David Gozal, Leila Kheirandish-Gozal, 2021-04-15 This book provides comprehensive coverage of all aspects related to pediatric sleep and its associated disorders. It addresses the ontogeny and maturational aspects of physiological sleep and circadian rhythms as well as the effects of sleep on the various organ systems as a function of development. Organized into nine sections, the book begins with a basic introduction to sleep and proceeds into an extensive coverage of normative sleep and functional homeostasis. Part three then concisely examines the humoral and developmental aspects of sleep, namely the emerging role of metabolic tissue and the intestinal microbiota in regulation. Parts four, five, and six discuss diagnoses, methods, techniques in sleep measurement, and specific aspects of pharmacotherapy and ventilator support for the pediatric patient. Various sleep disorders are explored in part seven, followed by an in-depth analysis of obstructive sleep apnea in part eight. The book concludes with discussions on the presence of sleep issues in other disorders such as Down syndrome, obesity, cystic fibrosis, and asthma. Written by recognized leaders in the field, Pediatric Sleep Medicine facilitates an extensive learning experience for practicing physicians who encounter specific sleep-related issues in their practice. **Mourning**

This new edition of the novella contains more than 100 pages of bonus material, including a deleted scene from *Kiss of the Highlander*, a proposal for a never-published romance, an alternate opening version of *The Dark Highlander*, a sneak peek at art from the upcoming graphic novel *Fever Moon*. For the first time in hardcover, here is 1 New York Times bestselling author Karen Marie Moning's novella *Into the Dreaming*, a tale of Highland fantasy, star-crossed lovers, and the timeless manipulation of the ancient immortal Unseelie king. This is Moning at her romantic, funniest, finest. Free him from his ice-borne hell. Stolen from his beloved home in the Highlands of Scotland, imprisoned in the Unseelie king's dark, frosty kingdom, Aedan MacKinnon endured centuries of torture before becoming the icy, emotionless Vengeance, the dark king's dispatcher of death and destruction in the mortal realm. And in his century, you both may dwell. Aspiring romance novelist Jane Sillee has always believed that she was born in the wrong century, but she's managed to make a decent enough life for herself if only she could stop having those recurring dreams about a man too perfect to exist. In *The Dreaming*, you have loved him. Haunted every night of her life by a devastatingly sexy Highlander who comes to her while she sleeps, Jane tries to write him out of her head and heart. As a child, he protected her; as a woman, he loves her. Now, in *The Waking*, you must save him. When an ancient tapestry bearing the likeness of her beloved Highlander arrives on her doorstep, Jane is whisked back in time to fifteenth-century Scotland to the castle of Dun Haakon on the isle of Skye, where she is given one chance to save her dream lover or lose him forever to the Unseelie king. Caught in a deadly game between the light and dark courts of the Fae,

Jane must find a way through the ice to the heart of her Highlander But will the love of one mortal woman be enough to defeat such ancient and ruthless immortal enemies
