Slavs Beneath Parnassus:

The Slavs Beneath Parnassus Miodrag Pavlović, 1985 *The Slavs Beneath Parnassus* Miodrag Pavlović, 1985 The Columbia Guide to the Literatures of Eastern Europe Since 1945 Harold B. Segel, 2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes when examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers Only the Nails Remain Christopher Merrill, 2001-10-23 Chronicles Merrill's ten war time journeys to the Balkans from the years 1992 through 1996 At once a travelogue a book of war reportage and a biography of the imagination under siege this personal narrative takes the reader along on the author's journeys to all the provinces and republics of the former Yugoslavia Bosnia Herzegovina Croatia Kosovo Macedonia Montenegro Serbia Slovenia and Vojvodina as well as to Albania Austria Bulgaria Greece Hungary Italy and Turkey Merrill's journeys provide the narrative structure for an exploration of the roles and responsibility of intellectuals caught up in a decisive historical moment many of whom either helped to incite the war or else bore eloquent witness to its carnage He offers a literary meditation on war a portrait of the poetry politics and the people of the Balkans that will provide insight into the past present and future of those war torn lands Adapted from publisher description **Anglicans and Orthodox** Judith Pinnington, 2003 The story of the early Episcopal Orthodox encounter **A Cultural History of Serbia** David A. Norris, 2024-03-05 This volume focuses on Serbia's need to manage change while preserving community identities a narrative that avoids the common depiction of Serbian culture as a hostile struggle between modernizers supporting foreign models and traditionalists advocating forms of national cultural patrimony Traditions only function if they are allowed to bend to the necessary modifications demanded by a community's changing historical circumstances Tradition and change are two sides of the same coin which Serbia in its many different incarnations has experienced over the centuries protecting its national heritage while borrowing and adapting intellectual and other trends from Byzantine Ottoman and Western sources Outside influences have been imposed as a direct result of foreign rule or through more friendly channels of communication leading to a complex relationship between autochthonous and alien elements in Serbian society and culture This book argues that the division between the national and international frameworks has often been a false dichotomy with outside features embedded in domestic symbolic capital and Serbian culture simultaneously determined on local national regional and global levels David A Norris's approach offers a new perspective to students academics and general readers interested in the history of Serbia's participation in the broad networks of cultural exchange *Bannockburns* Robert Crawford, 2014-01-14 Poet and critic Robert Crawford explores in

eloquent detail the literary cultural background to Scottish nationalism in the lead up to the referendum on independence for Scotland from the United Kingdom in September 2014 He begins with the totemic Battle of Bannockburn in 1314 in which the Scots routed the English and preserved their independence until the two nations parliaments united in 1707 Paying particular attention to Robert Burns and continuing up to the present day he examines how writers have set out in poetry fiction plays and on film the ideal of Scottish independence Publication coincides with the 700 year anniversary of the Battle of Bannockburn

provides the background for a better understanding of the new Eastern Europe The Battle of Kosovo John Matthias, Vladeta Vuckovic, 1987 The Battle of Kosovo, 1987 Presents a translation of a cycle of heroic ballads considered the finest work of Serbian folk poetry Commemorating the Serbian Empire's defeat at the hands of the Turks in the late 14th century these poems and fragments have been known for centuries in Eastern Europe First published in 1987 this translation is now reprinted because of its intrinsic merits and because the recent crisis in Kosovo compels the world to understand the nature of the ancient conflicts and passions that fuel it This reprint includes a new afterword explaining the importance of this poetry in the context of NATO's first military action against a sovereign nation The translators are professors of English and mathematics at the University of Notre Dame Annotation copyrighted by Book News Inc Portland OR *Whitaker's Cumulative Book List*, 1986
