Empire, Celebrity and Excess Martin Francis, 2022-09-22 While now long forgotten King Farouk of Egypt loomed large in British culture in the 1940s and 1950s Farouk was of interest and importance not just to British imperial policy makers but to a wider public that was exposed to his extravagant lifestyle and colourful private life through gossip columns comedy sketches cartoons song lyrics and novels This book explores how the narratives and representations of King Farouk found in British official and popular culture dramatized the retreat from empire the rise of celebrity journalism changing conceptions of masculinity and sexuality ambivalent attitudes towards monarchy postcolonial exile the growth of mass tourism and the post war transition from austerity to abundance By considering diplomatic history in tandem with histories of popular culture and celebrity Francis presents a more holistic understanding of British culture during the era of decolonization The varied cultural and social features of post war Britain and the reconstitution of British identity in the aftermath of empire sexual liberalization Americanization consumer affluence increased interaction with Europe new forms of mass leisure and the emergence of celebrity culture did not take place independently of the dismantling of imperial rule Studying Farouk therefore sheds new light on the multiple and complex ways in which Britain emerged as a postcolonial nation

Monarchy and Exile P. Mansel, T. Riotte, 2011-10-28 Using detailed studies of fifteen exiled royal figures the role of Exile in European Society and in the evolution of national cultures is examined From the Jacobite court to the exiled Kings of Hanover the book provides an alternative history of monarchical power from the 16th to 20th century

From the Sultan to Atatürk Andrew Mango, 2010-09-14 World War I sounded the death knell of empires The forces of disintegration affected several empires simultaneously To that extent they were impersonal But prudent statesmen could delay the death of empires rulers such as Emperor Franz Josef II of Austria Hungary and the Ottoman Sultan Abd lhamid II Adventurous rulers Kaiser Wilhelm of Germany and Enver Pasha in the Ottoman Empire hastened it Enver's decision to enter the war on the side of Germany destroyed the Ottoman state It may have been doomed in any case but he was the agent of its doom The last Sultan Mehmet VI Vahdettin thought he could salvage the Ottoman state in something like its old form But Vahdettin and his ministers could not succeed because the victorious Allies had decided on the final partition of the Ottoman state The chief proponent of partition was Lloyd George heir to the Turcophobe tradition of British liberals who fell under the spell of the Greek irredentist politician Venizelos With these two in the lead the Allies sought to impose partition on the Sultan's state When the Sultan sent his emissaries to the Paris peace conference they could not win a reprieve The Treaty of Sèvres which

the Sultan's government signed put an end to Ottoman independence. The Treaty of Sèvres was not ratified. Turkish nationalists with military officers in the lead defied the Allies who promptly broke ranks each one trying to win concessions for himself at the expense of the others. Mustafa Kemal emerged as the leader of the military resistance. Diplomacy allowed Mustafa Kemal to isolate his people's enemies: Greek and Armenian irredentists. Having done so he defeated them by force of arms. In effect the defeat of the Ottoman empire in the First World War was followed by the Turks' victory in two separate wars: a brief military campaign against the Armenians and a long one against the Greeks. Lausanne, where General Ismet succeeded in securing peace on Turkey's terms, was the founding charter of the modern Turkish nation state. But more than that it showed that empires could no longer rule peoples against their wishes. This need not be disastrous. Mustafa Kemal demonstrated that the interests of developed countries were compatible with those of developing ones. He fought the West in order to become like it. Where his domestic critics wanted to go on defying the West, Mustafa Kemal saw that his country could fare best in cooperation with the West.

Bountiful Empire Priscilla Mary Isin, 2025-02-12. This meticulously researched beautiful volume offers fresh and lively insight into an empire and cuisine that until recent decades has been too narrowly viewed through orientalist spectacles. The Ottoman Empire was one of the largest and longest lasting empires in history and one of the most culinarily inclined. In this powerful and complex concoction of politics, culture and cuisine the production and consumption of food reflected the lives of the empire's citizens from sultans to soldiers. Food bound people of different classes and backgrounds together defining identity and serving symbolic functions in the social, religious, political and military spheres. In *Bountiful Empire* Priscilla Mary Isin examines the changing meanings of the Ottoman Empire's foodways as they evolved over more than five centuries. It begins with the essential ingredients of this fascinating history examining the earlier culinary traditions in which Ottoman cuisine was rooted such as those of the Central Asian Turks, Abbasids, Seljuks and Byzantines. She goes on to explore the diverse aspects of this rich culinary culture including etiquette, cooks, restaurants, military food, food laws and food trade. The book draws on everything from archival documents to poetry and features more than one hundred delectable illustrations.

