Board of Regents, 1926 General Emory Upton in the Civil War Robert N. Thompson, 2020-01-17 Considered by many to be the architect of the modern U S Army Union General Emory Upton commanded troops in almost every major battle of the Civil War's Eastern Theater Witnessing some of the war's bloodiest engagements convinced him of the need for comprehensive reform in military organization professionalism education tactics and personnel policies From the end of the war to his 1881 death by suicide Upton led an effort to modernize U S military culture While much has been written about the politics of his reform campaign this book details his wartime experiences and how they informed his intense fervor for change **The Trials and Tribulations of a Confederate Soldier** Richard G. Rucker, 2019-08-01 Most Civil War histories focus on the performance of top level generals However it was the individual officers below them who actually led the troops to enact the orders Some of these were remarkably effective One such officer was Edmund Winchester Rucker He was a force to be reckoned with both during the Civil War and in his post war business ventures He was courageous tough and resourceful and achieved significant results in every assignment During the campaign by the United States Army to capture the upper Mississippi River Rucker and his faithful Confederate artillerymen with only three operable cannons held off the entire Federal fleet which possessed 105 heavy guns Later in East Tennessee Rucker's duties included punishing saboteurs and conscripting unwilling local citizens into the Confederate Army He described these assignments as The meanest and damnest duty a soldier had to perform Following the battles for Chattanooga he served with General Nathan Bedford Forrest as a cavalry brigade commander earning high merits for his performance Rucker's leadership was a major factor in the Confederate victory in the Battle of Brices Cross Roads which has been called History's Greatest Cavalry Battle Subsequent to the Battle of Nashville Rucker was wounded and captured although his left arm was amputated this did not impede his future achievements After the war Colonel Rucker and General Forrest became business partners in a railroad building

project Rucker did well from this venture and became one of the wealthiest early entrepreneurs in Birmingham In recognition of his many accomplishments Fort Rucker Alabama was named in his honor This first biography on his life examines at a fast moving pace the military and business accomplishments of this outstanding leader who left his mark on both the Civil War and Southern industry of the time Annual Report of the Board of Regents of the Smithsonian Institution ,1904
