students all while enhancing learning and engagement in the classroom Readicide Kelly Gallagher, 2023-10-10 Read i cide
The systematic killing of the love of reading often exacerbated by the inane mind numbing practices found in schools Reading
is dying in our schools Educators are familiar with many of the factors that have contributed to the decline poverty second
language issues and the ever expanding choices of electronic entertainment In this provocative book Readicide How Schools
are Killing Reading and What You Can Do About It author and teacher Kelly Gallagher suggests it is time to recognize a new
and significant contributor to the death of reading our schools Readicide Gallagher argues that American schools are actively
though unwittingly furthering the decline of reading Specifically he contends that the standard instructional practices used in
most schools are killing reading by Valuing standardized testing over the development of lifelong readers Mandating breadth
over depth in instruction Requiring students to read difficult texts without proper instructional support and insisting students
focus on academic texts Ignoring the importance of developing recreational reading Losing sight of authentic instruction in
the looming shadow of political pressures Readicide provides teachers literacy coaches and administrators with specific steps
to reverse the downward spiral in reading steps that will help prevent the loss of another generation of readers **Read!**

Read! Read! Laurie Glass, Beth Pike, Linda Peist, 2000-05-09 This book outlines a program to address a need among
educators to involve parents in the process of helping their children learn to read and write Although the at risk reader is
provided with supplemental support at school additional reinforcement is needed from home to maximize children s learning
potential While much has been written about how parents should read aloud to their children this book goes beyond other
publications by supplying the educator with a structured program that trains parents to implement a variety of techniques
The authors encourage parents to truly participate in their children s literacy development armed with a knowledge of the
reading process and aware of their invaluable role The chapters contain a framework of concrete information that will guide
educators in the most successful way to involve and train parents Included are background knowledge and tools that
professionals will need to run their own series of parent workshops Specific workshop agendas and all supporting
information are presented in a manner easily adaptable for the specific needs of various education situations This book can
be used by primary educators special education teachers reading specialists Reading Recovery tm leaders and teachers
curriculum supervisors principals education majors in college parents who homeschool and anyone else who wants to learn
how to successfully integrate parents into the development of children s literacy **Crash Course in Family Literacy**

Programs Rosemary Chance, Laura Sheneman, 2012-03-08 This book collects the research on literacy information regarding
the importance of reading to children sources of funding and places to find information about literacy programs in the 50
states all in a single volume Family literacy programs can be remarkably effective in helping families who struggle in various
areas of literacy or supporting their children s academic needs Crash Course in Family Literacy Programs provides an
introduction and an overview of this critical subject defining what literacy family literacy and family literacy events are and

covering critical topics such as sources of funding conclusions of recent research and bilingual family literacy The first half of the book is focused on laying out background information about family literacy while the remainder provides practical how to information for public and school libraries to develop their own family literacy programming The book shows perspectives of public librarians school principals children s book store owners and school personnel who have successfully implemented a family literacy program Planning sheets and lesson templates are included making it easy to develop a family literacy program

Alternatives to Privatizing Public Education and Curriculum Daniel Ness, Stephen J. Farenga, 2017-03-16

Through conversations in honor of Dale D Johnson this book takes a critical view of the monoculture in curriculum and policy that has developed in education with the increase of federal funding and privatization of services for public education and examines the shift from public interest and control to private and corporate shareholder hegemony Most states educational responsibilities assessment of constituents curriculum development and instructional protocols are increasingly being outsourced to private enterprises in an effort to reduce state budgets These enterprises have been given wide access to state resources such as public data from state sanctioned testing results field testing rights to public schools and financial assistance Chapter authors challenge this paradigm as well as the model that has set growing premiums on accountability and performance measures Connecting common impact between the standards movement and the privatization of education this book lays bare the repercussions of high stakes accountability coupled with increasing privatization Winner of The Society of Professors of Education Book Award 2018
