Sleepwalking Through History America In The Reagan Years

James T. Patterson

Sleepwalking Through History America In The Reagan Years:

Sleepwalking Through History Haynes Johnson, 2003 National bestseller In this brilliantly readable book a Pulitzer Prize winning journalist chronicles the Reagan decade when America fell from dominant world power to struggling debtor nation and when optimism turned to foreboding In human terms and living case histories Haynes Johnson captures the drama and tragedy of an era nurtured by greed and a morality that found virtue in not getting caught It is morning again in America Reagan s campaign commercials told us and for too long we embraced that convenient lie Indeed the problems that came to plague us in that decade are with us even more today as Johnson memorably demonstrates in his afterword Notes on an Era written especially for this new paperback reissue This book will remain a signature work of political analysis for years to come *Sleepwalking through history* ,1992 Subverting Mainstream Narratives in the Reagan Era Ashley M.

Donnelly, 2018-03-23 *Subverting Mainstream Narratives in the Reagan Era* explores how artists novelists and directors were able to present narratives of strong dissent in popular culture during the Reagan Era Using but subverting the tools of mainstream novels and films these visionaries works were featured alongside other books in major bookstores and promoted alongside blockbusters in movie theatres across the country Ashley M Donnelly discusses how the artists accomplished this why it is so important and how new artists can use these techniques in today s homogenous and mundane media

Deconstructing Reagan Kyle Longley, Jeremy Mayer, Michael Schaller, John W. Sloan, 2015-01-28 Although he left office nearly 20 years ago Ronald Reagan remains a potent symbol for the conservative movement The Bush administration frequently invokes his legacy as it formulates and promotes its fiscal domestic and foreign policies His name is watchword for campus conservatives who regard him in a way that borders on hero worship Conservative media pundits often equate the term Reagan esque with personal honor fiscal rectitude and unqualified success in dealing with foreign threats But how much of the Reagan legacy is based on fact how much on idealized myth And what are the reasons political and otherwise behind the mythmaking *Deconstructing Reagan* is a fascinating study of the interplay of politics and memory concerning our fortieth president While giving credit where credit is due the authors scrutinize key aspects of the Reagan legacy and the conservative mythology that surrounds it **The Reagan Era** Doug Rossinow, 2015-02-24 In this concise but thorough

history of America in the 1980s Doug Rossinow takes the full measure of Ronald Reagan s presidency and the ideology of Reaganism Believers in libertarian economics and a muscular foreign policy Reaganite conservatives in the 1980s achieved impressive success in their efforts to transform American government politics and society ushering in the political and social system Americans inhabit today Rossinow links current trends in economic inequality to the policies and social developments of the Reagan era He reckons with the racial politics of Reaganism and its debt to the backlash generated by the civil rights movement as well as Reaganism s entanglement with the politics of crime and the rise of mass incarceration Rossinow narrates the conflicts that rocked U S foreign policy toward Central America and he explains the role of the recession in the

early 1980s in the decline of manufacturing and the growth of a service economy From the widening gender gap to the triumph of yuppies and rap music from Reagan s tax cuts and military buildup to the celebrity of Michael Jackson and Madonna from the era s Wall Street scandals to the successes of Bill Gates and Sam Walton from the first war on terror to the end of the Cold War and the brink of America s first war with Iraq this history lively and readable yet sober and unsparing gives readers vital perspective on a decade that dramatically altered the American landscape

Historical Dictionary of the Reagan-Bush Era Richard S. Conley,2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett s classic play *Waiting for Godot* many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of *Historical Dictionary of the Reagan Bush Era* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era

American Culture in the 1980s Graham Thompson,2007-03-13 This book looks beyond the common label of Ronald Reagan s America to chart the complex intersection of cultures in the 1980s In doing so it provides an insightful account of the major cultural forms of 1980s America literature and drama film and television music and performance art and photography and influential texts and trends of the decade from *White Noise* to Wall Street from Silicon Valley to MTV and from Madonna to Cindy Sherman A focused chapter considers the changing dynamics of American culture in an increasingly globalised marketplace

