Congress. House. Committee on Appropriations,1946 Landscapes and Landforms of the Lesser Antilles Casey D. Allen,2017-07-19 This book focuses on the highly touristed but surprisingly under

researched Lesser Antilles region After offering a brief overview of the region's geologic and tectonic history as well as its basic climatology subsequent chapters then discuss each island's or island set's geomorphology and geology and how the settlement history tourism and hazards have affected their individual landscapes Written by regional experts and replete with up to date information stunning color imagery and beautiful cartography maps it is the only comprehensive scientific evaluation of the Lesser Antilles and serves as the region's definitive reference resource Accessible to non experts and amateur explorers the book includes in depth discussions and reference sections for each island island set Usable as both a textbook and guidebook it offers readers a straightforward yet detailed assessment of an interesting and intriguing but often overlooked and under appreciated locale *Sugar-cane Pests in the Leeward Islands* Henry Arthur Ballou,1914 *Selected Essays on Intermediality by Werner Wolf (1992-2014)* Werner Wolf,2017-11-13 This volume collects twenty two major essays by Werner Wolf published between 1992 and 2014 all of them revised but retaining the original argument They form the core of those seminal writings which have contributed to establishing intermediality as an internationally recognized research field besides providing a by now widely accepted typology of the field and opening intermedial perspectives on areas as varied as narratology metareferentiality and iconicity The essays are presented chronologically under the headings of Theory and Typology Literature Music Relations Transmedial Narratology and Miscellaneous Transmedial Phenomena and cover a wide spectrum of topics of both historical and contemporary relevance ranging from J S Bach Mozart Schubert and Gulda through Sterne Hardy Woolf and Beckett to Jan Steen Hogarth Magritte and comics The volume should be essential reading for scholars of literature music and art history with an interdisciplinary orientation as well as general readers interested in the fascinating interaction of the arts **Risk in Children's Adventure Literature** Elly McCausland,2024-05-31 *Risk in Children's Adventure Literature* examines the way in which adults discuss the reading and entertainment habits of children and with it the assumption that adventure is a timeless and stable constant whose meaning and value is self evident A closer enquiry into British and American adventure texts for children over the past 150 years reveals a host of complexities occluded by the term and the ways in which adults invoke adventure as a means of attempting to get to grips with the nebulous figure of the child Writing about adventure also necessitates writing about risk and this book argues that adults have historically used adventure to conceptualise the relationship between children and risk the risks children themselves pose to society the risks that threaten their development and how they can be trained to manage risk in socially normative and desirable ways Tracing this tendency back to its development and consolidation in Victorian imperial romance and forward through various adventure texts and media to the present day this book probes and investigates the truisms and assumptions that underlie our generalisations about children's love for adventure and how they have evolved since the mid nineteenth century **Unwinnable Weekly Issue 10** Stu Horvath,Owen Smith,Steve Haske, *Narratology beyond Literary Criticism* Jan Christoph Meister,2008-08-22 This anthology presents the results of the Second International

Colloquium of the Narratology Research Group Hamburg University It engages in the exploration of approaches that broaden Narratology's realm The contributions illustrate the transcendence of traditional models common to Narratology They also reflect on the relevance of such a going beyond as seen in more general terms What interrelation can be observed between re definition of object domain and re definition of method What potential interfaces with other methods and disciplines does the proposed innovation offer Finally what are the repercussions of the proposed innovation in terms of Narratology's self definition The innovative volume facilitates the inter methodological debate between Narratology and other disciplines enabling the conceptualization of a Narratology beyond traditional Literary Criticism *The Boy in the Book* Nathan Penlington, 2014-05-22 When Nathan discovered a job lot of the first 106 adventures for sale on eBay there was never any question that he would place a bid When the books arrived he lost himself in the old adventures Yet as he flicked through the pages there was another story being written In the margins of each book were the scribbles of the little boy who had once owned them a little boy by the name of Terence John Prendergast Terence wrote jokes and hints for adventurers following the same stories as him More troubling among the notes were intimations of a tormented childhood of the boys and teachers who bullied him of the things he hated about himself and had to improve of his thoughts of suicide and his desperate need to find friends he liked and find somebody anybody to confide in THE BOY IN THE BOOK is Nathan's poignant recreation of the discovery of the fragments of Terence Prendergast's diary his quest to find the lost boy and the friendship that resulted from their first meeting In doing so Nathan is forced to examine his own childhood and as his relationship with Terence deepens he begins to believe that the two men are not so different and to reflect on the darkness that can exist in childhood *The Cocktail Workshop* Steven Grasse, Adam Erace, 2021-11-02 IACP AWARD FINALIST FOR BEST WINE BEER OR SPIRITS COOKBOOK From the wildly creative team behind Philadelphia's Art in the Age comes The Cocktail Workshop a deep dive into 20 classic drinks that make up the foundation of cocktail creation and the delicious variations that will make them all your own Learn to craft a perfect classic drink or workshop that creation into a unique flavor forward spin with The Cocktail Workshop an indispensable guide to foundational cocktails and the tools to elevate them into master level creations In this richly illustrated book the team behind Philadelphia's beloved Art in the Age guides aspiring mixologists through the fundamentals of 20 essential cocktails Then each foundational drink is spun off into creative and customizable riffs on flavors techniques and ingredients called Apprentice Journeyman and Master versions Each classic drink is concluded by a Workshop how to take your at home bar efforts to the next level with aging infusing garnishing and more Drawing on the building blocks of iconic cocktails like the daiquiri and the old fashioned readers will grow their knowledge base as they move through each drink taking away real skills for their home bar like the proper way to dry shake an egg white cocktail or carve a manicured lime twist and an understanding of the fundamentals of cocktailing how drinks are created related and integrated *Manual of Brazilian Portuguese Linguistics* Johannes Kabatek, Albert Wall, 2022-10-24 This manual is the first
