Small States In The Post Cold War World

Neal G. Jesse, John R. Dreyer

Small States In The Post Cold War World:

The Role of Small States in the Post-Cold War Era Dmitry Shlapentokh, 2012 The United States is no longer the only global center of power as it was in the first years of post Cold War era Neither are there just two superpowers the United States and the Union of Soviet Socialist Republics that define the course of global events The new multipolarity implies the presence of several centers of power that will provide the opportunity for small states such as Belarus to move from one center of power to the other and or to engage in a sort of geopolitical gamesmanship During the last 10 years or so Belarus moved from Russia to the European Union and back while at the same time engaging in relationships with Iran and China While relationships with Russia and the European Union have not been stable the story is different with China and Iran Belarus has always maintained a good relationship with both countries especially with China This demonstrates the increasing role of Asia in the geopolitical arrangements now and certainly in the years to come Publisher's website

Small States in the International System Neal G. Jesse, John R. Dreyer, 2016-06-16 Small States in the International System addresses the little understood foreign policy choices of small states It outlines a theoretical perspective of small states that starts from the assumption that small states are not just large states writ small In essence small states behave differently from larger and more powerful states As such this book compares three theories of foreign policy choice realism and its emphasis on structural factors domestic factors and social constructivism emphasizing norms and identity across seven focused case studies from around the world in the 20th Century Through an examination of the foreign policy choices of Switzerland Ireland Finland Norway the Netherlands Belgium Ethiopia Somalia Vietnam Bolivia and Paraguay this book concludes that realist theories built on great power politics cannot adequately explain small state behavior in most instances When small states are threatened by larger belligerent states the small state behaves along the predictions of social constructivist theory when small states threaten each other they behave along realist predictions

Handbook on the Politics of Small States Godfrey Baldacchino, Anders Wivel, 2020-03-28 Comprehensive and timely this Handbook identifies the key characteristics challenges and opportunities involved in the politics of small states across the globe today Acknowledging the historical legacies behind these states the chapters unpack the costs and benefits of different political models for small states

The National Security of Small States in a Changing World Efraim Inbar, Gabriel Sheffer, 2013-09-13 The first part of this book is primarily devoted to analysing the impact of the system of international relations on the fortunes of small states The second part discusses the question what changes in the national strategy of small states are necessary in view of the new international system The authors of this volume come from various parts of the world and espouse differing outlooks Nevertheless they were able to coalesce around a similar theme in an effort to contribute to the international understanding of the special challenges that confront the world's small states

Military Neutrality of Small States in the Twenty-First Century Jelena Radoman, 2021-08-28 This book explores the factors that

account for military neutrality as a security strategy for small states Through comparing the cases of Serbia and Sweden who have both come to define their security policies in identical terms of military neutrality non alignment the book introduces a novel conceptual framework that is built against existing knowledge found in the small states and military neutrality literature Drawing on different theoretical frameworks the model explains why certain small states choose to stay outside of military alliances in the twenty first century The author then applies the new model to the two selected case studies

Small states in world politics Matthias Maass,2017-11-01 What is the story behind the paradoxical survival of small and weak states in a world of great powers and crude power politics And what explains the dramatic rise and fall in the number of states overtime following no consistent trend and not showing an immediately obvious direction or pattern The answers lie at the system level Small states survival is shaped by the international states system Small state survival and proliferation is determined first and foremost by features of and dynamics created at the states system As the states system changes and evolves the chances for small states to survive or proliferate change as well In fact a quantitative investigation confirms this showing that over the course of more than 31 2 centuries the number of small states did fluctuate widely and at times dramatically

Small States in the Global Economy David Peretz,Rumman Faruqi,Eliawony J. Kisanga,2001 This collection of papers presented to the Commonwealth Secretariat World Bank Joint Task Force conferences sets out an agenda for future national regional and international actions to address economic vulnerabilities of small states *Small States in World Politics* Jeanne A. K. Hey,2003 Offering empirical richness within a consistent theoretical framework this work provides a comprehensive examination of small state foreign policy

The Diplomacies of Small States A. Cooper,T. Shaw,2009-04-08 This is an in depth analysis of the various methods used by small states to overcome their vulnerabilities in the international arena With its balanced approach and variety of contributions this book is of interest to researchers and academics who focus on the developing world or multilateral diplomacy

