B. Yeats* Daniel Tompsett, 2018-06-13 *Unlocking the Poetry of W B Yeats* undertakes a thorough re reading of Yeats oeuvre as an extended meditation on the image and theme of the heart as it is evident within the poetry It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical In particular the book seeks to unlock Yeats mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing of the Heart ceremony The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats death in 1939 while demonstrating the centrality of the occult to Yeats art **Shakespeare's Classical Mythology: A Dictionary** Janice

Parsons,2010-09-13 Madeleine Clavell beautiful fiercely faithful and an outlaw As Huguenots in 17th Century France Madeleine Clavell and her family defy French law daily Though they live in comfort and happiness in the French countryside their Protestant Christianity is considered traitorous But they are wary Persecution is surely at hand Then King Louis XIV s dragoons arrive forcing the family from their country estate Madeleine must gather her courage and seek out the king in his royal palace at Versailles Because Madeleine has a secret Though years and a thousand choices have separated them Madeleine and King Louis have a history together One she feels certain he has not forgotten She will risk everything to speak to him again But will the impetuous king choose to save her and her family And if so at what price Louis XIV Richard Wilkinson,2017-09-19 Louis XIV ruled France for more than half a century and is typically remembered for his absolutism his patronage of the arts and his lavish lifestyle culminating in the building of Versailles This original and lively biography focuses on Louis s personal life while keeping the needs of the history student at the forefront featuring analysis of Louis s wider significance in history and the surrounding historiography This book balances the undeniable cultural achievements of the reign against the realities of Louis s egotism and argues that when viewed critically Louis s rule 1643 1715 personified the disadvantages of absolute monarchy and inexorably led to social and political blunders resulting in the suffering of millions Richard Wilkinson demonstrates that while Louis excelled as a self publicist he fell far short of being a great monarch This second edition includes an up to date and accessible biography further sections on the women at Louis s court France in an international context and new material looking at Louis s involvement in ballet This book is essential reading for all history students and those with a general interest in one of history s most colourful rulers **Realm Of Shadows** Heather Graham,2013-09-01 In this paranormal romance by the New York Times bestselling author of Deadly Touch a tourist searching for thrills finds danger and vampires Every Nightmare Has Its Beginning Tara Mason wants more than tourist sights out of her trip to the city of dreams something strange and off the beaten path But is it her own curiosity that draws her to an ancient cemetery on the outskirts of Paris Or is she lured by a dark immortal force she is powerless to resist When she realizes someone is chasing after her a shadowy figure getting closer and closer how quickly the dream becomes nightmare In The Dead Of Night He calls himself a guardian He is sworn to protect the innocent from an evil most never see Now that he has caught up to her in the abandoned ruins of a country estate he insists Tara must trust him She has carelessly exposed herself The evil has seen her but he vows it will not claim her An incredible storyteller Los Angeles Daily News *Pretendable* Stephan Anthony Harris,2024-09-20 Learn to feel confident in yourself and your abilities through the long lost childhood power of Pretending When we are children we don t think twice about using our imaginations to approach our problems and look for direct resolutions whether they are practical or not As we age this natural ability is dumbed down and in many cases eradicated This book seeks to reawaken that power within the reader without shame in a gentle innovative and potentially life altering way Are you someone who has difficulty recognizing your own self worth and acknowledging all

the great struggles you have faced and how far you have come Crossing The Hills is an exercise that addresses this at the root Most people spend much more time worrying about what is going wrong rather than what is going well and this exercise refocuses the reader into a pathway of positive thinking Perhaps you have a lot of great ambitions and dreams but struggle to set practical goals and stick to them There is an exercise for that as well There is something for everyone in this book Other problems it seeks to address include feeling worthwhile and unique healing from past traumas reconciling the death of a loved one and many many more The book s structure takes the reader through eight psychic elements earth water air fire light darkness lunar and time Each of these elements represents certain aspects of the individual and collective self in the context of Source the originator of all life and being in the universe Some will think of this in terms of God and the Universe Others will take a more scientific objective approach It doesn t matter This book is compatible with all religions faiths and philosophies whether rooted in a belief in a higher power or not because all of the work is done within the subconscious and in its root it is all pretend Each section begins with an original poem relating to the subject to settle the reader into the overall feeling of the chapter then an introduction is given to the subject or problem followed by a guided meditation contemplation exercise using The Childlike Eye which is also commonly referred to as The Third Eye or Mind s Eye The book can be worked carefully from start to finish with special attention to detail paid to each exercise or it can be read through at a leisurely pace while thinking about the ideas and relaxing It can be as intense or easygoing as you make it and there is never any pressure Whether this is your first time embarking on a spiritual journey of healing through manifestation or you are a seasoned guru Pretendable The Childlike Eye sends you down the rabbit hole in such a way that when you emerge you will never look at yourself or the world in the same way again *The Modern Witchcraft Book of Tarot* Skye
