light **Dancing on the Earth** Johanna Leseho, Sandra McMaster, 2011-06-01 The essays in this dynamic compilation are a testament to dance as a healing art Widely interdisciplinary in nature and written by women dancers from around the world they illustrate a rich array of dance practices cultures and disciplines and show how this expressive therapy can be both empowering and exhilarating The women s narratives all share a deep appreciation for the connection between mental spiritual and physical dimensions offering dance as a transformative power of renewing and rebuilding that bond Both personal and professional the stories weave a vivid tapestry of lived experiences and insights balance and a community healed by dance Introducing World Religions Victoria Kennick Urubshurow, 2008 One Hundred Summers Candace S. Greene, 2009-03-01 Weaving together information from archival sources community memories and a close reading of the pictures themselves the author frames and clarifies this uniquely Native American perspective on Southern Plains history during an era of great political economic and cultural pressures A rare window on a century of Kiowa life One Hundred Summers is also an invaluable contribution to the indigenous history of North America The volume includes appendices featuring a wealth of unpublished primary source material on other Kiowa calendars and a glossary by a native Kiowa speaker **BOOK JACKET** **What You See in Clear Water** Geoffrey O'Gara, 2011-04-20 The Wind River runs from the alpine lakes of the Continental Divide through the nestled valleys of the northern Rocky Mountains and out onto high windblown plains More than a century ago in what would become Wyoming the federal government set aside 44 million acres on which to confine the unrelated Shoshone and Arapaho tribes By now the Wind River Reservation has been reduced to 2 3 million acres but the battle over control of this land and especially the river that runs through it is far from over In this magnificent watershed Geoffrey O Gara a touching wise and penetrating writer according to Edward Hoagland sets a remarkable story that illuminates the larger unfinished struggle for the heart of the West He ranges from the Indian wars to the present day and from the nineteenth century Shoshone chief Washakie to his great grandson now head of the tribal council and he also traces the complex legal struggle over water rights for generations monopolized by white farmers for irrigation that after two decades is still unresolved At the heart of O Gara s account are the citizens of Wind River itself the people on the various sides of the many complex conflicts the tragedy and resilience of the nine thousand Shoshone and Arapaho contending with the depredations of reservation life and the indifference of those who first took their land and have gradually assumed control of their water In all this is a powerful moving story of great relevance and guarded promise of nations with different languages cultures and birthrights still searching for a way to live together **A to Zoo** Rebecca L.