A Companion to Ronald Reagan Andrew L. Johns,2015-04-20 A Companion to Ronald Reagan evaluates in unprecedented detail the events policies politics and people of Reagan s administration It assesses the scope and influence of his various careers within the context of the times providing wide ranging coverage of his administration and his legacy Assesses Reagan and his impact on the development of the United States based on new documentary evidence and engagement with the most recent secondary literature Offers a mix of historiographic chapters devoted to foreign and domestic policy with topics integrated thematically and chronologically Includes a section on key figures associated politically and personally with Reagan

Excellence for All Jack Schneider,2010 *Excellence For All American Education Reform 1983 2008* examines the history of school reform in the United States over the past quarter century Specifically the work examines an approach to educational change best characterized by the phrase excellence for all an equity focused policy phenomenon uniquely situated for the policymaking context of the late twentieth and early twenty first centuries The idea of promoting excellence for all students united a broad enough coalition to pursue a truly national reform effort and captured the imaginations of

leaders in state and local government at philanthropic foundations in colleges and universities and in school districts across the country Led by a corps of self styled educational entrepreneurs aggressively pursuing reforms that they could take to scale the movement sought to remake the American high school piece by piece The dissertation examines this reform movement through the nation s three largest districts New York Chicago and Los Angeles and through three particular change efforts a physical plant reform the small schools movement a personnel reform Teach For America and a curricular reform the Advanced Placement Program The work aims to establish the ways in which this most recent era of school reform represented a departure from previous reform eras strives to explain the movement s broad appeal and ultimately aims to understand its shortcomings by exploring the assumptions underlying the excellence for all approach and the tradeoffs required by it

Historical Dictionary of U.S. Diplomacy during the Cold War Martin Folly,2014-11-13 This Historical Dictionary of U S Diplomacy during the Cold War offers readers a comprehensive accessible survey of the principal actors and events involved in the making of United States foreign policy during a crucial period in the nation s history The Cold War saw the United States acquire superpower status and to be closely involved in events around the globe Foreign policy became a central issue in domestic politics The confrontations with the Union of Soviet Socialist Republics and its allies and satellites and with the forces of international communism dominated U S interactions with the world throughout this period This book covers this turbulent period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on key persons policies events institutions and organizations along with issues such as the division of Germany after World War II the creation of the People s Republic of China European economic recovery communist movements in the third worlds decolonization the Vietnam War and the nuclear arms race This book is an excellent access point for students researchers and anyone wanting to know more about U S diplomacy during the cold war

Crucible of Power Howard Jones,2009 Employing a narrative approach that uncovers the tangled and often confusing nature of foreign affairs Crucible of Power focuses on the personalities security interests and post war Cold War tendencies behind the formulation and implementation of U S foreign policy since 1945 The book includes updated coverage of the Bush administration s foreign policy with particular emphasis on the Middle East Selections from key foreign policy documents appear in each chapter

Restless Giant James T. Patterson,2005-09-23 In Restless Giant acclaimed historical author James Patterson provides a crisp concise assessment of the twenty seven years between the resignation of Richard Nixon and the election of George W Bush in a sweeping narrative that seamlessly weaves together social cultural political economic and international developments We meet the era s many memorable figures and explore the culture wars between liberals and conservatives that appeared to split the country in two Patterson describes how America began facing bewildering developments in places such as Panama Somalia Bosnia and Iraq and discovered that it was far from easy to direct the outcome of global events and at times even harder for political parties to reach a consensus over what attempts

should be made At the same time domestic issues such as the persistence of racial tensions high divorce rates alarm over crime and urban decay led many in the media to portray the era as one of decline Patterson offers a more positive perspective arguing that despite our often unmet expectations we were in many ways better off than we thought By 2000 most Americans lived more comfortably than they had in the 1970s and though bigotry and discrimination were far from extinct a powerful rights consciousness insured that these were less pervasive in American life than at any time in the past With insightful analyses and engaging prose *Restless Giant* captures this period of American history in a way that no other book has illuminating the road that the United States traveled from the dismal days of the mid 1970s through the hotly contested election of 2000

The Oxford History of the United States The Oxford History of the United States is the most respected multi volume history of our nation The series includes three Pulitzer Prize winners a New York Times bestseller and winners of the Bancroft and Parkman Prizes The Atlantic Monthly has praised it as the most distinguished series in American historical scholarship a series that synthesizes a generation s worth of historical inquiry and knowledge into one literally state of the art book Conceived under the general editorship of C Vann Woodward and Richard Hofstadter and now under the editorship of David M Kennedy this renowned series blends social political economic cultural diplomatic and military history into coherent and vividly written narrative