Dressed to Rule Philip Mansel, 2005-01-01. Throughout history rulers have used clothes as a form of legitimization and propaganda. While palaces, pictures and jewels might reflect the choice of a monarch's predecessors or advisers, clothes reflected the preferences of the

monarch himself Being both personal and visible the right costume at the right time could transform and define a monarch's reputation Many royal leaders have known this from Louis XIV to Catherine the Great and from Napoleon I to Princess Diana This intriguing book explores how rulers have sought to control their image through their appearance Mansel shows how individual styles of dress throw light on the personalities of particular monarchs on their court system and on their ambitions The book looks also at the economics of the costume industry at patronage at the etiquette involved in mourning dress and at the act of dressing itself Fascinating glimpses into the lives of European monarchs and contemporary potentates reveal the intimate connection between power and the way it is packaged

The French Emigres in Europe and the Struggle against Revolution, 1789-1814 Philip Mansel, 1999-07-19 The French migrants in Europe and the Struggle against Revolution 1789-1814 underlines for the first time the achievements rather than the failures of the migrants Different specialist essays describe their impact from London to Hungary from Lisbon to Prussia and confirm their critical importance in the politics ideology and culture of their time The French migrants were more than refugees they were active and often remarkably successful agents on the European struggle against the French Revolution

Constantinople Philip Mansel, 2011-11-10 Philip Mansel's highly acclaimed history absorbingly charts the interaction between the vibrantly cosmopolitan capital of Constantinople the city of the world's desire and its ruling family In 1453 Mehmed the Conqueror entered Constantinople on a white horse beginning an Ottoman love affair with the city that lasted until 1924 when the last Caliph hurriedly left on the Orient Express For almost five centuries Constantinople with its enormous racial and cultural diversity was the centre of the dramatic and often depraved story of an extraordinary dynasty

Following the tradition and style of the acclaimed Index Islamicus the editors have created this new Bibliography of Art and Architecture in the Islamic World The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011 This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies A *Victorian Traveler in the Middle East* Nancy Micklewright,2017-07-05 Juxtaposing the albums of Lady Brassey an overlooked figure among Victorian women travelers with Brassey s travel books Nancy Micklewright takes advantage of a unique opportunity to examine the role of photography in the 1870s and 1880s in constructing ideas about place and empire This study draws on a range of source material to investigate aspects of the Brassey collection The book begins with an overview of Lady Brassey s life and projects as well as an examination of issues relevant to subsequent discussions of the travel literature the photographs and the albums in which the photographs are assembled Lady Brassey is next considered as a traveler and public figure and the author gives an overview of Brassey s travel literature placing her in her social and political context Micklewright then considers the seventy volumes of photographs which comprise the Brassey album collection taking an especially close look at the eight albums devoted to the Middle East Analyzing the specific contents and structure of the albums and the interplay of text and image within she explores how the Brasseys constructed their presentation of the region While confirming some earlier work about constructions of the Orient by the British during the time this book offers a much more detailed and nuanced understanding of how photographic and literary constructions were

related to individual experience and identity within a larger British identity The first appendix explores the illustrative relationship between the photograph albums and Lady Brassey s travel books yielding an understanding of the processes involved in transferring the photographic image to a printed one at a particular moment in the development of book illustration A second appendix lists the contents and named photographers of all seventy albums in the Brassey collection All in all Micklewright s study makes a significant contribution to our understanding of the complex and unstable socia

Courts and the complex phenomenon of the courtly society have received intensified interest in academic research over recent decades however the field of Islamic court culture has so far been overlooked This book provides a comparative perspective on the history of courtly culture in Muslim societies from the earliest times to the nineteenth century and presents an extensive collection of images of courtly life and architecture within the Muslim realm The thematic methodology employed by the contributors underlines their interdisciplinary and comprehensive approach to issues of politics and patronage from across the Islamic world stretching from Cordoba to India Themes range from the religious legitimacy of Muslim rulers terminologies for court culture in Oriental languages Muslim concepts of space for royal representation accessibility of rulers the role of royal patronage for Muslim scholars and artists to the growing influence of European courts as role models from the eighteenth century onwards Discussing specific terminologies for courts in Oriental languages and explaining them to the non specialist chapters describe the specific features of Muslim courts and point towards future research areas As such it fills this important gap in the existing literature in the areas of Islamic history religion and Islam in particular *The Portrait of A Political Genius Sultan Abdulhamid II* Raşit Gündoğdu, 2020-11-19 Sultan Abdulhamid was one of the most important and controversial figures of the 19th century Due to both the important occurrences of this long century and the many years of reign enjoyed by the Sultan helped him play a decisive role in the Turkish history Sultan was ruling a land still known as the most proper part of the globe to be exploited in an era when imperialism was harshly colonizing the under developed world And just because of that he was a man that was hardly liked As being one of the formidable leaders of the times when the classical conflict between the East and the West was evolving toward a very bloody fight Sultan Abdulhamid was thought to be born for defense Even deeply immersed in an intensive conflict both inside and outside the country the Sultan was striving for the wellbeing of his people and his domain In this study the writer tried to shed some light upon the personal life of the Sultan and to panoramically narrate his work as a statesman He was also concerned for the language and style to be clear and objective and for being able to present the reader a more imaginable text he enriched the work with visuals
