Teaching reading to children in a language that is not their own is a daunting task. *Balancing Reading and Language Learning: A Resource for Teaching English Language Learners K-5* provides the strategies proven to be effective in a balanced reading program while at the same time valuing the native culture and first language skills of the English language learner. Combining the best classroom practices and research on teaching reading and language acquisition, author Mary Cappellini integrates effective reading instruction with effective language instruction. Through the framework of a balanced reading program, she emphasizes the importance of constantly listening for and assessing children's language and reading strategies during read aloud, shared reading, guided reading, and independent reading, including literature circles. Included in this text are: How to set up an environment that will allow all English language learners to succeed; Stages of English language proficiency and stages of reading development; how they compare and how to use them to assess and plan for individual children; A focus on tapping into children's prior knowledge in their primary language while teaching reading in English; and using Spanish-English cognates to help develop academic language. A collection of in-depth lessons and mini-lessons based on children's language proficiency and reading strategy needs, with ongoing assessment, teacher reflection, and with an emphasis on choosing the right books to match their reading and language level. How to manage numerous guided reading groups with children of all stages of reading and language proficiency. Thematic planning with sample units for primary and upper grades to support academic language and meet content standards. Ideas for literacy evenings, school tours, and other events to involve parents with the learning community. Extensive resources, numerous forms and checklists, observation sheets, planning sheets, literature response sheets, focus sheets for shared and guided reading, and more. Bubble Trouble Wendy Wan-Long Shang, 2023-07-18
 Award-winning author Wendy Wan

Long Shang brews a frothy and bright story filled with humor and heart about friendship first crushes and finding one's own way in Bubble Trouble. How many problems can a delicious cup of bubble tea cause? Plenty if you're Chloe Wong. For starters, Chloe wants to go on the class trip to Broadway, an expense Chloe's not sure she and her dad can afford since her mom passed away, and those yummy cups of boba cost money. And then there's the fact that the incorrigible Henry Lee is the boba master at Tea Palace, and when he's not annoying Chloe, he's usually coming up with the perfect drink for every occasion. For Chloe, lover of neatness and control, the arrival of bubble tea is nothing but trouble. But bubble tea really wreaks havoc when Chloe finds herself banned from Tea Palace for dumping boba on someone who really deserved it. She comes up with the idea to make her own boba and sell it with the help of her best friend Sabrina, her inventor dad, and whether she wants it or not, her rescue dog. Suddenly, neatnik Chloe will have to contend with sticky drinks, the complications of running her own business, and maybe the messiness of admitting that she actually likes someone. Will Chloe be able to step out of the bubble she has built around herself and into an exciting new adventure to go along with her boba tea? *Lessons* Bonnie Geisert, 2005. Following their infant son's sudden death, a farm couple is denied a Christian burial for him, and this secret continues to haunt the father after his second son is born. *The Bane of My Life - A Dad's Diary* Darren Bane, 2018-02-05. Matthew was born three months early and spent the first six months of his life at St Michael's Hospital in Bristol, England, which specialises in caring for premature and critically ill newborns. This record of the emotional rollercoaster his parents experienced may give other parents of premature babies an idea of what to expect and to inspire them to find the strength to believe that where there's life, there's hope, because sometimes miracles do happen. *A Message to a Fatherless Generation* Shafeeq Ameen PhD, 2020-07-08. With the devastating impact of absent fathers in the lives of their sons, Shafeeq Ameen takes a compelling look at the pathology of violent young men who are disrespectful of women and authority figures and juxtapose those images with a generation of fragile individuals desperate to reconnect with a missing part of themselves. After thirty years in the classroom, witnessing first hand the destructive consequences of absent fathers in the lives of their sons, *A Message to a Fatherless Generation* addresses this issue head on and gives researched-based solutions along with real-life scenarios to help shine a spotlight on a problem that is destroying the lives of young men who will always feel a sense of loss and insecurity without having an involved father back in their lives. **Ameri-Scares Washington: The Deep Dark Down** Elizabeth Massie, 2020-12-18. Thirteen-year-old Anya Sullivan dreams of being an actress. Her twin, Austin, loves creating his own superhero comic books. While out by the pond in the woods taking reference photos for Austin's newest comic, the twins discover a hole that has been covered up for more than a hundred years. Wondering how deep it is, Austin drops a plank of wood down the hole. They hear no echo and guess it goes down a very long way. The twins think little about it and leave the pond. However, the very same plank of wood shows up that night at their home. Did Donnie Kent, the creepy neighbor kid, manage somehow to pull it out and then leave it where the twins could find it in hopes of scaring them? Or did the plank crawl

there on its own Over the next two days things that shouldn't be alive become alive and some of the things are terrifying and vicious Researching on the computer Austin and Anya learn about the scientist who long ago had owned the land with the pond And he knew the dark secrets of the mysterious deep hole But before the twins can properly seal the hole up again Anya finds herself in a terrifying situation in which only her courage and skill as an actress can save her from certain doom

A Fraction of the Whole Steve Toltz, 2008-02-12 Meet the Deans The fact is the whole of Australia despises my father more than any other man just as they adore my uncle more than any other man I might as well set the story straight about both of them Heroes or Criminals Crackpots or Visionaries Families or Enemies Anyway you know how it is Every family has a story like this one Most of his life Jasper Dean couldn't decide whether to pity hate love or murder his certifiably paranoid father Martin a man who overanalyzed anything and everything and imparted his self-garnered wisdom to his only son But now that Martin is dead Jasper can fully reflect on the crackpot who raised him in intellectual captivity and what he realizes is that for all its lunacy theirs was a grand adventure As he recollects the events that led to his father's demise Jasper recounts a boyhood of outrageous schemes and shocking discoveries about his infamous outlaw uncle Terry his mysteriously absent European mother and Martin's constant losing battle to make a lasting mark on the world he so disdains It's a story that takes them from the Australian bush to the cafes of bohemian Paris from the Thai jungle to strip clubs asylums labyrinths and criminal lairs and from the highs of first love to the lows of failed ambition The result is a rollicking rollercoaster ride from obscurity to infamy and the moving memorable story of a father and son whose spiritual symmetry transcends all their many shortcomings A Fraction of the Whole is an uproarious indictment of the modern world and its mores and the epic debut of the blisteringly funny and talented Steve Toltz
