

Reflection is a useful skill

Reflecting helps you develop your skills and review their effectiveness, rather than just carry on doing things as you have always done them. It is about questioning, in a positive way, what you do and why you do it and then deciding whether there is a better, or more efficient, way of doing it in the future.

Comparative and Decolonial Studies in Philosophy of Education David G. Hebert, 2023-03-18 This book introduces the educational philosophies of notable African and Asian thinkers who tend to be little recognized in Europe and North America It offers specific resources for diversification of higher education curricula The book expands the philosophy of education in clear language to include ideas of major non western educational thinkers who are little discussed in previous publications It includes critical analysis of non western concepts and consideration of their relevance to schools worldwide The book features discussions of how the work of Tagore and postcolonial thinkers offers diverse visions that increasingly inspire a decolonizing approach to education This book offers a unique emphasis on how a decolonized philosophy of education can especially enable a rethinking of approaches to education in arts and humanities subjects Critical Theory and Transformative Learning Wang, Viktor, 2018-06-04 Engaging in genuine dialogue and authentic communication is essential for teachers to assist students' successes and help them further their education through refining critical thinking skills beyond the classroom Critical Theory and Transformative Learning is a critical scholarly resource that examines and contrasts the key concepts related to critical approaches in educational settings Featuring coverage on a broad range of

topics including repressive tolerance online teaching and adult education this book is geared toward educators administrators academicians and researchers seeking current research on transformative learning and addressing the interconnectedness of important theories and praxis The Course Reflection Project Nicole Schonemann, Emily Metzgar, Andrew Libby, 2015-05-01 Service learning is entering a post initiatory phase At tertiary institutions of all types and sizes service learning programs are common and service learning requirements for graduation are growing in popularity Taken together alongside continued faculty interest in effective teaching these factors have raised the visibility and popularity of service learning Now the greater need in service learning is not to prove the need for or efficacy of service learning but to turn the focus squarely back on practice Following established best practice is not enough instructors also need to reflect on how this fits within the specific context and application of each unique course and service learning partnership While there are many excellent resources that detail best practice and showcase exemplary service learning courses faculty reflection and course revision often goes unmentioned In response to the lack of attention on the role of reflection and course revision we convened groups of faculty from a variety of disciplines to reflect deeply on their courses paying specific attention to obstacles and challenges These conversations were converted to articles for this edited collection each chapter representing the process of reflection and revision and serving as a guide to develop effective practice in varied curricular contexts This text contributes to the body of literature on service learning in a unique and practical manner Faculty teaching or interested in teaching service learning classes would benefit from this text as well as university administrators and community service directors involved in service learning at a programmatic and institutional level This book should be marketed to faculty teaching disciplinary service learning classes and service learning pedagogy classes and administrative offices involved in service learning This could be a supplementary text for graduate level pedagogy courses Higher education institutional libraries would benefit from this text as well as the national and state campus compact offices