Regionalism in the Post-Cold War World Stephen Calleya,2018-03-29 This title was first published in 2000 This text describes analyzes and projects the implications of regionalism on contemporary international relations Regional policy positions are examined in order to increase our understanding of how the direct impact patterns of relations at a regional level of analysis are having in the shifting balance of international power The book clarifies what types of regional dynamics are manifesting themselves in different parts of the world and consists of both theoretical and empirical assessments similar to those developed in the author s previous book on regionalism that ensures that the comparative analysis conducted is a comprehensive and coherent one

Security in a Post-Cold War World R. Patman,1999-06-23 For much of the post war era the substance and scope of international security was defined by the parameters of the Cold War But the end of the Cold War has created a new global context This book seeks to map out the nature of post Cold War security by exploring the patterns of international conflict weighing non state challenges to security examining inter state cooperation in the security field and evaluating the

security dynamics of the Asia Pacific region North Korean Foreign Relations in the Post-Cold War World Samuel S. Kim, 2007 The author examines North Korea's foreign relations with China Russia Japan the United States and South Korea during the post Cold War era North Korea's extended and heavy reliance on foreign aid and assistance both military and economic in the first 4 decades came from China the Soviet Union and communist bloc states in the past 2 decades this aid has come from countries including China South Korea and the United States He argues that central to understanding North Korea's international behavior in the 21st century is the extent to which the policies of the United States have shaped that behavior Although some readers may not agree with all of Dr Kim's interpretations and assessments they nevertheless will find his analysis stimulating and extremely informative **A New Theory and Practice of Diplomacy**, 2021-03-25 Effective diplomacy remains fundamental to the conduct of international relations in the twenty first century as we seek to define and manage a challenging new world order peacefully New Perspectives on Diplomacy examines the implications of the shifting international landscape upon how states interact with one another Reflecting on the significant changes to the system of states over the past 50 years including the end of the Cold War the rise of transnational networks challenges to borders growth in national populism and the increasing difficulties presented to diplomats by radical transparency the first volume presents the global context against which contemporary diplomacy is conducted **Small States and Security in Europe** Tomáš Weiss, Geoffrey Edwards, 2021-12-28 This book studies how domestic contestation influences the security policy of small states within the European Union EU and North Atlantic Treaty Organization NATO A multinational group of expert contributors consider how domestic contestation is translated into small states foreign policies how membership of international organisations alters attitudes to security policy in small states and how patterns of small states behaviour across domestic traditions security cultures and geographical location can be identified Anchored in new institutionalism the book explores the influence of international organisations on security policies and the tensions created by connecting four strands of literature on Europeanisation on the impact of and on institutions on the way foreign and security policy is made and the security strategic culture of small states It will be of interest to all scholars and students of international relations security studies EU studies area studies and politics **Why Containment Works** Wallace J. Thies, 2020-11-15 Why Containment Works examines the conduct of American foreign policy during and after the Cold War through the lens of applied policy analysis Wallace J Thies argues that the Bush Doctrine after 2002 was a theory of victory a coherent strategic view that tells a state how best to transform scarce resources into useful military assets and how to employ those assets in conflicts He contrasts prescriptions derived from the Bush Doctrine with an alternative theory of victory one based on containment and deterrence which US presidents employed for much of the Cold War period There are he suggests multiple reasons for believing that containment was working well against Saddam Hussein's Iraq after the first Gulf War and that there was no need to invade Iraq in 2003 Thies reexamines five cases of containment drawn from the Cold War and the post

Cold War world Each example Thies suggests offered US officials a choice between reliance on traditional notions of containment and reliance on a more forceful approach To what extent did reliance on rival theories of victory containment versus first strike contribute to a successful outcome Might these cases have been resolved more quickly at lower cost and more favorably to American interests if US officials had chosen a different mix of the coercive and deterrent tools available to them Thies suggests that the conventional wisdom about containment was often wrong a superpower like the United States has such vast resources at its disposal that it could easily thwart Libya Iraq and Iran by means other than open war

