## Sun Virgin:

**Christian Solar Symbolism and Jesus the Sun of Justice** Kevin Duffy, 2022-02-24 This pioneering study of Christian sun symbolism describes how biblical light motifs were taken up with energy in the early Church Kevin Duffy argues that living in a world of 24/7 illumination we need to reconnect with the sun and its light to appreciate the meaning of light in the Bible and Christian tradition With such a retrieval we can appreciate Pope Francis's insistence that like the moon the Church does not shine with its own light and assess the claim that the Eucharist is to be celebrated *Ad Orientem* that is towards the rising sun in the East Liturgy architecture poetry and the writings of saints and theologians such as Augustine Hildegard of Bingen Francis of Assisi and Thomas Traherne offer abundant resources for a much needed ressourcement While Christ was preached as the True Sun among sun worshipping Aztecs and the consecrated host was placed in a solar monstrance on Baroque altars in the modern era solar themes have been neglected In this accessible work the author suggests that we rebalance a spiritual symbolism that has over emphasised darkness and cloud at the expense of light and sun He proposes a creative retrieval of the traditional title of Christ as the Sun of Justice This title blends the personal the social and the cosmic ecological and speaks powerfully to a secularising era that contemporaries Friedrich Nietzsche and Thérèse of Lisieux both described as one where the sun does not shine , *Virgin Birth* Herbert M. thematic chapters which explain the origins of these concepts from the book of Revelation in an accessible way These explanations are augmented and developed via a carefully selected sample of the ways in which the concepts have been treated by artists through the centuries The 120 visual examples are drawn from a wide range of time periods and media including the ninth century Trier Apocalypse thirteenth century Anglo Norman Apocalypse Manuscripts such as the Lambeth and Trinity Apocalypses the fourteenth century Angers Apocalypse Tapestry fifteenth century Apocalypse altarpieces by Van Eyck and Memling D rer and Cranach s sixteenth century Apocalypse woodcuts and more recently a range of works by William Blake J M W Turner Max Beckmann as well as film posters and stills cartoons and children s book illustrations The final chapter demonstrates the continuing resonance of all the themes in contemporary religious political and popular thinking while throughout the book a contrast will be drawn between those readers of Revelation who have seen it in terms of earthly revolutions in the here and now and those who have adopted a more spiritual otherworldly approach

The Virgin's Children William Madsen,2014-08-27 An absorbing account of the descendants of the ancient Aztecs and of the survival of their culture into the twentieth century in the Valley of Mexico is presented in this fascinating volume Focusing on San Francisco Tecospa a village of some eight hundred Indians who still spoke Nahuatl whose lives were dominated by supernaturalism and who observed with only slight modification much of their Aztec heritage this story bears out the anthropological principle that innovations are most likely to be accepted when they are useful communicable and compatible with established tradition Nowhere is the Indian genius for combining the old and the new better exemplified than in the story of how the Virgin of Guadalupe came to fulfill the role formerly played by the pagan goddess Tonantzin and of how Christian saints replaced the Aztec gods At the time of this study the Tecospans still called the Catholic Virgin Tonantzin but their concept of the mother goddess had changed profoundly since Aztec times Tonantzin the Pagan a hideous goddess with claws on her hands and feet and with snakes entwining her face wore a necklace of hearts hands and skulls to represent her insatiable appetite for corpses Tonantzin the Catholic also called Guadalupe is a beautiful and benevolent mother deity who repeatedly stays God s anger against her Mexican children and answers the prayers of the poorest Indian with no thought of return In Tecospa the road to social recognition lay in the performance of religious works and the neglect of ritual obligation subjected both the individual and the community to the anger of supernaturals who punished with illness or other misfortune Religion was inextricably a part of every phase of life and it is the whole life of the Aztecan that is recorded here fiesta clothing food agricultural practices courtship marriage pregnancy and childbirth death witchcraft and its cures medical practices and attitudes houses and home life ethics and the hot cold complex that classifies everything in the Tecospan universe from God to Bromo Seltzer With a marked simplicity of style and language William Madsen has produced a profoundly significant anthropological study that is delightful reading from the first sentence to the last The drawings the work of a ten year old Tecospan lad are remarkable for their penetrating insight into the culture     Plunkett's
