Sunbeam Alpine And Tiger The Complete Story:

Sunbeam Alpine and Tiger Graham Robson, 2003-12-18 The Sunbeam Alpine and Tiger were in many ways revolutionary cars coming as they did from a British manufacturer with no history or reputation for sports car design The Alpine remained in production for nine years the remarkable V8 engined Tiger for scarcely one third as long yet this is a fascinating story in British motoring history Topics covered include Complete history of all Alpine models Full details of the Tiger based on the Alpine with the Ford V8 engine Detailed coverage of Alpine and Tiger racing and rallying fortunes Full specification tables for all models Super specially commissioned color photography and Special feature panels The History of the Sunbeam Alpine John Willshire, 2015-11-15 The full history of the Sunbeam Alpine including its design and racing history NSU Ro80 - The Complete Story Martin Buckley, 2023-02-14 Launched in 1967 the NSU Ro80 had modern aerodynamic styling a technologically advanced Wankel rotary engine and was voted Car of the Year in 1968 However after the initial positive reception the car developed a reputation for unreliability with problems arising as early as 15 000 miles and many vehicles required a rebuilt engine before 30 000 miles Despite the company resolving these reliability issues in both existing and new vehicles and offering a generous warranty the damage to the car's reputation was done The NSU Ro80 is the most celebrated motoring lost cause of the second half of the twentieth century outranking the likes of the Edsel and the DeLorean because unlike those statements of misplaced optimism and ego it was a good car Not just good the NSU Ro80 is one of the great saloons Launched in September 1967 the Ro80 was an all new four door five seater from a West German company that post war had never made anything other than economy runabouts motorcycles and mopeds That alone should have been enough of a risk but this was also the world's first purpose built Wankel engined family saloon This compact refined and elegantly simple power unit was the first really new concept in the realm of internal combustion engines to achieve mass production for ninety years A car like the Ro80 could only really have come from Germany where there was a passion for research and a pride in engineering not found elsewhere in Europe With front wheel drive superb power steering and four wheel disc brakes the car had top handling and driver appeal Quite simply it was a masterpiece considered by many to be the finest vehicle of its type in the world But with one fatal flaw its engine With over 300 archive photographs drawings and diagrams this book tells the story of the NSU *Tiger, an Exceptional Motorcar* William Carroll, 1978 Seldom has the history of any motorcar been so short and exciting as are the collective episodes and happy memories of the Sunbeam Tiger Here is the first and complete story of this delightful British vehicle *Triumph Spitfire and GT6* Richard Dredge, 2014-04-30 For a whole generation of car enthusiasts Triumph was the manufacturer to turn to when buying a sports car Whether it was a Spitfire or GT6 or the more costly TR models this Coventry manufacturer was the sports car king during the twentieth century Now that these machines are fully fledged classics nothing has changed While the Spitfire has the MGB as a formidable adversary the GT6 is still in a class of its own Triumph Spitfire and GT6 details the history and development of these classic cars with

specification guides for each of the five Spitfire derivatives and three GT6 models Topics covered include the development and production of the five Spitfire derivatives from 1962 1980 the Spitfire 4 Mk2 Mk3 MkIV and 1500 the GT6 models from 1966 1973 the Mk1 Mk2 and Mk3 the Spitfire and GT6 in motorsport 24 Hours Le Mans Alpine Rally and Tour de France and racing in the US full buying guide and tips on modifying with colour and trim options and details of optional extras available for each model Also includes an insight into what the press thought of each Spitfire and GT6 derivative with pages devoted to how the cars were marketed Superbly illustrated with 291 colour photographs
