**Storytellers** Howard J Sherman, 2014-12-18 Illustrated in full color throughout this delightful collection puts the riches of world mythology at the fingertips of students and storytellers alike. It is a treasury of favorite and little known tales from Africa, Asia, Europe, the Americas, Australia, and Oceania, gracefully retold and accompanied by fascinating detailed information on their historic and cultural backgrounds. The introduction provides an informative overview of mythology, its purpose in world cultures, and myth in contemporary society and popular culture. Mythic themes are defined and the often misunderstood difference between myth and legend explained. Following this, the main sections of the book are arranged thematically, covering The Creation, Death and Rebirth, Myths of Origins, Myths of the Gods, and Myths of Heroes. Each section begins by comparing its theme cross culturally, explaining similarities and differences in the mythic narratives. Myths from diverse cultures are then presented, introduced, and retold in a highly readable fashion. A bibliography follows each retelling so readers can find more information on the culture, myth, and deities. Character, geographical, and general indexes round out this volume, and a master bibliography facilitates research. For students, storytellers, or anyone interested in the wealth of world mythology, *Mythology: Stories and Themes from Around the World* provides answers to common research questions, sources for myths and stories that will delight, inform, and captivate.

*Myths and Hero Tales* Agnes Regan Perkins, 1997-11-25 This one-stop cross-cultural selective guide to recent retellings of myths and hero tales for children and young adults will enable teachers and library media specialists to select comparative myths and tales from various, mostly non-European cultures. The focus is on stories from Native America, Asia, Africa, the Middle East, Central and South America, and Oceania. The Guide contains extensively annotated entries on 189 books of retellings of myths and hero tales, both ancient and modern, from around the world published between 1985 and 1996. Represented are 1,455 stories suitable for use with young people from mid-elementary through high school. The entries, arranged alphabetically by writer, contain complete bibliographic data, age and grade levels, and evaluative annotations. Seven indexes: title, author, illustrator, culture, story type, name, and grade level, make searching easy. The story type index will enable teachers to select comparative myths and tales from different cultures on more than 50 types of myths and hero tales. Among the many myth types cited are origin of human beings and the world, comparative social customs and rituals, natural and heavenly phenomena, animal appearance and behavior, searches and quests, and tricksters. Among the hero tale types are fools and buffoons, kings and queens, warriors, monster slayers, important female figures, magicians, voyagers and adventurers, and spiritual leaders. The Guide concludes with a bibliography of retellings published earlier that have come to be considered standard works.
