although recruiting them would have been in the union's economic interest. In *Tell Tchaikovsky the News*, Michael James Roberts argues that the reasons that the union failed to act in its own interest lay in its culture in the opinions of its leadership and elite rank and file members. Explaining the bias of union members, most of whom were classical or jazz music performers, against rock music and musicians, Roberts addresses issues of race and class, questions of what qualified someone as a skilled or professional musician, and the threat that records central to rock n roll posed to AFM members who had long privileged live performances. Roberts contends that by rejecting rock n rollers for two decades, the once formidable American Federation of Musicians lost their clout within the music industry.

School Struggles Richard Selznick, 2025-09-12 *School Struggles* Dr Richard Selznick's follow up to the acclaimed *The Shut Down Learner* details a broader scope of potential problems faced by schoolchildren and offers techniques and insights to help them learn. Dr Selznick explores reading and writing issues, behavioral problems, difficulties with organization, social skills, medication, parents' interactions with teachers, excessive use of technology, the importance of patience, and more. The practical, down to earth, tone and helpful, easily applicable tools make this book a godsend for parents staying awake at night worrying about their child's learning and school experience.

100 Greatest Cover Versions Robert Webb, 2013-07-15 Which Blondie Top Five was originally a flop for a West Coast power pop band who wrote Alice Cooper's 1973 hit *Hello Hurray* and which folk singer first recorded it? Who launched their career with a tear and a cover of a little known Prince song? Where was Joe Cocker sitting when he came up with the idea of covering *With a Little Help from my Friends*? Everybody likes a good song and a good story. *The 100 Greatest Cover Versions* traces the histories of some of the great songs you may know only as second hand recordings and explores some unusual and creative takes on a few of pop's well known tracks. Based on the Independent's popular long running *Story of the Song* column, this collection features previously unpublished pieces alongside fully expanded, updated stories. Robert Webb details the background to each song: how it was written, who first recorded it, and how it came to be covered, and explains how, in some cases, the cover version has become more popular than the original. Artists range from Patti Smith to the Happy Mondays, David Bowie to Florence the Machine, and Stevie Wonder to Robert Wyatt. The book also includes additional, further listening suggestions and a bonus track. Whether you download, rip from CD, or stream your music, the *Ultimate Playlist* series provides the perfect accompaniment to your personal compilation. The series aims to guide listeners through large and often bewildering back catalogues of the major artists, as well as key genres and styles in popular music. If you love music and you enjoy knowing more about the history behind some of pop's greatest songs, then you will love this book.
