows will prove to be a definitive tool for scholars and students destined to become a major resource for anyone interested in questions of Catholicism the Holocaust and World War II

The Polish Catholic Church under German Occupation

Jonathan Huener,2021-02-16 When Nazi Germany invaded Poland in 1939 it aimed to destroy Polish national consciousness As a symbol of Polish national identity and the religious faith of approximately two thirds of Poland s population the Roman Catholic Church was an obvious target of the Nazi regime s policies of ethnic racial and cultural Germanization Jonathan Huener reveals in *The Polish Catholic Church under German Occupation* that the persecution of the church was most severe in the Reichsgau Wartheland a region of Poland annexed to Nazi Germany Here Catholics witnessed the execution of priests the incarceration of hundreds of clergymen and nuns in prisons and concentration camps the closure of churches the destruction and confiscation of church property and countless restrictions on public expression of the Catholic faith Huener also illustrates how some among the Nazi elite viewed this area as a testing ground for anti church policies to be launched in the Reich after the successful completion of the war Based on largely untapped sources from state and church archives punctuated by vivid archival photographs and marked by nuance and balance *The Polish Catholic Church under German Occupation* exposes both the brutalities and the limitations of Nazi church policy The first English language investigation of German policy toward the Catholic Church in occupied Poland this compelling story also offers insight into the varied ways in which Catholics from Pope Pius XII to members of the Polish episcopate to the Polish laity at the parish level responded to the Nazi regime s repressive measures

Deadly Documents Mark Ward,2016-12-05 Scholars teachers and practitioners of organizational professional and technical communication and rhetoric are target audiences for a new book that reaches across those disciplines to explore the dynamics of the Holocaust More than a history the book uses the extreme case of the Final Solution to illumine the communicative constitution of organizations and to break new ground on destructive organizational communication and ethics *Deadly Documents* Technical Communication Organizational Discourse and the Holocaust Lessons from the Rhetorical Work of Everyday Texts starts with a microcosmic look at a single Nazi bureau Through close rhetorical visual and discursive analyses of organizational and technical documents produced by the SS Security Police Technical Matters Group the bureau

that managed the Nazi mobile gas van program author Mark Ward shows how everyday texts functioned as boundary objects on which competing organizational interests could project their own interpretations and temporarily negotiate consensus for their parts in the Final Solution The initial chapters of Deadly Documents provide a historical ethnography of the SS technical bureau by closely describing the institutional and organizational cultures in which it operated and relating organizational stories told in postwar testimony by the desk murderers themselves Then through examination of the primary material of their documents Ward demonstrates how this Social Darwinist world of competing Nazi bureaucrats deployed rhetorical and linguistic resources to construct a social reality that normalized genocide Ward goes beyond the usual Weberian bureaucratic paradigm and applies to the problem of the Holocaust both the interpretive view that sees organizations as socially constructed through communication and the postmodern view that denies the notion of a preexisting social object called an organization and instead situates it within larger discourses The concluding chapters trace how contemporary scholars of professional communication have wrestled with the Nazi case and developed a consensus explanation that the desk murderers were amoral technocrats Though the explanation is dismissed by most historians it nevertheless offers Ward argues a comforting distance between us and them Yet as Ward writes First we will learn more about the dynamic role of everyday texts in organizational processes Second as we see these processes perhaps inherent to all organized communities including our own at work even in the extreme case of the SS Technical Matters Group the comforting distance that we now maintain between them and us is necessarily diminished And third our newfound discomfort may open productive spaces to revisit conventional wisdoms about the ethics of technical and organizational communication

Hitler's Pope John Cornwell,2000 Draws on secret archives to present a record of the career of Pope Pius XII showing his collaboration with the Nazis and his anti-Semitism and discusses his continuing influence Our Failing Freedom Herbert F. Robb,1940 Catholicism and Interreligious Dialogue James L. Heft S. M.,2011-11-21 How can the world's many religions overcome ideological differences and come together to promote understanding justice and peace In this groundbreaking volume James L Heft and fifteen other leading scholars of the world's major religions show how to answer this crucial question **Catholic Realism Abolition of War** David Carroll Cochran,2014-01-09 Argues that the abolition of war like that of slavery and other forms of social violence is possible using the principles and history of the Just War tradition in Catholic theology and philosophy **Communism and the Churches** Ralph Lord Roy,1960 Documented account of Communist penetration into Protestant Catholic and Greek Orthodox churches of America
