Example in this ebook PART I THE NATIONAL OUTLOOK HIGH POLITICS The pageant of the Victorian age reached its grand climacteric in the period on which we now enter As a drum and trumpet chronicle the history of the eighteen years from 1874 to 1892 was void of any British military operations on the grand scale Of the names Kandahar Maiwand Isandhlwana Majuba Khartoum and Tel el Kebir only the first and last minister to our complacency Yet the achievements of Lord Roberts in the two Afghan campaigns were splendid examples of bold leadership and British endurance and Lord Wolseley's suppression of the revolt of Arabi was more than efficient In the mid seventies Germany came perilously near forcing a fresh war on France but the influence of the British Crown and Government was largely instrumental in averting the calamity We were twice on the verge of war with Russia in 1878 first in April after the Treaty of San Stefano at the close of the Russo Turkish war and second in July over Russia's intervention in Afghanistan The country was divided for while there had been a revival of the old distrust of Russia Gladstone had thrown the whole weight of his influence into the campaign of protest against the Bulgarian atrocities The Government on the whole steered a middle course between the Jingoists and those who supported Gladstone's bag and baggage policy towards the Turks At the height of the Tory Press campaign against Russia Lord Salisbury in a speech in the City observed It has been generally acknowledged to be madness to go to war for an idea but it is yet more unsatisfactory to go to war against a nightmare Punch who was never pro Russian but at the moment was strongly anti Turk interpreted this saying as a caution against Jingo scaremongering In one of the earliest of his cartoons on the possibility of war over the Eastern question he represented Disraeli standing on the edge of a precipice with Britannia asking her to move just a leetle nearer Britannia declines to move one inch farther adding I'm a good deal nearer than is pleasant already But four months later in May 1878 when he showed Britannia between two advisers Disraeli and Bright the former wearing a sword camouflaged with an olive wreath Punch supported neither but applauded the third Voice that of Neutrality Professorial intervention he resented strongly and severely rebuked Freeman the historian for a violent and unpatriotic speech In fine he was equally down on the blatant bunkum of the music halls and the ill considered agitation of fussy Pacificists on War Donkeys and Peace Donkeys Asses are asses whether bound in Lion or in Calf But if in Europe Great Britain never got beyond the stage of naval demonstrations and the summoning of troops from India these eighteen years were not devoid of great as well as spectacular events They opened with the triumphant return to power of Disraeli admirably symbolized in Tenniel's great cartoon of the chariot driver and his fallen rival and with his efforts to translate into practical politics his grandiose doctrines of Imperialism He made the Queen Empress of India he riveted our hold on the Suez Canal by the opportune purchase of the Khedive's shares in 1875 he claimed to have brought back Peace with Honour from the Berlin Congress of

1878 the year which marked the zenith of his power and the beginning of its decline The twelve years that followed Gladstone's success at the polls in 1880 were crowded with momentous events the rise and ferment of the new nationalities abroad the advent of new champions and gladiators in the political arena at home Parnell and Randolph Churchill and Chamberlain To be continued in this ebook      **Mr. Punch's History of Modern England: 1874-1892** Charles Larcom Graves, 1922      **Mr. Punch's History of Modern England** Charles Larcom Graves, 1922      *Punch* Mark Lemon, Henry Mayhew, Tom Taylor, Shirley Brooks, Francis Cowley Burnand, Owen Seaman, 1879      *Sports Talk* Colin McNairn, 2017-02-24

It's game on in uncovering the many sports inspired terms expressions sayings and images that populate our everyday language That's the challenge that this book takes on using a playbook for each sport It kicks off with an opening run through the game of football then it's out of the gate with wire to wire coverage of horse racing After going for the fences and covering all the bases in the sport of baseball the ball is kept rolling despite many a sticky wicket through the long running game of cricket A blow by blow account of the sweet science of boxing is followed by play by play accounts of 35 more sports that have been added to the roster At the finish line the top three sports are scored on their relative contributions to everyday language and declared winners and show The discussion is enlivened by lots of sports humour and anecdotes along with quotations from sports personalities some of which may sound quite familiar much like d j vu all over again      **Mr. Punch's History of Modern England. **I—1841-1857 (of 4 ) (Illustrations)** Charles Larcom Graves ,2014-11-25 Example in this ebook The title of this work indicates at once its main source and its limitations The files of Punch have been generally admitted to be a valuable mine of information on the manners customs and fashions of the Victorian age and of the wealth of material thus provided liberal use has been made But it must not be forgotten that Punch has always been a London paper and that in so far as English life is reflected in his pages London always comes first though in this volume and especially during the Hungry Forties Lancashire comes a very good second For pictures of provincial society such for example as that given in Cranford or in the novels of Trollope or of life in Edinburgh or Dublin the chronicler of Victorian England must look outside Punch The country cousin is not forgotten but for the most part comes into view when he is on a visit to London not when he is on his native heath Yet even with these deductions the amount of material is embarrassingly rich And this is due not only to the multiplicity of subjects treated but to the manner in which they were discussed Of Punch in his early days at any rate the criticism recently applied to Victorian writers in general by a writer in Blackwood holds good They had a great deal to say and they said it

sometimes in too loud a voice Such was their virtue to which their vice was akin Their vice was the vice of rhetoric They fell to the temptation of many words They wrote too often as the tub thumper speaks without much self criticism and with a too fervent desire to be heard immediately and at all costs In the forties Punch doubled the roles of jester and political pamphleteer and in the latter capacity indulged in a great deal of vehement partisan rhetoric The loudest the most passionate and moving as well as the least judicial of his spokesmen was Douglas Jerrold The choice of dividing lines between periods must always be somewhat artificial but I was confirmed in my decision to end the first volume with the year of the Indian Mutiny by the fact that it coincided with the death of Douglas Jerrold who from 1841 to 1857 had more than any other writer been responsible for the Radical and humanitarian views expressed in Punch My task would have been greatly simplified by the exclusion of politics altogether But to do that would have involved the neglect of what is after all perhaps the most interesting and in many ways the most honourable phase of Punch's history his championship of the poor and oppressed and his efforts to bridge the gap between the Two Nations the phrase which was used and justified in the finest passage of Disraeli's *Sybil* and which I have chosen as the title for the first part of the present volume To write a Social History of England at any time without reference to the political background would be difficult it is practically impossible in a chronicle based on Punch in the forties and fifties In the second part I have endeavoured to redress the balance Here one recognizes the advantages of Punch's London outlook in dealing with the Court and fashion and the acute contrasts furnished between Mayfair on the one hand and the suburbs and slums on the other No attempt has been made to represent Punch as infallible whether as a recorder a critic or a prophet He was often wrong unjust and even cruel notably in his view of Peel and Lincoln and in his conduct of the No Popery crusade though he seldom failed to make amends even to the extent of standing in a white sheet over Lincoln's grave To be continue in this ebook
