Christianity and Islam Under the Sultans Frederick William Hasluck, 1929 In the spring of 1913 he the author visited Konia the ancient Iconium. There he became interested in the interplay of Christianity and Islam within the Turkish empire. The result of his researches is this work, the first comprehensive study of Turkish folk lore and its relations with Christianity. Editor's note

The Harēm Norman Mosley Penzer, 1936 For nearly four centuries the Ottoman sultans dwelt amid the secret splendors of Topkapi Palace. Access to the Grand Seraglio, which served as the empire's administrative, legislative and judicial center and an academy of fine arts as well as the ruler's home, was jealously guarded even after the sultans ceased to reside there in the mid-nineteenth century. In 1936 a distinguished scholar of Orientalism, Norman Mosley Penzer, 1892-1960, was afforded a rare opportunity to step inside the Grand Seraglio. In this eagerly embraced and much consulted volume he reveals what he found. Constructed between 1459 and 1465 at the crossroads of Europe and Asia, Topkapi Palace stands in present-day Istanbul near the confluence of the Bosphorus, the Golden Horn and the Marmara Sea. Penzer surveyed the entire palace from end to end during numerous visits over the course of two years and he presents photographs and floor plans that provide a comprehensive view of Topkapi's structure. Penzer's illustrations of the opulent gardens, chambers and pavilions come to imaginative life with his explorations of day-to-day palace life, particularly among the women of the harem and their eunuch guards. His evocative accounts of the manners, dress and politics of Turkish court life continue to influence the scholarly work of the twenty-first century, and this classic history remains indispensable to studies of harem life. Istanbul Richard Tillinghast, 2017-02-15 With its varied and glorious history, Istanbul remains one of the world's perennially fascinating cities. Richard Tillinghast, who first visited Istanbul in the early 1960s and has watched it transform over the decades into a vibrant metropolis, explores its rich art and architecture, culture, cuisine and much more in this book. Istanbul was known in Byzantine times as the Queen of Cities and to the Ottoman Turks as the Abode of Felicity. Steeped in Istanbul's history, Tillinghast takes his readers on a voyage of discovery through this storied cultural hub, and he is as comfortable talking about Byzantine mosaics and dervish ceremonies as Iznik ceramics and the imperial mosques. His lyrical writing brings Istanbul alive on the page as he accompanies readers to cafés, palaces and taverns, perfectly conjuring the atmospheric delights, sounds and senses of the city. Illuminating Istanbul's great buildings with tales that bring Ottoman and Byzantine history to life, Tillinghast is adept at discovering both what the city remembers and what it chooses to forget.
