Contemporary American Literature John Matthews Manly,Edith Rickert,1922 **The Poetry of American Women from 1632 to 1945** Emily Stipes Watts,2014-09-10 American women have created an especially vigorous and innovative poetry beginning in 1632 when Anne Bradstreet set aside her needle and picked up her poet s pen The topics of American women poets have been various their images their own and their modes of expression original Emily Stipes Watts does not imply that the work of American men and that of American women are two different kinds of poetry although they have been

treated as such in the past It is her aim rather to delineate and define the poetic tradition of women as crucial to the understanding of American poetry as a whole By 1850 American women of all colors religions and social classes were writing and publishing poetry Within the critical category of female poetry developed from 1800 to 1850 these women experimented boldly and prepared the way for the achievement of such women as Emily Dickinson in the second half of the nineteenth century Indeed at times for example from 1860 through 1910 it was women who were at the outer edge of prosodic experimentation and innovation in American poetry Moving chronologically Professor Watts broadly characterizes the state of American poetry for each period citing the dominant male poets she then focuses on women contemporaries singling out and analyzing their best work This volume not only brings to light several important women poets but also represents the discovery of a tradition of women writers This is a unique and invaluable contribution to the history of American literature

The Letters of Jean Toomer, 1919-1924 Jean Toomer, 2006 Mark Whalen s compilation offers a vital document for understanding the contexts intellectual debates and tensions undergirding Toomer s work including his simultaneous feelings of attraction to and estrangement from rural southern life the influence of technology on race and urban existence in America and the contradictory pulls of folk culture and modernist experimentation The collection also charts the motives underlying Toomer s abandonment of the style that distinguished Cane and his growing fascination with the teachings of the mystic G I Gurdjieff in 1924