Halduskultuur-Administrative Culture 11(1): Small States and the "State" , Proceedings of Topical Issues in International Political Geography (TIPG 2023) Radomir Bolgov,Vadim Atnashev,Timo Duile,Yuriy Gladkiy,Sergey Pogodin,Alexey Tsyb,Andrei Znamenski,2024-12-23 This proceedings book provides selections from the 2023 Topical Issues in International Political Geography TIPG meeting This gathering addresses the main issues of contemporary political geography and international relations providing a platform for discussion and collaboration between an international array of experts primarily in the fields of political geography geopolitics and international relations The first section of this volume focuses on international relations addressing issues such as multipolarity small states transport cooperation politico geographical processes and international security in the context of geographic space Building on these spatially rooted themes section two presents contributions that focus on the dual processes of globalization or regionalism Authors of these chapters use historical frameworks to interrogate the nation state ideology identity symbolisms sovereignty and memory In section three the focus narrows to specific domestic policies such as those related to gender public services elections and corruption prevention situated in contemporary conversations about digital transformations Section four turns to instruments of cultural policy examining tourism and in a new addition in response to developments in the field education Similarly section five introduces a theme new to the conference migration and socio demographic processes These chapters evaluate national regional and local aspects of migration and multiculturalism The final section turns to the still pressing theme of sustainable development taking up case studies of nations and international organizations grappling with questions about sustainable growth political ecology and environmental culture The content of the book will be interesting to experts academics and students

Small States in Multilateral Economic Negotiations Amrita Narlikar,2016-04-08 This book addresses the puzzle Can David take on Goliath in multilateral economic negotiations and if so then under what conditions The question of how the weak bargain with the strong in international politics is exciting theoretically and empirically In a world of ever increasing interdependence and also a time of economic crisis it acquires even greater significance With the help of issue specific case studies the volume offers new insights into the vulnerabilities that small states face in multilateral economic negotiations and also mechanisms whereby these weaknesses might be overcome and even used as an advantage The attention that this volume pays to questions of smallness and negotiation allow it to address a long standing problem of

international politics The case studies which cover monetary financial trade and climate change negotiations ensure a unique and valuable topicality to the volume This book was published as a special issue of The Round Table Polarity in International Relations Nina Græger, Bertel Heurlin, Ole Wæver, Anders Wivel, 2022-08-30 This book brings together a group of leading scholars on international relations to develop and apply the concept of polarity on past and present international relations and discuss its applicability and usefulness in the future Despite a comprehensive debate on a global power shift often discussed in terms of the decline of the United States the crisis in the liberal international order and the rise of China IR's main concept of power polarity remains undertheorized and understudied The great powers and their importance for dynamics and processes in the international system are central to current debates on international order but these debates too often suffer from a combination of politicized empirical analysis and reliance on old theoretical debates and conceptualizations typically originating in the Cold War security environment In order to meet these challenges this book updates conceptualizes applies and critically debates the concepts of unipolarity bipolarity multipolarity and non polarity in order to understand the current world order **Small States and Big Powers** Alice Cunha, Baldur Thorhallsson, 2023-10-14 Foreign policy is one of the most complex policies of every state and Portugal and Iceland are no exception The Small States and Big Powers Portugal and Iceland's Foreign Relations book analyses the importance of relations with big powers or regional and international organisations from a shelter theory perspective detailing the degree of political economic and societal shelter that they have provided to Portugal and to Iceland over time Despite having followed distinct paths Portugal and Iceland have some important similarities in their foreign policy namely in relation to the European and the Atlantic dimensions and their participation in regional organisations The book examines their decisions to join or not to join regional organisations and both countries bilateral relations with other important parts of the world namely Africa the Nordic states and China This book compares the foreign policies of Portugal and Iceland considering their commonly identified status as small states and place them within the shelter theory framework and its findings indicate that both countries need to balance their international relations with shelter provided by different actors Their size and political and economic capabilities matter in their bilateral and multilateral relations It is therefore in both countries interest to maintain strong cooperation not only with big powers but also regional and international organisations depending on their field of action in order to flourish politically economically and socially

The Enigmatic Realm of **Small States In The Post Cold War World**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Small States In The Post Cold War World Introduction

In the digital age, access to information has become easier than ever before. The ability to download Small States In The Post Cold War World has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Small States In The Post Cold War World has opened up a world of possibilities. Downloading Small States In The Post Cold War World provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Small States In The Post Cold War World has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Small States In The Post Cold War World. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Small States In The Post Cold War World. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Small States In The Post Cold War World, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Small States In The Post Cold War World has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Small States In The Post Cold War World Books

1. Where can I buy Small States In The Post Cold War World books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