Conservative Conservationist J. Brooks Flippen, 2006-09 In the history of American environmentalism Russell E Train plays a starring role Few individuals have been so influential in creating the United States environmental policies and encouraging conservation efforts around the world In this absorbing new biography J Brooks Flippen describes Train s significance within the fascinating history of the contemporary environmental movement A lifelong Republican Train left a successful judicial career to found the African Wildlife Leadership Foundation As the problems of pollution and unrestrained growth became apparent he adopted a more ecological approach to nature and became a leader of the emerging environmental movement of the 1960s He soon headed the Conservation Foundation one of the first organizations to appreciate that humans represent only one strand in the web of life President Richard Nixon appointed Train as the initial chairman of the Council on Environmental Quality just as the country celebrated its first Earth Day There he helped craft the most important environmental legislation in U S history After three years he became administrator of the Environmental Protection Agency enforcing regulations during the Energy Crisis and much of the troubled 1970s With the election of Democrat Jimmy Carter Train returned to the private sector as head of the American affiliate of the World Wildlife Fund He found himself increasingly at odds with many Republicans as a new more ideological brand of conservatism grew and bipartisanship faded Train s Republican credentials and environmental advocacy made him a vestige of the past and in a sense a hope for the future Given complete access to the personal papers and recollections of Russell Train Flippen casts an unbiased eye on this remarkable man and the causes he has so fervently promoted Of a prominent Washington family Train has known every president from Herbert Hoover to George W Bush His life and career

illustrate the political dynamics of modern environmentalism and illuminate the insider culture of Washington D C

American Empire Joshua Freeman,2012-08-02 A compelling look at the movements and developments that propelled America to world dominance In this landmark work acclaimed historian Joshua Freeman has created an epic portrait of a nation both galvanized by change and driven by conflict Beginning in 1945 the economic juggernaut awakened by World War II transformed a country once defined by its regional character into a uniform and cohesive power and set the stage for the United States rise to global dominance Meanwhile Freeman locates the profound tragedy that has shaped the path of American civic life unfolding how the civil rights and labor movements worked for decades to enlarge the rights of millions of Americans only to watch power ultimately slip from individual citizens to private corporations Moving through McCarthyism and Vietnam from the Great Society to Morning in America Joshua Freeman s sweeping story of a nation s rise reveals forces at play that will continue to affect the future role of American influence and might in the greater world *Ronald Reagan and the Politics of Freedom* Andrew Busch,2001 In Ronald Reagan and the Politics of Freedom Andrew E Busch goes beyond economic and foreign policies to examine Reagan s understanding of statesmanship Busch analyzes Reagan s conscious attempt to strengthen the separation of powers federalism and traditional rhetoric and his efforts to revive the notion of limited government in a Constitutional Republic In this important new study Busch concludes that Ronald Reagan s politics of freedom found in his discourse policy and coalition building achieved significant successes in the 1980s and beyond **US Foreign Policy and Democracy Promotion** Michael Cox,Timothy J. Lynch,Nicolas Bouchet,2013-04-17 The promotion of democracy by the United States became highly controversial during the presidency of George W Bush The wars in Iraq and Afghanistan were widely perceived as failed attempts at enforced democratization sufficient that Barack Obama has felt compelled to downplay the rhetoric of democracy and freedom in his foreign policy This collection seeks to establish whether a democracy promotion tradition exists or ever existed in US foreign policy and how far Obama and his predecessors conformed to or repudiated it For more than a century at least American presidents have been driven by deep historical and ideological forces to conceive US foreign policy in part through the lens of democracy promotion Debating how far democratic aspirations have been realized in actual foreign policies this book draws together concise studies from many of the leading academic experts in the field to evaluate whether or not these efforts were successful in promoting democratization abroad They clash over whether democracy promotion is an appropriate goal of US foreign policy and whether America has gained anything from it Offering an important contribution to the field this work is essential reading for all students and scholars of US foreign policy American politics and international relations Way Out There In the Blue Frances FitzGerald,2001-02-21 Way Out There in the Blue is a major work of history by the Pulitzer Prize winning author of Fire in the Lake Using the Star Wars missile defense program as a magnifying glass on his presidency Frances FitzGerald gives us a wholly original portrait of Ronald Reagan the most puzzling president of the last half of the twentieth century

