Los Angeles School Journal, 1925 **New York School Journal**, 1901 **From Darkness to Light** Denis Ivic, 2021-10-22 This book is intended to be an encouragement to all readers that no matter how difficult life is we can always trust the Lord and know that He will be there for us and help us through tough times As you read my story you will see that I had a very difficult childhood with abuse and a self destructing young adulthood with alcoholism and constant fighting However with God's help I was able to run away from darkness and find shelter in His mercy Throughout my life I have had a lot of fear sadness and depression because of my father's abuse but God was always there with me Although during my childhood I did not believe in God now I know that He protected me all the time I could have died many times due to the abuse but I am still alive When I learned about God and accepted Him as my personal Savior my life took a 180 degree turn for the better From a drunkard and a street fighter I became a sincere Christian who loves everybody God also blessed me with a wonderful wife and I am so thankful for that I cannot praise the Lord enough for all the things that He has done for me With the Lord's help I was able to overcome the difficulties I did it and you can do it too Just believe in Jesus as your personal Savior and you will see the positive changes in your life Keeping Them Out of the Hands of Satan Susan Rose, 2017-04-28 First published in 1988 this work was the product of extensive fieldwork in two evangelical communities This in depth ethnographic study focuses on the meaning systems organizational structures and the daily lives of the people Susan D Rose encountered The study is centred around Christian schooling as a method of socialisation Tracing the rise of evangelicalism and the development of the Christian School Movement in the latter half of the twentieth century it examines the kinds of educational alternatives evangelicals have structured for their children Moving beyond the issue of schooling itself it analyses the interactions among schooling ideology economic structures and the nature of work in contemporary American society and explores how people relate to one another within the church family school network It addresses the provocative question of why evangelicalism a self proclaimed conservative reactionary movement held so much appeal for so many Americans at the time of publication This work will be of particular interest to those studying education and religion and education in the U S A **Bulletin**, 1915 **Bulletin - Bureau of Education** United States.
