Slavery in the History of Muslim Black Africa Humphrey J. Fisher, 2001 Fisher's account explains how slaves came to serve as currency goods eunuchs soldiers and in some cases as statesmen Jacket *The Black Eunuchs of the Ottoman Empire* George H. Junne, 2016-06-22 The Chief Black Eunuch appointed personally by the Sultan had both the ear of the leader of a vast Islamic Empire and held power over a network of spies and informers including eunuchs and slaves throughout Constantinople and beyond The story of these remarkable individuals who rose from difficult beginnings to become amongst the most powerful people in the Ottoman Empire is rarely told George Junne places their stories in the context of the wider history of African slavery and places them at the centre of Ottoman history The Black Eunuchs of the Ottoman Empire marks a new direction in the study of courtly politics and power in Constantinople

Why Slavery Endures David W. Bulla, 2020-11-09 This book examines slavery an antiquated ugly inhumane practice seemingly abolished in the nineteenth century yet never eradicated The legacies of historical slavery have become increasingly subject to public debate manifested in calls for reparations the UNESCO Slave Route Project and in the dismantling of Confederate monuments in the United States NGOs have researched and publicized the extent of contemporary slavery which some of the essays in this collection discuss This area of inquiry intersects with wider debates about the legacies of colonialism and structural racism which could be seen in the Rhodes Must Fall campaigns in South Africa and Oxford NGOs estimate that there are between 21 and 46 million slaves worldwide today The essays gathered here critically examine the historical roots of slavery the issue of reparations and deconstruct contemporary human trafficking

Racial Blackness and Indian Ocean Slavery Parisa Vaziri, 2023-12-26 Rethinking the history of African enslavement in the western Indian Ocean through the lens of Iranian cinema From the East African and

Red Sea coasts to the Persian Gulf ports of Bushihr Kish and Hurmuz sailing and caravan networks supplied Iran and the surrounding regions with African slave labor from antiquity to the nineteenth century This book reveals how Iranian cinema preserves the legacy of this vast and yet long overlooked history that has come to be known as Indian Ocean slavery How does a focus on blackness complicate traditional understandings of history and culture Parisa Vaziri addresses this question by looking at residues of the Indian Ocean slave trade in Iranian films from the second half of the twentieth century Revealing the politicized clash between commercial cinema filmfare and alternative filmmaking the Iranian New Wave she pays particular attention to the healing ritual zar which is both an African slave descendent practice and a constitutive element of Iranian culture as well as to cinematic systems of Persian black play Moving beyond other studies on Indian Ocean and trans Saharan slavery Vaziri highlights the crystallization of a singular mode of historicity within these cinematic examples one of absence that reflects the relative dearth of archival information on the facts surrounding Indian Ocean slavery Bringing together cinema studies Middle East studies Black studies and postcolonial theory Racial Blackness and Indian Ocean Slavery explores African enslavement in the Indian Ocean through the revelatory and little known history of Iranian cinema It shows that Iranian film reveals a resistance to facticity representative of the history of African enslavement in the Indian Ocean and preserves the legacy of African slavery's longue dure in ways that resist its overpowering erasure in the popular and historical imagination Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions **The Legacy of Arab-Islam in Africa** John Allembillah Azumah, 2014-10-01

Thoughtful and challenging this book argues for a reassessment of the role historically played by Islam in Africa and offers new hope for increased mutual understanding between African people of different faiths Drawing on a wealth of sources from the colonial period to the most up to date scholarship the author challenges the widely held perception that while Christianity oppressed and subjugated the African people Islam fitted comfortably into the indigenous landscape Instead this penetrating account reveals Muslim settlers to be as guilty of enforcing slavery and conversion as those of their more maligned sister tradition Only with an acknowledgement of the true roles of both faiths in African history suggests Azumah can the people of both traditions move themselves and their continent towards a new future of tolerance and self awareness

Slavery, Abolition, and Islam Haroon Bashir, 2024-12-02 Does the Qur'an promote the abolition of slavery If so why had the slave trade been allowed to operate across the Muslim world for over a millennium And why had Muslim scholars not attempted to eradicate slavery previously These were the questions that Islamic abolitionist scholars explored as they sought to challenge the slave trade throughout the nineteenth century The abolition of slavery remains a relatively new concept in human history and scholars from all religious traditions have attempted to navigate the religious and ethical questions raised by the historical acceptance of slavery In this book Haroon Bashir tells the story of how scholars promoting abolition in the name of Islam transformed the debate around Islam and slavery The book explores how abolitionism became the hegemonic

position within contemporary Islamic thought and highlights the journey behind the current consensus Abolitionist arguments were not simply accepted with defenders of the slave trade using the weight of historical tradition to emphasise the legitimacy of slavery The strongly contested debates that ensued had huge ramifications for understandings of authority tradition and modernity within Islamic thought that are as present as they are past Through an exploration of these various discourses and contestations Slavery Abolition and Islam highlights how both slavery and abolition were historically challenged within the Islamic context and demonstrates how those debates continue to impact contemporary discussions In doing so the book also explores broader themes of religious traditions continuity and transformation

A History of Race in Muslim West Africa, 1600-1960 Bruce S. Hall, 2011-06-06 The mobilization of local ideas about racial difference has been important in generating and intensifying civil wars that have occurred since the end of colonial rule in all of the countries that straddle the southern edge of the Sahara Desert From Sudan to Mauritania the racial categories deployed in contemporary conflicts often harken back to an older history in which blackness could be equated with slavery and non blackness with predatory and uncivilized banditry This book traces the development of arguments about race over a period of more than 350 years in one important place along the southern edge of the Sahara Desert the Niger Bend in northern Mali Using Arabic documents held in Timbuktu as well as local colonial sources in French and oral interviews Bruce S Hall reconstructs an African intellectual history of race that long predated colonial conquest and which has continued to orient inter African relations ever since

Black and Slave David M. Goldenberg, 2017-05-22 Studies of the Curse of Ham the belief that the Bible consigned blacks to everlasting servitude confuse and conflate two separate origins stories etiologies one of black skin and the other of black slavery This work unravels the etiologies and shows how the Curse an etiology of black slavery evolved from an earlier etiology explaining the existence of dark skinned people We see when where why and how an original mythic tale of black origins morphed into a story of the origins of black slavery and how in turn the second then supplanted the first as an explanation for black skin In the process we see how formulations of the Curse changed over time depending on the historical and social contexts reflecting and refashioning the way blackness and blacks were perceived In particular two significant developments are uncovered First a curse of slavery originally said to affect various dark skinned peoples was eventually applied most commonly to black Africans Second blackness originally incidental to the curse in time became part of the curse itself Dark skin now became an intentional marker of servitude the visible sign of the blacks degradation and in the process deprecating black skin itself