Reagan's presidency and the man himself have always been difficult to fathom. His influence was enormous and the few powerful ideas he espoused remain with us still yet he seemed nothing more than a charming simple minded inattentive actor. FitzGerald shows us a Reagan far more complex than the man we thought we knew. A master of the American language and of self presentation the greatest storyteller ever to occupy the Oval Office Reagan created a compelling public persona that bore little relationship to himself. The real Ronald Reagan the Reagan who emerges from FitzGerald's book was a gifted politician with a deep understanding of the American national psyche and at the same time an executive almost totally disengaged from the policies of his administration and from the people who surrounded him. The idea that America should have an impregnable shield against nuclear weapons was Reagan's invention. His famous Star Wars speech in which he promised us such a shield and called upon scientists to produce it gave rise to the Strategic Defense Initiative. Reagan used his sure understanding of American mythology history and politics to persuade the country that a perfect defense against Soviet nuclear weapons would be possible even though the technology did not exist and was not remotely feasible. His idea turned into a multibillion dollar research program. SDI played a central role in U S Soviet relations at a crucial juncture in the Cold War and in a different form it survives to this day. Drawing on prodigious research including interviews with the participants FitzGerald offers new insights into American foreign policy in the Reagan era. She gives us revealing portraits of major players in Reagan's administration including George Shultz Caspar Weinberger Donald Regan and Paul Nitze and she provides a radically new view of what happened at the Reagan Gorbachev summits in Geneva Reykjavik Washington and Moscow. FitzGerald describes the fierce battles among Reagan's advisers and the frightening increase of Cold War tensions during Reagan's first term. She shows how the president who presided over the greatest peacetime military buildup came to espouse the elimination of nuclear weapons and how the man who insisted that the Soviet Union was an evil empire came to embrace the Soviet leader Mikhail Gorbachev and to proclaim an end to the Cold War long before most in Washington understood that it had ended. *Way Out There in the Blue* is a ground breaking history of the American side of the end of the Cold War. Both appalling and funny it is a black comedy in which Reagan playing the role he wrote for himself is the hero.

Living in the Eighties Gil Troy, Vincent J. Cannato, 2009-10-22 In this volume in the Viewpoints on American Culture series senior and junior scholars as well as one former Reagan official and a leading record executive assess the cultural social economic and political significance of the 1980s. **The Enduring Reagan** Hugh Heclo, James W. Ceaser, George H. Nash, Stephen F. Knott, Paul G. Kengor, Andrew E. Busch, Stephen F. Hayward, Michael Barone, 2009-09-04 Essays on the fortieth president and how he changed our world. Hands down the finest compilation on Ronald Reagan that exists. Robert G. Kaufman author of *In Defense of the Bush Doctrine*. A former Sunday school teacher and Hollywood actor Ronald Reagan was an unlikely candidate for president but his charisma conviction and leadership earned him the governorship of California from which he launched his successful bid to become the fortieth president of the United States in 1980. Reagan's political

legacy continues to be the standard by which all conservatives are judged In *The Enduring Reagan* editor Charles W Dunn brings together eight prominent scholars to examine the political career and legacy of Ronald Reagan This anthology offers a bold reassessment of the Reagan years and the impact they had on the United States and the world Includes contributions by Charles W Dunn Hugh Heclo James W Ceaser George H Nash Stephen F Knott Paul G Kengor Andrew E Busch Steven F Hayward Michael Barone *America* James A. Henretta, Rebecca Edwards, Robert O. Self, 2012-01-09 With fresh interpretations from two new authors wholly reconceived themes and a wealth of cutting edge scholarship the Fifth Edition of *America A Concise History* is designed to work perfectly with the way you teach the survey today Building on the book's hallmark strengths balance explanatory power and a brief yet comprehensive narrative as well as its outstanding full color visuals and built in primary sources authors James Henretta Rebecca Edwards and Robert Self have shaped *America* into the ideal brief book for the modern survey course at a value that can't be beat Read the preface
